Motorcycle Rams Pole; Auto Rolls

A motorcycle and automobile, racing through post-midnight fog on Novato Boulevard, carried one Novato man to his death and another to serious injury early today.

Killed when his motorcycle slammed into a utility pole near Eucalyptus Avenue was Bobby Joe Winters, 23, of 1771 Grant Avenue, Apt. 7.

Seriously injured when his car left the road and rolled end-over-end for almost 200 feet through an open field was Robert Elmer Upchurch, 26, of Apt 8 at the same address. He was reported in fair condition today at Novato General Hospital, with a broken pelvis.

AT APARTMENT

Winters, Upchurch, and Richard J. Chiddix, 21, of Apt. 15 at 17771 Grant Avenue drank together last night in a Novato bar, reported Officer Newton (Joe) Prince of the California Highway Patrol, who investigated the two crashes. They returned to the apartment house, then went out about 1 a.m. "to do some drag racing," Prince was told.

They drove — Winters on his motorcycle, Upchurch and Chiddix each in his own car — to Stafford Lake, then headed back east on Novato Boulevard. That was about 1:10 a.m.

On an "S" curve near San Marin Drive Upchurch's speeding car went into a skid. It left 400 feet of skid marks, Officer Prince reported, then went into a spin for another 225 feet, went off two-lane road into a ditch, flipped over, and rolled end-over-end through the field. The battery, thrown out, was found 60 feet beyond the car.

IN THE FOG

The highway patrol estimated the car's speed at 90 miles per hour.

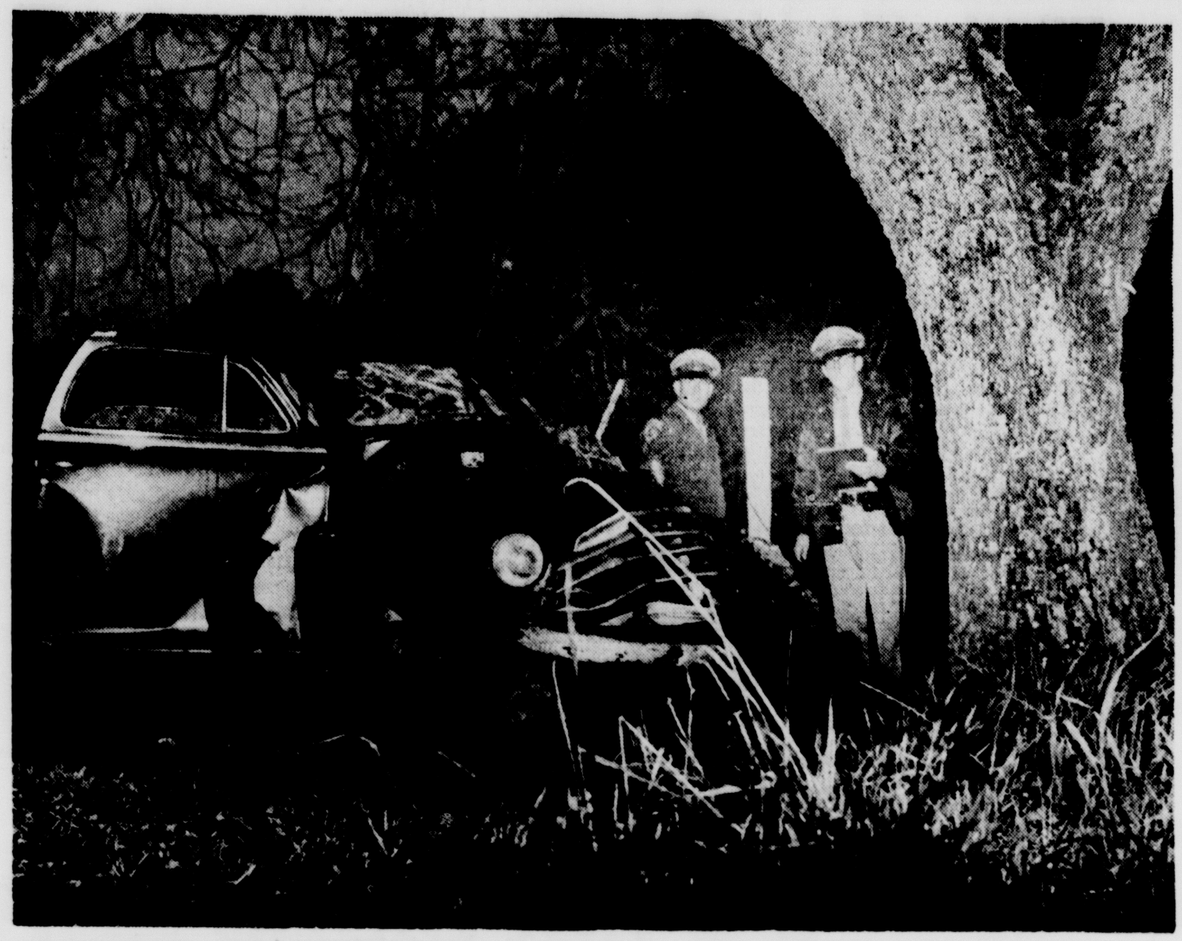

Winters and Chiddix were somewhere behind. In the darkness and fog, they passed the crash scene, unaware of what had happened to Upchurch.

Near Eucalyptus Avenue, Winters' motorcycle skidded across the road and slammed into a pole. It hit with such force that ignition button of the motorcycle, and a bone of Winters' leg, were imbedded into the pole.

Chiddix stopped immediately, picked Winters up and drove with him to Novato General Hospital. But Winters was dead.

The highway patrol, notfied by Novato police, had to search the area to find the wrecked motorcycle. They found it at

DRAG RACE WRECK—Robert Elmer Upchurch, 26, of Novato lay nearly six hours in this wrecked car in field beside Novato Boulevard after his auto left road in what apparently started as a drag race with another car and a motorcycle. Upchurch was seriously injured. The motorcycle rider died in another crash.

Night Of Terror As Hoodlums Set Marin City Fires

By ROBERT STREBEIGH

A crowd of young hoodlums, setting fires, hurling rocks and shouting obscenities at firemen and sheriff's deputies, kept Marin City in an uproar last night.

Five fires were set between 9:30 p.m. and 1 a.m. by elusive teen-agers and young men in their early 20s, weaving in and out of the shadows of buildings.

Two shots were fired at sheriff's deputies seeking to restore order and locate the troublemakers in the dark perimeter of the low-lying flat area in the center of the community. Neither shot found a target.

Nobody was arrested.

Marin County Fire Chief Louis Bloom, who was hit in the back by a rock, called the barrage of stones and abuse "the most vicious attack on firemen I've ever known."

IN BUILDINGS

Two of the fires were set in an empty World War II barracks-type building due for demolition in the area slated for commercial development. The biggest blaze was set in the wreckage of a building on Drake Avenue that had been torn down earlier in the day. Two other fires nearby were of gasoline poured on the street and set alight.

The first alarm came at 9:34 p.m.

Fireman Charles M. McPherson of the Marin City substation arrived at Building 135 on Drake Avenue to find one room on fire. He had just extinguished this blaze and was leaving the building at about 10:05 p.m. when he saw a large pool of gasoline burning on the street about a block away. Before he could reach it, he saw someone hurl a Molotov cocktail which burst into flames in the wreckage of Building 85 about 100 yards away, he reported.

AMONG CROWD

Meanwhile, four sheriff's deputies stationed in Marin City were moving among the crowd of youths gathered at the fire scene. Estimates of their number varied from 25 to 40.

At McPherson's request, another fireman and fire truck from the substation arrived at Building 85.

It was at this point that the first rocks were thrown.

Chief Bloom said that when he arrived on the scene, deputies and firemen had been driven away from their vehicles and the fire by rocks "coming from all directions."

"It was like a hail storm. There must have been 20 to 25 rocks coming at a time," the chief related.

Sheriff's Capt. Sidney Stinson, accompanied by six deputies and two inspectors from San Rafael, moved into action

Ten Students Nabbed After Party On 'Pot'

Sheriff's Deputies Trace Marijuana To Mexico Trip

A "pot party" on marijuana obtained in Baja, California, in swap for a transistor radio has resulted in arrest of 10 teenagers, sheriff's officers revealed today.

They credited the mother of the girl at whose home the Feb. 23 smoking session occurred with disclosing information leading to the arrests.

14 TO 17 YEARS OLD

Eight of the youths, all Tamalpais High School students ranging from 14 to 17 years old, were cited to the county juvenile probation office for possession of marijuana. The other two, a 17-year-old Sausalito youth who originally obtained the weed, and the daughter, were placed in juvenile hall.

Jeannette Canziani, sheriff's juvenile officer, said the Sausalito boy and two unidentified companions went to Ensenada in Baja California on Washington's Birthday. There, he allegedly traded the radio to a man he met on a street for about a pound of marijuana.

MATCH BOXES

Deputy Canziani said the youth returned to Marin County and sold two small match boxes full of marijuana to a 16-year-old Sausalito girl for $14. She supplied it for the Homestead Valley party, according to the report.

Officers said only nine teenagers apparently attended the party, held between 2 p.m. and 5 p.m. the day following the Mexico purchase, while the youthful hostess's mother was at work.

Deputy Canziani said the mother of the girl discovered a plastic bag containing what appeared to be marijuana in the girl's bedroom the day follow-

Planned Zone Density Rule Is Changed

By RICHARD LYTTLE

Marin County supervisors yesterday adopted an amendment to the planned community zone which will relate housing density to master plans, or if no master plan exists, to slope policy.

The action was vigorously opposed by Supervisor Ernest N. Kettenhofen, who charged the county was "putting the lid on" planned community developments.

Other board members, however, did not agree.

The ordinance has limited density to a maximum of 3.5 dwelling units per acre in a planned community zone. This maximum was challenged by opponents to Marincello.

The amendment adopted yesterday was originally proposed by supervisors Peter H. Behr and William A. Gnoss.

The developer under the amendment would have to have his planning done by a team representing at least three of the following: an architect, a landscape architect, a civil engineer, and a member of the American Institute of Planners.

Density in the development could go on more than 15 per cent above the density in an existing county master plan. If no master plan existed, the density could go no more than 15 per cent above a slope policy ranging from three units per acre on a slope of 10 per cent or less down to .2 of one unit per acre on slopes steeper than 40 per cent.

County Planning Director Paul C. Zucker said the amend-

Draft-Dodge Raids Result In 38 Arrests

NEW YORK (AP) — The FBI arrested 38 men in daybreak raids today and said they have cracked draft-dodging schemes in New York and Cleveland which involved sale of fake enlistment papers for up to $5,000.

The raids netted 33 men in New York, including nine fathers and eight of their sons.

Five men involved in the Cleveland operation were arrested in that city; in Akron, Ohio; Chicago and Albany, N.Y., the FBI said.

The New York operation was cracked last month, officials said, with the arrest of two men accused of supplying fake enlistment papers for from $1,500 to $5,000 — whatever the traffic would bear.

Asst. U.S. Atty. Leonard Pheberge said Solomon Gottfried, 56, a civil service worker who was once in the Air Force, had obtained a number of official Defense Department forms — No. DD-44, which is used to notify draft boards that a person has enlisted in a military unit.

Pheberge said the customers were recruited by Paul G. Miller, 28, of Flushing, Queens, N.Y., a department store credit authorizer.

The prosecutor said Gottfried, who filled out the forms, to $200 to $400 per customer, with the rest going to Miller.

The pair, he said, had netted up to $80,000 since 1963.

In Cleveland, Special FBI agent Earl E. Brown said two National Guardmen — Frank M. Kovach Jr., 22 of Parma, Ohio, and Donald Taylor, 29, of Cleveland, charged up to $600 to forward papers to draft boards showing that the men had enlisted in the Guard.

Kovach and Taylor were accused of aiding and abetting draft evasion.

The raids came on a day when the Defense Department issued a call for a draft of 34,600 men in May, the most since January.

Candidate Wants Toll Gates In Mill Valley

A city council candidate proposed last night that Mill Valley be made a "closed community" with toll gates at the main entrances to the city.

Candidate David B. Gardner startled an audience of more than 200 at a candidates' night meeting at Park School with his proposal. (See another candidates' night story, page 16.)

Gardner contended that such a move would produce income for the city and would "safeguard our community from invasion of that element we now see in Sausalito."

It would require construction of three toll gates, one on Edgewood Avenue, one on Miller Avenue and one on Blithdale Avenue, Gardner said.

Residents of Mill Valley would be given insignia for their cars, and their guests could be admitted toll-free "by a simple telephone call from the gate house," he said.

"If a shopper wishes to patronize one of our stores, he would receive a validated toll ticket and would be refunded his toll on departure."

Mill Valley has the natural beauty that can produce income the city needs, he said. "By having a nominal charge for the privilege of passing over our roads, we could enjoy a higher source of income than imaginable."

Making Mill Valley a "closed community" would have many effects on the city, Gardner said.

"It would increase the desirability of living here. It would enhance real estate values. It would protect us from becoming just displays for Greyhound tours. It would allow us more adequate police protection. It would lower our taxes immeasurably."

It also would provide a new source of income, Gardner said, "a tax on our uniqueness and natural beauty, and this would serve to keep our beauty intact."

U.S. Troops Fight For Lives As Viet Reds Spring Trap

SAIGON (UPI) — A U.S. 1st Air Cavalry reconnaissance unit today dropped into the midst of a North Vietnamese regiment which trapped it and a rescue force on the slopes of Chu Pong Mountain, 12 miles southwest of Pleiku. At nightfall the Americans were fighting for their lives.

A North Vietnamese regiment numbers from 1,500 to 2,000 men.

The ground fire was so intense that at least five cavalry helicopters including a giant Chinook were shot down, one clogging the troops' landing area. Several other helicopters were so badly shot up they barely managed to make it back to base.

At the division's forward command a report came of "decisive contact" with the enemy—something a reconnaissance element is not supposed to get into. It also means, many times, that the reconnaissance element cannot be extracted.

The first reconnaissance unit of perhaps 400 men took "moderate" casualties and reports from the scene said at least one platoon of 44 men was killed or captured. Size of the relief force flown in was not reported but it, too, was under extremely heavy fire.

Party Leader Bars Return To Stalinism

MOSCOW (AP) — A Soviet Communist leader told the Soviet Communist party congress today that there will be no return to Stalinism.

Nikolai G. Yegorychev, head of the Communist party in Moscow, said it has become fashionable lately to look for "elements of Stalinism" in Soviet political life, the Soviet news agency Tass reported from the second closed session of the 23rd party congress.

Tass said Yegorychev "emphatically rejected these attempts and declared that there would be no return to the past and that everything that had hampered progress had been brushed aside forever."

At the same time Yegorychev began a process of re-examining Soviet history in the period that Joseph Stalin ruled the Soviet Union.

Communist sources have indicated that this re-examination will result in the softening of some criticism of Stalin while trying to divorce the Communist party as a whole from Stalin's crimes.

Yegorychev said attempts to smear the party must be rejected.

"Much could have been done better," he said. "The 50 years since the Bolshevik Revolution have taught us much. But what has been done is admirable and fills us with pride."

Yegorychev proposed that the party's top man be called general secretary — the title used by Stalin.

There was no immediate indication whether the proposal, which was certain to be adopted, would mean any increase in power for the current top man.

Marijuana User Roundup Set

Novato police will start picking up 20 more known marijuana users at Novato High School tomorrow, Police Chief Robert Di Grazia said today.

The initial roundup which netted suspects at the high school during the weekend brought so much paper work that the police stopped pickups for a few days, he said.

Police will just pick up the remaining students and reprimand them, Di Grazia said. Police will also make sure that students' parents know about it, he said.

One Site On List To Get Atom Center

WASHINGTON (AP) — The Atomic Energy Commission announced a firm decision today to pick the site for a proposed $375-million atom-smasher from the list of six recommended last week by the National Academy of Sciences.

Those sites are Ann Arbor, Mich.; Brookhaven National Laboratory at Upton, Long Island, N.Y.) South Barrington or Weston in Illinois near Chicago; Denver, Colo.; Madison, Wis., and the Sierra foothills near Sacramento, Calif.

Riots Topple Ecuador's Junta

QUITO, Ecuador (AP) — Clemente Yerovi Indaburo, a non-partisan economist, has been named provisional president of Ecuador after student demonstrators, businessmen and labor leaders brought down the military junta.

Yerovi

Yerovi, 62, was appointed yesterday by the military high command which threw out the three-man junta. The high command said it named Yerovi on the advice of political leaders and fully supported him.

The appointment of a civilian president ended five days of violent anti-junta student demonstrations in which at least seven persons were killed and a business strike in Guayaquil, Ecuador's port and largest city.

The students claimed the junta's policies were oppressive. The businessmen opposed new taxes and import restrictions.

The military command said it was dissolving the junta "to avoid chaos and anarchy." There were indications that the military chiefs acted without the junta's knowledge, but junta members had said earlier they would resign if a civilian president could be agreed on.

The whereabouts of the junta members — Rear Adm. Ramon Castro Jijon, Gen. Marcos Gandara and Gen. Cabrera Sevilla—was not immediately known.

Suspect In 27 Holdups Caught

PECOS, Tex. (AP)—Peace officers stopped a car yesterday and arrested Robert Clayton Buick, whom they identified as one of the FBI's 10 most wanted men.

Buick

State Patrolmen Kelly Whitehead and Deputy Sheriff Gary Ingram said they recognized Buick from a circular.

They reported he was sought for 27 holdups of savings and loan offices in California netting $94,000.

The officers said Buick offered no resistance and was unarmed except for a pistol in his luggage. They halted the car near here on U.S. 80.

He was held for arraignment before a U.S. commissioner today.

Two Electrocuted

Congress Recoils Over Tax Possibility

WASHINGTON (AP) — President Lyndon B. Johnson's broad indication that he may ask an early tax increase to combat threatened inflation touched off a political uproar in Congress today.

Johnson told a group of young interns finishing a year's government service yesterday that if prices continue to rise he faces three choices: government controls, a $5-billion-to $10-billion cut in federal spending or a tax hike of roughly $5 billion.

He added no one likes controls. He said he doesn't believe spending can be reduced without damaging "necessary or popular programs that Congress wouldn't go along with." He said agencies will report to the Budget Bureau next month on possible economies.

If such reductions are not enough and "if prices are still going up, we will have to have a tax bill," he said. A decision may be reached next month, he told the interns.

This brought an assertion from Senate Republican Leader Everett M. Dirksen that Johnson is in for "a tug-of-war, a test of strength" with Republicans and conservative Democrats who will fight to cut spending rather than increase taxes.

Rep. John W. Byrnes of Wisconsin, top Republican on the tax-writing House Ways and Means Committee, said he is not going to support any tax increase "as long as the administration continues to press for expenditures that certainly can be deferred."

Rep. Hale Boggs of Louisiana, assistant House Democratic leader, said he thinks because of the pressure of Viet Nam war expenditures on the economy, taxes may have to go up.

"We might have to increase taxes," he said. "Now the President is saying it and I agree with what he's saying. I hope we don't have to do it."

Johnson apparently based his indication of increased taxes — made at an impromptu news conference at a reception in the White House state dining room — on the belief of his economic advisers that measures already taken to curb inflationary trends may not prove strong enough.

Looking at yesterday's Labor Department report that sharply higher food prices had boosted living costs half of 1 per cent last month, Dirksen made no secret of the fact that Republicans believe the President is in an inflationary vise that will squeeze a substantial number of congressional seats out of the hands of Democrats in the fall election.

Johnson is expected to extend at a White House dinner for the Business Council tonight a campaign he has been carrying on among business men to slow down capital spending that might fuel inflationary fires.

White House deputy press secretary Robert H. Fleming disclosed yesterday that the President had phoned 25 to 30 business leaders asking them to consider "their own self-interest" and review any plans to spend money for expanding plant and equipment.

Johnson spoke yesterday of a "modest tax increase of 5, 6 or 7 per cent of the tax bill, corporate and personal" without giving any further details.

Congress is understandably reluctant to vote any tax boost in an election year. Many of its members will resist any increase in personal income taxes, preferring to shift more of the burden to business.

There was even talk of revival of wartime excess profits taxes.

Republicans Split To Help LBJ On Great Society Bills

WASHINGTON (AP) — President Johnson has won his first major congressional victory of 1966 with House approval of funds for his rent subsidy and Teacher Corps programs. But it took some help from Republicans.

A $.256-billion catch-all appropriation bill passed late yesterday by the House included money to start the two new "Great Society" projects.

The 296-122 roll-call vote that sent the bill to the Senate after six hours of partisan debate did not reflect the closeness of the battles over the two main issues involved.

Both the rent subsidy program for low-income tenants and the Teachers Corps to help educate children of poor families were approved last year by Congress, but the money to get them started was not provided in the final appropriation bill of 1965.

Republicans who argued that now is not the time to spend federal funds on new domestic programs not related to the war in Viet Nam tried to eliminate money for both the programs.

They centered their fire on the rent subsidy plan designed to promote construction of housing by nonprofit groups for rental to low-income families, with the government paying part of the rent. None of the payments would go to private landlords.

An amendment by Rep. Frank T. Bow of Ohio, top Republican on the Appropriations Committee, would have denied the $12 million to start the rent program — $18 million less than the President requested for use during the remaining months of the fiscal year ending June 30.

Bow's amendment lost by roll call vote of 198 to 190, the margin of victory for the administration being supplied by six Republicans who voted with 192 Democrats. Joining 125 Republicans in support of the amendment were 65 Democrats.

The $12 million approved could not be spent in communities which don't approve the housing projects, a restriction that could keep the housing out of suburbs that don't want the prospective tenants.

The administration's winning margin to keep in the bill $10 million to get the Teachers Corps program off the ground wasn't as close. An amendment by Rep. Robert B. Duncan, D-Ore., to delete the money lost by standing vote of 156 to 128. It had almost solid Republican backing.

High And Low

NEW YORK (UPI) —The highest temperature reported yesterday to the U.S. Weather Bureau, excluding Hawaii and Alaska, was 98 degrees at Palm Springs. The lowest reported this morning was 3 degrees at Greenville, Maine.

Union Complains Railway Using Green Engineers

SAN FRANCISCO (AP) — A union complained to the California Public Utilities Commission Tuesday that the Santa Fe Railway System permitted men with inadequate experience to operate locomotives.

Complaining was the independent Brotherhood of Locomotive Firemen and Enginemen, an organization composed mainly of firemen.

Santa Fe spokesmen said the road was training personnel to operate trains to their destination in time of strike, if necessary. In no case was danger permitted, the road added.

The State Safety Code, the union said, provides that no one may operate a locomotive without three years' experience as a fireman and one year of service as an engineer.

Commissioners took no immediate action.

Congress Trip Spending Rises

WASHINGTON (AP) — Senators and House members spent nearly twice as much abroad last year as the previous year. But most of the spending was covered by U.S.-held counterpart funds obtained from the sale of farm products for foreign currencies.

Overseas trips by senators and their staffs cost $190,086 compared with $157,575 in 1964, while trips by House members and staffs cost $499,585, compared with $239,300.

The over-all total for the trip was a record $695,671 compared with the 1964 total of $396,875.

Armed Forces' Non-Readiness Is Admitted

WASHINGTON (AP) — The force of Army and Marine divisions available in the United States for swift crisis duty is considerably smaller and less fit to fight than last summer.

There were 10 such divisions in this country late last July when President Johnson ordered a major buildup of ground units in Viet Nam. Eight were Army divisions, two Marine.

ONLY SEVEN READY

Now there are but seven divisions in any kind of fighting shape — and a Defense Department spokesman acknowledged yesterday that most of these are below full combat status because they are being used, in part, to train draftees and recruits.

Six of these divisions belong to the Army and one to the Marine Corps.

The Pentagon spokesman said four army divisions "are not in the same combat-ready status that they would have been" had they not been given the training mission.

JUNE TARGET

But the spokesman said the divisions will be returned gradually to full combat readiness and some will reach that stage by June.

He listed the four as the 1st and 2nd Armored at Fort Hood, Tex., the 4th Infantry at Fort Lewis, Wash., and the 5th Mechanized at Fort Carson, Colo.

Not mentioned by the spokesman was the 101st Airborne Division at Ft. Campbell, Ky. This division — which has shipped one brigade to the war — also is training new men. Reports place the total at 2,000.

A serviceman cannot be assigned overseas until he has had at least four months of training.

The Pentagon spokesman said that once a decision was made not to call reservists and National Guardsmen to active duty — but to build up the regular forces gradually — "it was foreseen that some of the divisions would be used" for training.

Army authorities said this action was necessary because Army training centers, though expanded, are overtaxed.

EVIDENCE OF IMPACT — Officer Thomas W. Foley of California Highway Patrol digs ignition button of mtorcyle from utility pole into which it was imbedded by crash that killed Bobby Joe Winters, 23, of Novato early today. (Independent-Journal photo)

Marin City Hoodlums Set Fires, Hurl Rocks

trying to locate the rock throwers.

"But it was impossible to catch anyone in the act," he said. "You couldn't even tell from what direction the rocks were coming.

"Before they set a fire, the kids gather up rock piles and conceal themselves in the shadows of buildings and on the hillside. At first it looks like an ordinary fire scene. Then the rocks start coming."

As the firemen returned to fighting the blaze, the youths milled around in the flickering light. Bloom said he thought there might be about 40.

He described the crowd as "noisy, obscene, hostile."

"They called us every dirty name they could think of," said Bloom. "I don't know why they attack firemen. It was the most vicious attack I've ever seen."

It was while fighting the blaze in the remains of Building 85 that Bloom suffered a painful but not serious hit from a rock. There were no other injuries to firemen or deputies, but four patrol cars and the chief's car were rock-scarred.

Stinson said no arrest could be made because those throwing the rocks would melt away into the darkness and then reappear among the young cursing onlookers.

"Everyone I was able to question," he said, "claimed he was at home when the fire started and only came out when drawn by the flames and sirens."

Stinson said there were no adults among the crowd.

"This is the work of a few young hoodlums in an otherwise fine community," he said.

With the first three fires out, Bloom and his men returned to the substation about 11 p.m. "But I anticipated more trouble," he said, and called in one unit from Throckmorton Ridge substation and another from Woodacre."

At 12:17 a.m., new fires were reported in Building 135 where another room and the roof were ablaze. These were quickly brought under control. Firemen found an unexploded Molotov cocktail in the building.

At 12:30 a.m. another gasoline fire was set in the street, but put out almost immediately.

It was not until after 1 a.m. that peace and quiet returned to Marin City.

Stinson agreed this was the worst rock barrage aimed at firemen in the county.

Stinson said that until recently he had believed youthful hostility in Marin City was decreasing. In the past couple of weeks, however, there have been efforts to burn down Building 135 and the Marin City Community Center.

ing the party. Investigating further, she found two rolled marijuana cigarettes and a package of cigarette papers. The mother notified the probation office.

The daughter had been cited to the probation office for marijuana possession last Dec. 21.

Deputy Canziani said questioning of the girl revealed identity of other smokers at the party, and eventually all 10 were interrogated. The Sausalito youth who sold the marijuana did not attend the party, she said. He fled when Harvey E. Teague, juvenile inspector, attempted to arrest him, but surrendered shortly afterward.

The arrests began 10 days ago, Deputy Canziani revealed. Last arrest was yesterday.

The Sausalito supplier was booked for transportation, sale and possession of marijuana, and probation violation. The girl was booked for possession and probation violation.

The confiscated marijuana has been turned over to state narcotics agents in San Francisco for analysis.

Daylight Time Plan Set By Congress

WASHINGTON (AP) — Congress ordered today a uniform summer time schedule expected to put most of the country on Daylight Saving Time for six months each year starting in 1967.

The House completed congressional action, passing a bill which the administration supported.

1:40 a.m. But no one knew that Upchurch also had crashed.

Four hours later, at 5:40 a.m., a passing motorist saw Upchurch's car and called the patrol.

Upchurch had lain in the wreckage, too badly injured to move, while officers searching for the motorcycle crash drove by.

THICK FOG

The fog was so thick that motorists driving between Petaluma and Novato last night reported difficulty in keeping to the road. Both Hamilton Air Force Base and the Marin County Airport near Novato were closed to visual landings and take-offs by the fog blanket this morning.

The highway patrol said the fog was well above the ground at the time of the twin accidents, however.

Winters, a laborer, had resided only six months in California. His parents, Mr. and Mrs. Ted Winters, live in Kingsport, Tenn. There are no known relatives in this state, according to the coroner's office.

WAR

Continued from page 1

brought to nine the number of American aircraft lost in Viet Nam in the past 24 hours. The death toll from the crashes was not known but was feared to be high. At least four men were killed when one of their machines crashed upside down in flames.

The battle erupted at the base of Chu Pong Mountain, one mile from the Cambodian border and 210 miles north northeast of Saigon. The mountain was the scene last November of one of the biggest battles of the war when the cavalrymen destroyed most of two Vietnamese regiments at heavy cost.

While the cavalrymen battled north of Saigon a wave of anti-American feeling swept the big port city of Da Nang. Students defied Premier Nguyen Cao Ky's warning against demonstrations and demanded a personal apology from President Johnson for interfering in Vietnamese domestic affairs.

The anti-American demonstrations followed an incident in which a U.S. Marine truck collided with a Vietnamese truck taking part in a 250-vehicle demonstration to demand overthrow of the military government in Saigon and a return to civilian government.

U.S. servicemen escaped death in the terrorist bombing of an officers' billet in Saigon and the shooting down of two F100 jets by Communist gunners.

A U.S. Coast Guard cutter shelling Communist positions in the Mekong Delta from the Gulf of Siam scored a direct hit on a bunker containing five Viet Cong, according to a U.S. Army aerial observer.

U.S. planes flew 32 raids over Communist North Viet Nam yesterday but continuing heavy monsoon weather again prevented damage assessments from the air. Giant B-52 bombers over the South unleashed 750-pound bombs against a suspected Viet Cong troop concentration in Tay Ninh Province 65 miles northwest of Saigon.

A terrorist bomb shattered windows and shutters at an Air Force officers' villa in Gia Dinh, near Saigon's Tan Snn Nhut Airport, early today. The blast injured one American and one Vietnamese, neither seriously.

The 20-pound plastic bomb, left on an abandoned bicycle outside the villa's six-foot brick and concrete wall, gouged a 20-foot section from the barrier but did no structural damage. It was the first terrorist action in several weeks aimed at Americans in the capital.

DENSITY

Continued from page 1

ment might not be perfect, but it was a step in the right direction. He said developers will always strive to meet a maximum density in their plans. Density is the key issue in any plan, because it determines how much money the developer is going to make.

"If you want to consider each piece of land separately by ownership without relating it to other areas," Zucker said, "then you should get rid of your planning staff and your planning commission and hire some good architects to do site development, because that is all you'd be doing."

The amendment was opposed by Philip Buskirk of the firm of Warren Calister, which designed the Dias anch Development; by Alfred J. Stern, owner of the Dias Ranch; by attorney Robert W. Pendergrass, representing the Finley interest on Bolinas Lagoon, and by Melvin Rupp of the Marin Property Owners Assn. All said it would reduce densities unduly and restrict developers too much.

Zucker repeated his strong criticism of the entire county zoning ordinance, saying he hoped to overhaul it in about two years. At that time, he said, the planned community section could be further improved.

Under these conditions, Stern charged, the county would be putting a "moratorium on development."

MOSCOW

Leonid I. Brezhnev. His title now is first secretary of the party's Central Committee.

Yegorychev spoke at the beginning of debate today on the policy report with which Brezhnev opened the congress Tuesday.

Moscow radio reported polonged applause by the 6,000 congress delegates and foreign guests.

The change in title from Presidium to Politburo was one of the most discussed aspects of Brezhnev's speech in Moscow diplomatic circles.

Some observers suggested that the changes in terminology might be an attempt to restore links with the party's history before Khrushchev, meaning with the Stalin period.

Most other parts of Brezhnev's speech struck diplomats as repetitions of policy lines already laid down. Some diplomats thought the tone was mild on relations with both the United States and China.

Kidnaper Gets Life Sentence

SACRAMENTO (AP) — Wilfred Marion Gray, convicted kidnaper of State Finance Director Hale Champion, was sentenced today to life imprisonment with the possibility of parole.

Gray, 30, received the same sentence as Carl Cletus Bowles, 24. The pair pleaded guilty to the kidnaping of Champion, his wife and baby daughter last July.

The two men were sentenced last year but Gray was ordered to undergo an extensive psychiatric and medical examination before final sentencing.

Bids Called For New Link To Bay Bridge

The State Division of Bay Toll Crossings will advertise for bids Friday to construct a 1.2-mile viaduct linking downtown Oakland with the Bay Bridge.

The new structure, to be called the eWst Grand Avenue Viaduct, will carry two traffic lanes in each direction between downtown Oakland and the Bay Bridge. It is to be financed by Bay Bridge tolls.

OBITUARIES

Mrs. Theda Bradshaw Dies At 70

Mrs. Theda Bradshaw, 70-year-old wife of retired attorney Leslie N. Bradshaw, collapsed in her husband's arms yesterday, shortly after cleaning her home in San Anselmo in readiness to moving to a new address.

She was dead on arrival at Marin General Hospital at 12:55 p.m., apparently from natural causes, Coroner Frank J. Keaton said today.

Yesterday was the day the Bradshaws were to leave 1364 San Anselmo Avenue and move to 172 Tunstead Avenue, San Anselmo.

"My wife had insisted she clean from top to bottom the house which had been our home for 20 years. It was impossible for her to leave it in any other state but a clean one," Bradshaw said.

"When I arrived back to collect her after arranging for the furniture to be moved into the new house, she complained of feeling tired. We talked a bit and then she collapsed."

His wife had a history of a heart condition, he said.

A native of Iowa, Mrs. Bradshaw came to California about 1915. The couple had been married nearly 30 years.

Her husband was a former attorney and examiner for the California Public Utilities Commission in San Francisco. He is the only survivor.

Funeral arrangements are pending at the Chapel of the Hills, San Anselmo.

MAXFIELD PARRISH

PLAINFIELD, N.H. (AP) — Maxfield Parrish, 85, an artist who won fame as a magazine illustrator and muralist, died today.

Parrish was born in Philadelphia in 1870, the son of Stephen Parrish, himself an internationally known painter and etcher.

The son started out as an illustrator of magazine articles and books for children such as "The Arabian Nights" and a Eugene Field collection of childhood poems.

He soon became one of the highest-paid painters of magazine covers, featuring ethereally beautiful girls against scenic backgrounds.

KARIN GRIFFIN

Karin Griffin, a resident of Larkspur since 1959, died yesterday at a local hospital after a lengthy illness. She was 65.

A native of Rhode Island, Mrs. Griffin was reared and educated in Sweden, where she went with her parents as a small child. She returned to the United States in 1923.

With her husband, the late Edmund Griffin, a textile chemist, she lived for many years in San Francisco, Los Angeles and Greenbrae. Since 1959, Mrs. Griffin lived at 139 Elm Avenue, Larkspur, with her daughter, Mrs. Barbara Treadway.

She is survived by her daughter and two grandchildren.

Funeral will be at 1 p.m. Friday at Keaton's Mortuary, San Rafael. Burial will be in Olivet Memorial Park, Colma.

A. K. BLAKEMORE

Funeral for Albert K. Blakemore, 69, of Sheridan, Wyo., a former Larkspur resident, will be held at 1:30 p.m. Friday at Harry M. Williams Mortuary, San Rafael, conducted by Marin Lodge 191, Free and Accepted Masons.

A native of Castle Rock, Colo., he was reared in Las Vegas, N.M., and operated a funeral home there for many years. He became an appliance salesman when he moved to Larkspur about 1950.

He left Larkspur in 1962 and then retired the next year while living in Santa Rosa. A short time later, he moved to Wyoming.

His wife, Jean Blakemore, died in 1953.

Surviving are three daughters, Mrs. Forest Croll of San Antonio, Tex., Mrs. Barbara Sales of Sheridan and Mrs. Richard Jordan of Santa Rosa; a son, Lt. James E. Blakemore of the Navy, and 15 grandchildren.

Burial will be in Mount Tamalpais Cemetery.

MARION SIMMONS

Funeral for Mrs. Marion E. Simmons of Santa Rosa, formerly of San Raafel, will be held at at 3:30 p.m. tomorrow at the Harry M. Williams Mortuary, San Raafel.

She was a retired bookkeeper.

Surviving is a brother, H. P. Thompson of Houston, Tex.,

Entombment will be at Mount Tamalpais Cemetery, San Rafael.

Officer's Stolen Cap Found, After Months

An unsolved crime of nearly a year's standing was tentatively solved today by sharp-eyed officer Charles S. Brobeck of Corte Madera police.

The crime occurred early on May 8, 1965, while Sgt. James C. Dukes of the California Highway Patrol sipped a cup of coffee in Jim's restaurant in Corte Madera, then looked up to find his soft patrol cap missing from the hat rack.

The solution began at 2 a.m. today, when officer Brobeck stopped an auto leaving the Corte Madera Center. Driver was William H. Machmuller, 19, of 55 Olive Street, Larkspur.

Brobeck glanced at the floor in the rear of the car and there, almost hidden among greasy tools and rags, was a Highway Patrolman's cap, dirty, molded and missing its sergeant's badge.

Machmuller said he found the cap while cleaning a Novato friend's garage.

The cap, once worth $15, is unusuable now, Brobeck said.

Typewriters, Adding Machine Are Stolen

Loss of two typewriters and an adding machine in burglary of Marin Guide quarters at 200 Shoreline Highway, Tamalpais Valley, was reported today by sheriff's officers.

Harry H. Johnson, publisher, told deputies entry was apparently by forcing open a rear door. Officers said, however, it might have been via an upper window.

Also taken were an undetermined number of blank checks bearing the name, "Home Readers Service," and a stepladder.

Johnson had other troubles, today. A writ of attachment was ordered against his firm by the Marin County clerk's office for an alleged $11,464 debt for goods sold and delivered to him in Sausalito by Cheshire Sales and Service Inc., last Nov. 15.

The attachment resulted from a pending Marin Superior Court suit filed by the company.

Burglars Take Guns From Home

Burglars of the home of Clarence Herbert Desky, Lucas Valley Road, Nicasio, netted loot including a shotgun, a rifle, and four bottles of liquor, sheriff's deputies said today.

Entry was by cutting a rear porch screen, then picking a door lock. Desky told officers the total loss value was $75.

J. Harrell Canon, 2059 Huckleberry Road, Marinwood, reported his home was entered via a sliding kitchen door, and the intruders apparently helped themselves to contents of a refrigerator.

Werner F. Chilton, 12 Pigeon Hollow Road, San Rafael, told deputies someone entered via an unlocked bedroom window, making off with $2 in change.

Child Abuse Report Bill In Senate

SACRAMENTO (AP)—School superintendents and principals would be exempt from civil and criminal action when they report suspected child abuse cases to authorities under a bill before the Senate today.

The bill cleared the Senate Judiciary Committee yesterday on a split voice vote.

Royal Visitor Under Fire For Remarks

Prince Peter of Greece, a recent visitor to Marin, has drawn criticism from his home country for recent comments he made about Greek government.

The Union of Greek Army Reserve Officers has expelled the prince, a cousin of King Constantine, from its ranks and has asked the Defense Ministry to strip the 56-year-old prince of his rank of colonel in the Reserve, Associated Press reported. The prince is an honorary member of the union and its former president.

The action came after the prince told a news conference in Hong Kong last week that "the political situation in Greece has departed from constitutional, parliamentary and democratic rule. The present Greek government is not representtive of the Greek people."

The prince was visiting Mr. and Mrs. Zane Sandom of San Rafael three weeks ago on his way to Hong Kong. He declined to talk with the press at that time.

Prince Peter in 1964 criticized Greek rule when he said at a press conference that Queen Mother Frederika was causing dissension within the royal family. He termed the monarchy's spending exhorbitant.

Officers Elected By Young Demos

Kenneth Wade of San Rafael was elected president of Marin Young Democrates at a meeting last night in the courthouse.

Brian Wells was elected vice president; Lynda Anderson, secretary; Marcia Woodall, treasurer; Wells, delegate to the California Democratic Council in Marin, and Lauren Thomas, alternate delegate.

A fund raising party is planned April 8 at 7:30 p.m. at Wade's home at 107 DuBois Street. Final plans are to be made at the club's meeting next Tuesday at 7:30 p.m. at the courthouse.

Novato Will Sponsor Two Teen-Age Dances

Two dances for the teen-agers will be sponsored by the Novato parks and recreation department, each dance weaturing J. Cannon and the Explosions, according to Thomas Menasco, recreation supervisor.

The dances will be from 8:30 to 11:30 p.m. on April 6 and April 9. Both at the Novato Community House.

Sanitary Unit Seeking Vote On Two Posts

Almonte Sanitary District, maneuvered out of an election in the June 7 primary, now seeks to know what to do to hold an election for seats of two board members whose terms expire in September.

The board, in a busy session last night, also agreed to remain in its present office at 226 Shoreline Highway until a better location is suggested, and agreed it will not take action to recover $1,320 in rent payments to former Director A. R. Teather.

Herbert E. Davis, president of Almonte Improvement Club, was named to succeed Teather, who resigned Feb. 17. Davis is a counselor at San Francisco City College.

Board Chairman Robert A. Alexander said the board agreed to changes in county election procedure to consolidate the district election with the June primary, but this resulted in insufficient time to comply with filing procedures. Hence, no one filed and filing has closed. The board agreed to seek advice from the county counsel, saying it wants to hold an election.

Directors read a letter from the Mill Valley School District superintendent saying the board may meet in Marin Terrace School but permanent storage facilities cannot be provided there. The board agreed to retain the present office while seeking another meeting place.

The board voted that the rates charged by Teather were reasonable, and no action will be taken to recover payments.

Directors adopted a resolution supporting a proposal for a southern Marin sanitary district.

Highway Patrol Officers Begin Marin Training

Sixteen new officers began training today at the California Highway Patrol's Corte Madera office in preparation for an increase in patrols along Highway 101.

Lt. William H. Porter, executive officer, said seven of the men are transfers and will began duty after five days' familiarization work. The others are recruits who will complete their training within 40 days.

Highway 101 from the North Marin County line to Gilroy will see increased patrol activity as part of an intensive campaign to lower traffic accidents.

The Marin County patrol office will receive 12 more men at the end of April, Porter said, bringing its complement to 63 officers.

He said that in the last 16 years, the county's population and car traffic had more than doubled but the patrol increased only from 31 to 38 men.

Driver Fined $220

Paul Gamblin Scott, 59, of 60 Ames Court, Novato, was fined $220 and placed on a year's probation in Marin Municipal Court yesterday for drunken driving. He was arrested on Highway 101 by sheriff's officers March 19.

Thieves Leave Clues Along With Jewels

Two men who stole a tray full of $2,500 worth of diamond rings in a jewelry store yesterday proved more daring than careful.

They left behind a pair of tattered shoes and a set of fingerprints on the tray of rings, which they abandoned. The prints were being checked out by San Rafael police today.

The shoes were discarded by one of the thieves as the pair sprinted from Leland's Jewelry, 905 Fourth Street, after grabbing the tray of rings from a display case about noon.

Police later found the tray, with all but four of 20 rings intact, under a car in the city parking lot at Third and Cijos streets. The missing rings were worth $870, said police.

Store owner Leland P. Morris told police the two men entered about noon and as one kept him occupied examining an onyx ring he had on his finger, the other grabbed the tray.

Morris said he grabbed the man nearest him by the arm, but the man wrenched free and followed his crime partner through the door.

The owner gave chase, dodging through the lunch-time crowds, but lost the pair near Lincoln Avenue.

Police searched the area in patrol cars without success, but later found the abandoned tray of rings.

Apartheid Protest

WASHINGTON (UPI) — Four civil rights demonstrators staged a sit-in at the embassy of the Republic of South Africa yesterday in a protest against that nation's apartheid racial policies. The four were said to be members of the Student Non-Violent Coordinating Committee.

Trigger Gone, Not Forgotten

HOLLYWOOD (UPI) —Cowboy star Roy Rogers revealed today that his trusty steed, Trigger, died at the age of 33 almost a year ago.

Rogers kept the loss to himself for fear fans across the country would go into shock on learning that the gallant equine had chased his last band of outlaws into that great corral in the sky.

Trigger may be gone, but odds are he won't be forgotten.

The longtime singing cowboy is going to have Trigger stuffed and mounted for his planned museum.

Novato Organizations Plan Civic Cleanup

Representatives of various civic and service organizations in Novato will be invited to take part in a spring clean-up campaign, the city cleanup campaign committee decided Monday night.

In addition to the city committee, the Monday night meeting was attended by representatives of the North Marin County Water District, Marin Mosquito Abatement District, Hamilton Air Force Base, and Novato Chamber of Commerce.

Maricopa is an Indian tribal name imported from Arizona.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do.

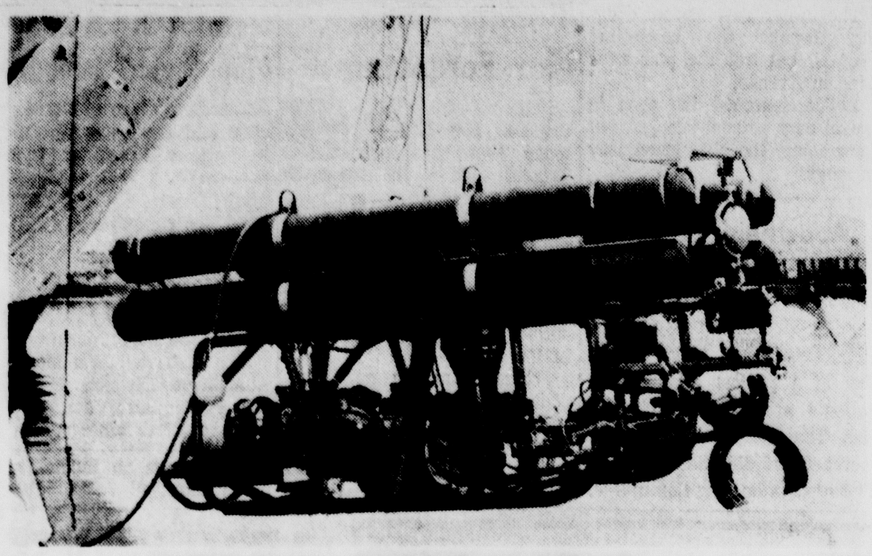

Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples.

When people see an advertisement *in print*, they can compare designs . . . features . . . and prices of nationally known products and services. (And people *do* compare before they buy.)

Advertising in print is a handy thing. You can always check back; the message is still there even if your attention is distracted.

When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

THIS MAY RETRIEVE BOMB

This Navy undersea robot, called CURV (for cable controlled underwater research vehicle), may get a chance this week to recover the missing American H-bomb from 2,500 feet below the Mediterranean Sea off Palomares, Spain. Equipped with a television camera and remotely operated claw, the robot was designed by the Navy's ordnance test station at Pasadena to recover such things as strayed torpedoes off the California coast.

Muir Woods Group To Consider Rezoning

Muir Woods Park Improvement Assn. will hold a special meeting at 8 p.m. Friday to consider rezoning of the "hill area." The meeting will be at the clubhouse on Ridge Avenue off Panoramic Highway.

Rezoning is proposed for these reasons:

1. To retain the "open-uncongested feel" of the area.

2. For possible tax saving.

3. For possible sewer assessment saving.

Proposed zoning changes include changing Marin View Acres and Muir Woods Terrace from single family residential and agricultural to one-half acre minimum sites; Muir Woods Park Subdivision 2 through 6 and Pipe Line Tract from 6,000-7,500 square feet per unit to 10,000 square feet per unit, with unimproved parcels within the one-half acre minimum site zone to be considered nonconforming legal sites and conform to Marin County ordinance.

Floating Dock Plan Revealed

James L. Taylor of San Francisco has announced plans to drive pilings for a house and floating dock over water on the east side of Strawberry Peninsula near Harbor Cove.

The Army Corps of Engineers has requested anyone wishing to protest issuing of a permit for the construction because of restriction of navigation to file the protest, in triplicate, at the corps office, 100 McAllister Street, San Francisco, by April 27.

Junk Yard, Billboard Bills Go To Assembly

SACRAMENTO (UPI) — A package of bills intended to eliminate highway billboards and screen junk yards from public view was approved yesterday by the Assembly Ways and Means Committee.

The measures, by Assemblyman Edwin L. Z'Berg, D-Sacramento, were sent to the Assembly floor.

Z'Berg said if the highway beauty bills fail, California would lose between $35 million and $70 million in federal highway aid funds.

Unnecessary billboards within 600 feet of highways in noncommercial zones would have to be removed by 1970 under the terms of the legislation.

Junkyards in non-industrial zones within 1,000 feet of a highway would have to be screened by natural objects, vegetation or fences.

Building Code Revisions May Follow Fatal Blaze

Marin County supervisors yesterday asked for an immediate re-evaluation of the county building codes in the wake of a Lucas Valley house fire that took the life of a 7-year-old girl.

Board Chairman Byron W. Leydecker wanted to know particularly whether the code should require sheet rock backing for plywood partitions, an installation that would slow down the spread of fire.

Public Works Director Donald R. Frost, said building inspectors were already looking into the matter. He said he would be able to report to supervisors in two weeks.

Frost said the sheet rock requirement was adopted by San Francisco city and county two years ago after a tragedy in a home of similar open construction as that which burned in Lucas Valley.

Ellen Fong, daughter of Mr. and Mrs. Lawrence K. Fong of 9 Mount Rainier Drive, was killed in the March 22 fire.

Personal License Bill In Senate

SACRAMENTO (AP) — Before senators today is a bill that would allow Californians to personalize their auto license plates by choosing whatever letters they wish.

The bill by Assemblyman Milton Marks, R - San Francisco, was passed by the lower house yesterday, 48 to 16. It also was passed last year by the Assembly, but died in the Senate.

Marks said drivers would be charged an extra $14 for the plates, with profits going into the state's general fund.

Public Installation Rites Announced By Elk Lodge

Frank B. Ench of 125 Rafael Drive, San Rafael, will be installed as exalted ruler of the San Rafael Lodge of the Benevolent and Protective Order of Elks at open installation ceremonies at 4:30 p.m. Sunday at the lodge.

The installation will mark the first time that the ceremonies will be open to families of members and non-members, the lodge reported.

Other officers to be installed are Gene Morrison of San Anselmo, esteemed leading knight; Peter O'Toole, Kentfield, esteemed loyal knight; Frank Armato, San Rafael, esteemed lecturing knight; Fred Craddock, San Rafael, secretary; Louis J. Stefani, San Rafael, treasurer; Claude E. Storie, San Rafael, esquire; John H. Oliva, San Anselmo, chaplain; Larry Callan, San Rafael, inner guard; John W. Frank, Fairfax, organist; J. Arthur J. Hildebrandt, San Rafael, tiler; and Thomas P. Boyd, San Rafael, trustee.

Past Exalted Ruler B. G. Frant will act as grand exalted ruler for the installation. Ench will succeed Albert E. Gately of Fairfax as exalted ruler.

Drath Campaign Head Is Named

Michael D. Healy, Mill Valley school psychologist, has been named county chairman for Phillip Drath's campaign for Congress.

Healy, 33, who lives in San Geronimo, is chairman of the Marin Democratic Assembly and member of the San Geronimo Valley Improvement Assn., California Democratic Council, and American Civil Liberties Union.

Drath, San Rafael contractor, is running for Democratic nomination for Congress on a "peace" platform.

Planned District Being Pondered

Larkspur planning commisioners last night continued discussion of a proposed plannned district zone for the city, but decided they are still several sessions away from a final draft of the ordinance, according to planning secretary Barbara Hanley.

Commissioners set April 14 as the date of their next regular meeeting, rather than April 12, which is election day. Commissioner Colin K. White was absent.

Complaint Charges Lewd Phone Calls

Charles Erwin Hunter, 24, of 114 Sycamore Avenue, San Anselmo, was arrested by sheriff's officers yesterday on a misdemeanor complaint charging him with making lewd telephone calls.

Inspector Guido V. Battaglia said Hunter allegedly has been making such telephone calls over a period of two years. He was arrested after one of his alleged victims, a Marinwood girl, accidentally learned his identity, officers said.

County Seeks San Francisco Freeway Cash

Marin County supervisors yesterday agreed to seek some of the federal highway money to be lost by San Francisco and have it applied to construction of Highway 17, a cross-country road that will serve Point Reyes National Seashore.

The board agreed at the same time to seek to have Highway 101 put into the federal primary highway system, qualifying it for greater federal aid.

Supervisor Ernest N. Kettenhofen made the suggestions after the board learned of a meeting before San Francisco supervisors at 2:30 p.m. tomorrow when transfer of federal highway money to Southern California is to be discussed. The board authorized Kettenhofen to attend the meeting.

Las Gallinas Sewer Line Correction Attempt Slated

Directors of Las Gallinas Valley Sanitary District last night agreed to renewal of work on the forced main crossing of Gallinas Creek.

Breaks in the line have repeatedly delayed hookup of the new system in Gallinas Village, a job originally expected to be finished Oct. 15. A month ago, the contractor, Kirkwood-Bly of Santa Rosa, stopped work, declaring that the design for the creek crossing had to be changed.

Last night, district directors agreed to let the contractor try to repair leaks in the line under an $8,000 proposal the firm made several weeks ago, Mrs. Helen Foulkes, district secretary, announced.

Payment, however, will be subject to arbitration, she said.

"If all goes well," Mrs. Foulkes said, "the job should be completed in about a month."

Patrolman Reports Coin Machines Looted

An undetermined amount of coins was stolen from three vending machines early today at the Mill Valley Car Wash, Lomita Street and Ashford Avenue, the thieves apparently using a round shank instrument between doors and solid part of machines to open the doors.

Police Sgt. John Castellani discovered the burglary at 4:20 a.m. Soft drink, soap pad and towel-dispensing machines had been broken into.

Robbery Suspect Changes Plea

A/3 Kyle Robertson Shakesnider Jr., 18, changed his plea to guilty to robbery Monday in Marin Superior Court on the first day of a jury trial.

Judge Samuel W. Gardiner scheduled sentence for April 19.

Shakesnider, of Hamilton Air Force Base, snatched the purse of Mrs. Lee Newman, 24 Latham Street, San Rafael, on Sept. 30.

Contra Costa Voters Drub College Bonds

MARTINEZ (UPI) — A $55 million junior college bond issue failed to get the necessary two-thirds vote in Contra Costa County yesterday.

The vote was 36,488 in favor of the bonds and 22,035 opposed. There are 206,877 eligible voters in the county.

Redding Girl Dies From Meningitis

REDDING (AP)—A 5-year-old girl who was hospitalized March 12 with convulsions, died yesterday of meningitis.

Dr. John Keye, Shasta County health officer, said Debra Frantz, daughter of Mr. and Mrs. Robert Frantz of McCloud, was the victim of an influenza-type strain of meningitis.

If your job disappeared tomorrow, what would you do?

A good many jobs will simply disappear in the near future. New machines, new techniques will make them obsolete. *Your* job might be one of them. And if it is, hitting the panic button won't help you much.

What *will* help is planning ahead. You can't stop progress. But you *can* prepare for it . . . and the new jobs, the new opportunities progress always brings. But keep this in mind . . .

You won't get tomorrow's jobs with yesterday's skills

To qualify for the better jobs of tomorrow, you have to re-train. Learn the new skills and techniques those jobs demand.

You probably know if your present job is on the way out. So, don't wait another day to start re-training. Visit the local office of your State Employment Service right away.

FIVE O'CLOCK SHADOW TO ROOST IN NOVATO

Novato men will officially discard their razors Friday

That is the official starting day for growing whiskers for Novato Western Weekend, according to beard contest chairman Willis Frey.

This year high school boys will compete in a special beard contest. Principal Robert Wisgerhof said high school authorities are cooperating with the Western Weekend committee this year in this contest. Last year the school would not allow students to grow beards.

Awards will be presented for the best Van Dyke, Abe Lincoln, mutton chops and novelty style beards, the longest beard, and "best of show."

Entries will close on May 21, with the judging to be done on June 15.

Supervisors Study Strings On Fernwood Cemetery

The Sausalito Cemetery Assn. has offered the county its Fernwood Cemetery on Tennessee Valley Road near Marin City for $3,000, but there are several strings attached.

County Supervisor Peter H. Behr, according to a letter from the association, met with directors recently on the possiblity of county taking over.

The association wants the property to remain a cemetery and memorial park. It also asks road improvement, a water line and grading.

The matter has never been discussed by the full board of supervisors at a public meeting, but Asst. County Administrator John F. Barrows said it was studied by the planning staff last summer. The planners reported that the property had little value for public use.

Association President George Kowski, in his letter to supervisors, said his board has the alternative of selling the cemetery to a private developer who plans to restore and expand its operation.

Burglary, Marijuana Trial Date Slated

Trial by jury of William Harvey Switzer, 22-year-old transient charged with two counts of burglary and a third count of Marijuana possession was scheduled in Marin Superior Court yesterday for July 5.

Switzer allegedly burgled the offices of Dr. C. L. Hoffman and Dr. Robert L. Mills, both at 711 D Street, San Rafael, on Feb. 21. He also is accused of having marijuana in his possession the same day.

Nude Photo Trial Set; One Freed

Jury trial for Bruce Sequoia Birch, 26, and George Francis Grant, 24, charged with conspiring to contribute to the delinquency of a 16-year-old girl by getting her to pose in the nude, was scheduled yesterday in Marin Superior Court for July 11.

Complaint against a third man, Kevin Maurice Brooks, 27, owner and operator of Lyrebird Bookshop at 832 B Street, San Rafael, was dismissed earlier, on his motion for a finding of insufficient evidence to hold him.

Grant, San Francisco, and Birch, 141 Irwin Street, San Rafael, are accused of persuading the Tamalpais High School girl into posing for pornographic pictures with one of them in a house on Miraflores Avenue in San Rafael last Oct. 30.

Sewer District Merger Idea To Be Heard

Proposed merger of several southern Marin sanitary districts into a single community services district will be presented to the county's Local Agency Formation Commission April 7, according to commission executive officer John F. Barrows.

The plan was proposed by the Tamalpais Valley Improvement Club, which recently purchased 11 acres for a recreation center. Members have hinted they might donate a site for the district's headquarters.

Included would be the Homestead, Alto, Almonte and Kay Park sanitary districts. The city of Mill Valley also has been urged to become part of the new district, but the city council said it was not interested.

Barrows said petitions for formation of the new district will be presented to the commission at its April 7 meeting. If commissioners decide to consider the matter further, he said, they will schedule a public hearing.

Next step would be formation of a committee, with representatives from each district involved, to study the idea. If the group favors the merger, commissioners would vote their approval, then would put the final decision up to a vote of residents in the area.

The plan was announced early in January by William A. Hargreaves, a director of the improvement club.

Mill Valley Employees Will Hear Candidates

Candidates for the Mill Valley City Council in the April 12 election have agreed to speak on employee-employer relationships, wages, fringe benefits and the problems of annexation at a candidate meeting to be held at 8 p.m. tomorrow in the City Hall.

The meeting is sponsored by the Mill Valley Employees Assn. and will be under chairmanship of Roy Bernard, association president.

MILL VALLEY WILL BLOOM FOR EASTER

Easter will be heralded in Mill Valley Saturday when Redwood flower boxes containing roses, hydrangeas and azaleas are placed in front of shops in the city's annual Easter floral display, sponsored by the Chamber of Commerce.

Easter lilies will be placed in the city garden at Miller and Sunnyside Avenues, and the traditional barnyard scene will be set up during the week in front of the chamber office in Lytoon Square.

Roger M. Murphy, chamber director, is chairman of the event, assisted by Peter W. Tibbetts, director; Granville L. Beedle, secretary-manager, and Normand B. Black of El Marin Florist.

Sukarno Says He Has Control

JAKARTA (UPI) —President Sukarno of Indonesia swore in his new anti-Communist cabinet today, claiming he alone was responsible for forming it.

"It was not the work of someone else, not anybody else but me, me, me." Sukarno said. "I am the president and I have the authority to appoint my assistants."

The 30-member cabinet replaces a left-wing body Sukarno named last Feb. 21 in an attempt to outmaneuver right-wing military leaders.

That move led to three weeks of wild students rioting in Jakarta.

Senate Approves State Merit Pay

SACRAMENTO (AP)—Legislation overhauling the state civil service salary structure has passed the Senate unanimously.

Sent to the Assembly yesterday was a bill by Sen. George Miller Jr., D-Martinez, which would grant pay hikes on a merit system. At present, salary boosts are automatic according to the pay classification.

The same bill died in the 1965 legislature.

Hoax Alleged In Finding Of Sub Part

KILKEE, Ireland (UPI) —A mysterious cylindrical object believed washed ashore here from the sunken American submarine USS Thresher appears to be a hoax, the U.S. Navy said today. The Thresher was lost off Boston in 1963.

"On preliminary examination it appears to look like a fire extinguisher which has been painted up to look like something else," a spokesman said.

"It seems to be a hoax by someone with a very poor sense of humor," he added.

The object, marked "radioactive danger Thresher," washed up near here two weeks ago and was picked up by a laborer Jermiah McDermott who hid it under his widowed mothers' bed before he got around to notifying authorities.

Two Navy officers, Lt. Robert Bays, 33, of Greenup County, Ky., and Lt. Philip B. Kinnie, 34, of Nashville, Tenn., both stationed at the U.S. nuclear submarine base at Holy Loch, Scotland, were flown here to examine the object.

The monotony.

The fact is, Corvair is about as *unmonotonous* as a car can get. And it's not just that the engine is in the back where you'd expect the trunk to be.

Or the trunk is in front where you'd expect the engine to be. Or even that the ride—thanks to 4-wheel independent suspension—is remarkably even-keeled where you'd expect bumps to be.

It's the way all these things work together that makes this an uncommonly nimble, sure-footed, easy-steering, relaxing car to drive.

Railroad Not Happy To Aid Competition

SAN FRANCISCO (AP)—Santa Fe doesn't see why its buses should haul Southern Pacific passengers.

It said so yesterday to the California Public Utilities Commission, in asking permission to refuse such service.

The Santa Fe link between the San Francisco Bay Area and Los Angeles is part train and part bus—train between the East Bay and Bakersfield, buses between there and Los Angeles.

Southern Pacific has operated a rail route all the way from Oakland to Los Angeles, via Bakersfield and the San Joaquin Valley. But now it wants the PUC to let it drop the link between Bakersfield and Los Angeles and suggests substituting Santa Fe buses for that part of the ride.

On April 4, the commission is to open a hearing on SP's bid to drop the Daylight between Bakersfield and Los Angeles and the Larks between San Francisco and Los Angeles.

Hub Council Candidates Due On Radio

Six of the seven candidates for San Anselmo City Council will sound off tomorrow in the fifth of the series of radio station KTIM "Marin Sounding Board" programs devoted to candidates in the April 12 municipal elections. The program will begin at 9 a.m.

Taking part will be incumbents Mayor Woodrow V. Capurro and Cedric E. Clute and contestants James T. Murphy, Duane C. Ragan, Robert M. Scott, and Anne West. Candidate Carleton G. Little will not be present.

Listeners may telephone questions to the panel, according to moderator Kitty Oppenheimer, and a recording of tomorrow's program will be broadcast Sunday at 12:30 p.m.

Candidates for Novato City Council will take part in the final broadcast of the series, April 7.

GOP Bloc Threatens To Strand Budget

SACRAMENTO (AP)—Militant Republicans promised to leave Democratic Gov. Brown's $4.61 billion budget stranded in the feuding Assembly today, while the Senate threatened an unusual speedup to spur the lower house into action.

With both houses poised for votes on the record spending bill, Brown's forces tried to break the blockade by the Assembly's 31 Republicans.

The GOP bloc agreed yesterday to unanimously vote against the measure—drawing "election-year politics" charges from the governor.

Democrats sought to win the support of at least five Republicans for the two-thirds majority of 54 needed to send the bill to the Senate.

Faced with likely stalemate in the Assembly, the Senate Finance Committee quickly approved its version of the bill. Chairman George Miller Jr. D-Martinez, said it was lower than the governor wanted and "considerably lower than the Assembly's." The Assembly trimmed $226,196 off Brown's original request.

Miller said the Senate may whisk its bill over to the Assembly before the lower house acts, even though "the usual procedure is to wait until the Assembly sends us the bill."

His aim: Budget passage by Monday, the statutory end of the fiscal session. Both houses must hammer out their differences and agree on a compromise before the bill is sent to Brown.

The Senate's speedup appeared vain in light of the Assembly Republicans' determined effort to defeat the budget and wreck Brown's plans to avoid a tax increase by a bookkeeping device that will make more money available on paper.

Republican assemblymen said that all 31 assemblymen are bound by the pledge to vote against the budget, although only 25 were at the caucus.

"The strategy," said one, "appears to be to delay until after the June elections."

If the GOP stymies the budget until after the Monday deadline, Brown will have to call a special budget session.

Another Republican assemblyman said GOP solidarity was helped because Assembly Speaker Jesse M. Unruh, D-Inglewood "hasn't shown any interest in this budget . . . Jesse hasn't put on any pressure."

The Assembly budget, totaling $4,617,687,557, compares with Brown's request of $4,617,913,743. Originally Brown asked for $4,606,838,000 but the Finance Department raised that figure quickly by adding in some $11 million in aid to junior colleges.

SACRAMENTO SUMMARY

By ASSOCIATED PRESS

Budget is before both houses, but refusal of Assembly Republicans to vote for it threatens long delay in its passage. Gov. Brown accuses GOP of "election-year politics."

Assembly committee sends to the floor governor's proposal for emergency courts to handle mass arrests resulting from riots or demonstrations.

Peeping Tom Appears Again

A Peeping Tom, who has plagued residents of the Baltimore Park and Upper Madera Gardens areas of Corte Madera for eight weeks appeared at another window last night.

Thea A. Dewees of 13 Hickory Avenue, heard rustling outside her bedroom window about midnight. When she pulled back the curtains to look, she came face-to-face with a frightened yong man, who immediately ran.

Police Officer Charles S. Brobeck said a young man of similar description has been seen peering into windows of five homes in the area the last eight weeks.

MADAME MINISTER—Mrs. Indira Gandhi, prime minister of India, tells the National Press Club in Washington yesterday that Red China cannot dominate Southeast Asia so long as a strong democracy survives in India. She left Washington today after two days of high level conferences with President Lyndon B. Johnson and others on her nation's needs. After three days in New York, she will fly home. (UPI Telephoto)

LBJ Seeks Congress' Nod To More Grain For India

WASHINGTON (UPI) —President Johnson asked Congress today to endorse and emergency shipment of 3.5 million additional tons of food grains to India to help fight famine.

Johnson also urged other nations "which have either the food to offer or the means to buy food" to match the U.S. shipment.

The United States already has allotted 6.5 million tons of grain for hungry India in the current fiscal year. And Johnson said Indian officials estimate than an additional six to seven million tons will be needed through next December.

The promise of additional grain to help meet the critical Indian food shortage, caused by backward farming methods and severe drought, was about the only substantial major commitment that the United States gave Indian Prime Minister Indira Gandhi during two days of talks here.

Little in the way of other definite promises of economic aid was reported following the high-level conversations. Mrs. Gandhi left Washington today for home, by way of New York. She will fly from New York to New Delhi Friday night.

In a special message to the House and Senate following up his new grain pledge, Johnson said he was proposed not only U.S. action to meet India's food crisis but the help of other nations as well.

He said he also was "asking the Congress, and the American people, to join with me in an appeal to the conscience of all nations that can render help."

Parents Fight Narcotics Sale

PLAINVIEW, N.Y. (UPI) — Students and teachers at Plainview High School will soon be issued laminated identification cards, and parents will patrol school corridors in an effort to keep narcotics peddlers out of the school.

The Plain view School District on Long Island announced the new identification and patrol plan yesterday. A group of parents worried by the high incidence of narcotics use at the school asked for the system, believed to be the first such action taken by an American school.

The identification cards will carry the bearer's photograph.

Stinson Beach Club Elects Officers

Steve Carlson has been elected president of the teen group which meets on the first and third Fridays at 8 p.m. at the Stinson Beach Community Center.

Cheri Alton was elected secretary and Rose Marie Tacherra, treasurer.

The club, for young people from seventh grade to high school senior in age, is sponsored by the Stinson Beach Parent-Teacher Club. Activities include table tennis, badminton, record playing and dances.

Assessment Bill On Floor Of Assembly

SACRAMENTO (UPI) — Legislation intended to restore public confidence in the honesty of the scandal-marred property tax assessment procedure was awaiting action today on the Assembly floor.

The Ways and Means Committee approved the bill yesterday and sent it to the floor for final lower house action. The Revenue and Taxation Committee endorsed the measure earlier.

Also approved by the Ways and Means and sent to the floor was a bill granting $30 million in property tax relief for the edlerly poor.

Both bills were proposed by Assemblyman Nicholas C. Petris, D-Oakland.

The assessment measure would require all counties to establish tax appeals boards and apply stiff penalties to persons who escape taxation through underassessments.

Under the tax relief bill, the state would reimburse elderly persons for property taxes they pay. The amount would vary from 1 per cent for those earning $3,350 to 95 per cent for those making less than $1,000 a year.

Cycle Stolen

Parky C. Stephenson of 2 Ardmore Road, Larkspur, complained to Corte Madera police Monday that his 1965 Triumph motorcycle was stolen from the Redwood High School parking lot during school hours yesterday.

Employees Elect Temporary Chairman

Maurice Scott of the county health department has been elected temporary chairman of the Marin County Employees Assn. salary committee.

Formal action is expected on organization in a meeting April 11 when all 12 members are expected. Two were absent Monday night, Frederick H. Ward, association manager, reported.

Road Work Bids Asked For Novato

SACRAMENTO (CNS) — The State Division of Highways has called for bids for resurfacing 5.4 miles of Highway 101 between .7 mile north of Atherton Avenue in Novato and .9 mile south of Petaluma overhead near Petaluma.

Bids will be opened in Sacramento May 4, with $175,000 available.

Inmate Had Time To Write Book

NEW YORK (AP) — When Frank Elli decided to develop his literary gifts he had plenty of time — he was imprisoned at Stillwater, Minn., serving a 10-to-80-year sentence for robbery.

There was plenty of material to write about too, because he'd been in and out of 11 jails and prisons over the last 20 years.

The result was his first novel, "The Riot," an account of a two-day riot in prison.

Now out on parole, Elli is working on a revision of his second novel.

Yesterday Coward-McCann Inc. presented him with a $10,000 literary prize for the work. The firm will publish the book early next year.

County Endorses Seniors Fund

Marin County Supervisors yesterday endorsed application for $162,966 in federal funds during the next three years to help establish a senior citizen activities center at the county Civic Center.

Vera Schultz, president of the Marin Senior Coordinating Council, which is making the application, told supervisors that the only money needed from the county next fiscal year would be $2,000 to finance staff work and $750 for office equipment.

The center itself, estimated to cost $110,000, is expected to be financed through donations, she said.

The county four years ago approved a 99-year lease of land to the council for the activities center.

The Marin County Board Of Supervisors Also:

The Marin County Board of Supervisors also:

1. Voted 3-2, over the objections of property owners and with Supervisors Thomas T. Storer and Ernest N. Kettenhofen dissenting, to continue the hearing on apartment house zoning on the west side of Merrydale Road until Apirl 19, the same time amendments in Las Gallinas Master Plan are to be considered.

2. Ratified the Sausalito School District's application for federal grants for continuance of the "Head Start" program next summer.

3. Continued until next week discussion of the proposal to sell the Scott property, adjacent to mount Tamalpais State Park. The county, with some help in public donations, purchased the property three years ago to stop development, believing that state purchase was imminent.

4. Hired Lorraine M. Wrenn at $440 a month as deputy clerk in municipal court, and Charle E. Henson at $536 as park maintenance man.

5. Passed a resolution urging citizens to support the Marine Corps Reserve's Viet Nam civic action fund, a program which supplies medicine, food and clothing to Viet Nam needy.

6. Proclaimed May "senior citizen month" in Marin.

7. Adopted resolutions consolidating a Lagunitas School District bond election and a Fairfax School District tax election with the June 7 primary.

8. Appointed Joseph Laurence to the Stinson Beach Fire Protection District board and Manuel Peters to the Bolinas Fire Protection District board. In both cases, the men were the only candidates filing for a single vacancy. Election will not be held in either district.

9. Approved annexation of property on Oakcrest Road to the Sleepy Hollow Fire Protection District.

10. Released hold on payment of funds to Brown-Ely Co. of San Rafael for work in the Bel Marin Keys special assessment district. Payment was held up when several contractors sought direct payment from the developer rather than through his bank as required under the district.

11. Awarded contracts to Carlson's Moving and Storage, United Moving and Storage, Peirce Hardin, Sausalito Moving and Storage, and Dowd's Moving and Storage for delivery of election supplies for the June primary.

12. Put off until June budget deliberations the request of the county coroner for a second deputy.

13. Approved establishment of a sheriff substation in the Kentfield fire station at $1 a year rental to the Kentfield fire district. The substation was earlier approved pending endorsement by the city-county services committee. The committee, however, has been unable to meet for the past three weeks.

14. Asked the county aviation committee to pursue studies of the proposed parallel civilian runway at Hamilton Air Force Base.

15. Agreed to offer the Tiburon Peninsula Club $2,500 for right of way for street widening. Payment has been in dispute and the club has filed claim for $10,000.

16. Endorsed assembly bill 89, which would establish a statewide data processing system, but urged that an amendment be provided to allow a joint legislative body to govern the operation, giving participating cities and counties some control.

Veterinarian Hits Neglect Of Birds

SAN FRANCISCO (AP) — Parakeets and canaries should live from 10 to 15 years, but now average between 2 and 3 because of inadequate care, a veterinarian declared yesterday.

Blaming the pet birds' owners was Dr. Theodore J. Lafeber of Niles, Ill., who spoke at the 33rd annual American Animal Hospital Assn. meeting.

Many caged birds, he said, receive "extremely inadequate care from their owners." Of the 25 million birds in American homes, probably half "are suffering from diseases shortening their normal life expectancy by as much as 80 per cent," he added.

Transplanted Kidney Functioning

STANFORD (UPI)—Doctors today said a Fresno woman who received a second healthy kidney in a transplant operation was "doing well."

Doctors said Mrs. Marilyn Mongelli, 33, was in satisfactory condition and the kidney has been functioning since Monday's delicate surgery at Palo Alto-Stanford Hospital.

The donor was Mrs. Dani Ferguson, 57, of Costa Mesa. Mrs. Ferguson, no relation to Mrs. Mongelli, was also reported to be in satisfactory condition.

The first transplanted kidney was removed last Wednesday after failing to function. It had been donated by Mrs. Mary Louise Eisentrager, 28, also of Fresno. She is not related to Mrs. Mongelli.

Kidney transpiant operations are more difficult when the donors and recipients are not related.

INGENIOUS HOAXERS — California Institute of Technology students Terry Warren, 21, and Jim Gould, 20, (right) yesterday show off one of the ballon-like, flare-lighted and tinfoil-streaming contraptions they secretly sent aloft from Pasadena over a two-week period to test public gullibility during the current rash of "flying saucer" sightings.

(UPI Telephoto)

Scientists Say Saucers Imaginary

BALTIMORE, Md. (AP) — Three space scientists have questioned the idea of flying saucers being seen by earthmen.

Dr. Paul A. Campbell, a pioneer in space medicine, believes that the sighted flying saucers are all in the minds of those who report seeing them.

Dr. John S. Hall, astronomer at Lowell Observatory in Arizona, feels that tourists from other planets would have more sophisticated tastes than the sightings indicate.

Dr. Edward C. Walsh expressed concern more for those who sighted the saucer than for the locations of the sightings.

"So many airline pilots report seeing them," said Walsh, executive secretary of the National Aeronautics and Space Council. "That's why I take the train."

The men made their views known yesterday at a convention here.

"People are anxious to believe that there is intelligent life on other planets," said Campbell, and thus "see flying saucers because they want to see flying saucers."

Campbell, discussing reported sightings of unidentified flying objects, called the reports a mechanism for escaping from more earthy troubles and worries.

Hall said he couldn't see why a civilization with technology so advanced that it could send a manned and maneuverable space ship a distance of at least three light years, would have that spaceship hover over swamps in Michigan or crossroads in Oklahoma.

"They could be peek-a-booing Paris, New York, or London," he pointed out.

The astronomer said he felt the planet Venus is mistaken for a flying saucer by many persons.

CALTECH HOAX

Student-Built UFOs Flummox Pasadena

PASADENA (AP) — The ivy-clad halls of California Institute of Technology — where genius-level pranks are a tradition — have launched another lulu.

Two Caltech students yesterday admitted they and others were responsible for an unidentified flying object sighted by hundreds Monday night.

The object, an 8-foot-diameter plastic balloon with red flares dangling from rotating blades, was launched behind Fleming House dormitory by students using walkie-talkies to observe the movements of campus guards.

It was a hoax in the grand manner—reminiscent of the 1965 Rose Bowl spell-out card mixup witnessed by a national television audience. Then, weeks of planning enabled 14 residents of Lloyd House to substitute Washington University cheering section cards so they spelled out "Caltech" instead of "Washington."

This time, weeks of planning enabled residents of Fleming House to construct four UFOs in steampipe tunnels beneath the campus, equipping them with aluminum foil streamers so that on radar screens they would seem to be a block long.

The first balloon was loosed last Wednesday night. Two more were launched Friday and Saturday but were obscured by low clouds.

The most successful was set free Monday night. Police reported hundreds of calls from residents who had sighted a UFO "zipping along at fantastic speed."

Although the boys escaped detection by campus guards, they were spotted by an unidentified woman employee of Caltech. She told police and the students later were interviewed by newsmen.

James Lloyd, 20, president of Felming House, and Terry Warren, 21, called the hoax "an experiment in gullibility."

"We succeeded beyond our wildest dreams," he said. "We suckered everybody — except that we were found out."

He said the UFOs cost about $4.50 each. They were made of plastic sheeting, tied at the ends with string, and inflated with non-inflammable gas.

Harbor Unit Status Change?

SACRAMENTO (AP) — The Division of Small Craft Harbors would be elevated to departmental status under legislation before assemblymen today.

The bill by Sen. Fred Farr, D-Carmel, would create a Department of Harbors and Navigation within the State Resources Agency.

The Senate yesterday passed the measure unanimously, which would remove the division from the supervision of the Department of Parks and Recreation.

MARIJUANA ROUNDUP

Dragnet Snares Dissimilar Youths

By THERON A. NEWELL
(Second of three stories)

Have you ever wondered what kind of a boy would turn to marijuana just at a time of his life when he is having his greatest mental and physical development?

Some of those arrested in a weekend roundup by Novato police, were clean-cut boys, some of the beatnick type. Some came from average families, some from wealthier homes where there they lacked no things that money could buy.

I watched as this parade of young men came into the Novato police station. I watched them as they sat around waiting their turn to be searched and interrogated.

I watched one boy in particular, a 16-year-old. He had a typical beatle haircut, bangs down to his eyebrows and long flowing hair down to his shoulders. He wore a white shirt with a large soft white collar and bright necktie. He had on a maroon suit and ankle boots.

As I watched him, his mind did not seem to be connected to his body. His glance shifted idly from one thing to another, never actually seeing what he was looking at. From time to time, his head jerked in an involuntary motion. His face would contort occasionally as he was unable to control his muscles. He reached back to run his fingers through his long hair and they seemed to be the fingers of one afflicted with a bad case of arthritis. He was unable to control them, and instead of straightening out his long hair, he merely made a tangle of it.

For a long time, his eyes rested on the folded American flag in the station. I wondered if he felt any pangs of remorse.

Another boy, who could have been any mother's son, so clean cut was his first appearance, was so badly hooked that he had to sell his soul by trying to peddle the weed, to his classmates to get money for his own habit. And he was just past 15 years of age!

Here were boys so badly hooked on the weed that they were condemning themselves to a miserable life to support a filthy habit.

Why? I could not answer why.

Schools Face Jury Check On 'Poverty'

MARTINEZ (AP) — Kenneth Thollaug, grand jury foreman, ordered an investigation yesterday after the Orinda Elementary School District applied for $19,418 to fight poverty.

Thollaug, Contra Costa County grand jury foreman, said the average family income in that Oakland suburb is $13,000 and asked: "What poverty pocket exists?"

School district trustees voted to apply to the federal government for poverty funds to set up a "diagnostic reading and remedial treatment center."

Clarence Betz, Orinda Chamber of Commerce secretary-treasurer, said the community of 18,000 is the "second highest assessed area" in the county.

Fee Exemption Bill Is Backed

SACRAMENTO (AP) — If you're over 65 you wouldn't have to pay a vehicle license fee under legislation approved by the Assembly Transportation and Commerce Committee.

The bill by Assemblyman Pearce Young, D - Napa, approved yesterday, would reduce state highway fund revenue by about $633,000 a year. It would apply to about 211,000 Californians.

The measure is opposed by State Finance Director Hale Champion.

Fairfax Weighing Beautification

A return to the turn-of-the-century-look for Fairfax was one of the ideas put forward at a meeting last night of the six Fairfax Citizens Planning Committees working on the city's general plan.

It was the mid-point progress meeting of the committee and recommendations submitted will be passed to the county planning staff for review and consideration, David J. Sumbardo, city administrator, said today.

Other recommendations concerned the beautification of the city with a color co-ordinated unified scheme for the business district.

Sumbardo said the attitude of most committees was negative towards concreting creeks, and it was felt parking lots should be so designed they would be pleasing to the eye.

Rowland Darnell, county principal planner, introduced County Planning Director Paul Zucker, who commented on the committees' recommendations.

The next progress meeting is scheduled for June 1.

Green Beret Guarded

WEST HAVEN, Conn. (UPI)—Authorities assigned a 16-man police guard to Maj. Robert Osborne, a member of the Army Special Forces, the elite "Green Berets," whose appearance at New Haven College yesterday touched off anti-war demonstrations. Police said there were no serious incidents.

Mass Arrest Trial Plan Bill In Committee

SACRAMENTO (UPI)—Legislation intended to speed the trials of persons arrested after riots like the ones in Watts or demonstrations like the University of California's Sproul Hall sit-in has been approved by an Assembly committee.

The bill, supported by Gov. Edmund G. Brown, would establish an emergency court system to handle mass arrests.

The Criminal Prodecure Committee endorsed the measure yesterday and sent it to the Ways and Means Committee.

If the bill, by Assemblyman Alfred H. Song, D-Monterey Park, becomes law, a presiding judge could ask the governor to put the emergency court plan into operation. Criminal trials then could be held anywhere in the county and civil cases could be transfered to clear court dockets.

Potential Buyer Selected For Golden Gateway Lands

SAN FRANCISCO (AP)—The city's Redevelopment Agency picked a buyer yesterday willing to pay between $10 million and $11.5 million for the last five blocks of its Golden Gateway Project near the Ferry Building.

Granted were exclusive rights to negotiate during the next 90 days for the purchase and development of the 373,287 square feet. The program is expected to call for a $100 million investment.

The project, for commercial buildings, is bounded by Clay, Battery, Sacramento, Drumm, California and Market streets and a park to be built in front of the Ferry Building on the Embarcadero.

Given exclusive rights to bargain was a firm made up of Trammell Crow of Dallas and San Francisco, Cloyce K. Box of New York and John C. Portman Jr. of Atlanta.

Crow-Box-Portman offered to make available without cost to the city a site in one plaza for a municipal repertory theater.

The agency said the Crow-Box-Portman group was one of four making offers for the land, for which it has been seeking a sponsor for three years. Others were not named. That was the only offer for all parcels left to be sold.

Tam Swimming Pool To Open For Week

The swimming pool at Tamalpais High School will be opened to the public during the spring school vacation next week, according to school recreation director Edward Chavez.

The pool will be open from 1 to 5 p.m. Sunday through April 7, Chavez said.

Lawyer Tells Of Fee Split With Wolden

SAN FRANCISCO (AP) — A former deputy city attorney has testified he did not believe his friend, San Francisco Assessor Russell Wolden, would involve him in a "sour transaction."

This is how Orville Wright explained his acceptance of $4,705 on which he said he paid the income tax and then gave Wolden $2,000.

Wolden is on trial, charged with accepting bribes and conspiring to get them. The state charges he took money to reduce valuations and thereby taxes.

Wright, now chief personal property auditor in Wolden's office, testified yesterday he believed he was doing Wolden a favor by paying the income tax on the fee.

Earlier James Tooke, a tax consultant, testified he paid Wright the money on instructions from Wolden. Tooke said the money was given for consideration in the reduction of the assessment for the Jack Tar Hotel.

Wright said he had disclosed receiving the fee and passing part of it to Wolden and the assessor publicly called him a liar. This, Wright said, was when he suspected something was shady about the fee.

Under cross-examination from defense attorney James M. MacInnis, Wright said he thought fee splitting was a common practice among lawyers.

When asked about his personal dealings with Wolden, Wright answered, "I like to think I was as close to the assessor as any member of his staff."

Women's Clothing Stolen From Store

Helen Stephenson's Women's Apparel at 638 San Anselmo Avenue, San Anselmo, reported to police yesterday that clothing valued at $348.50 was stolen from the store between March 19 and 21.

Mrs. Stephenson said the thief may have had a key to the shop, as one was lost a couple of months ago. Police Chief Raymond R. Buchignani said all the missing items were small and could have been carried out by a shoplifter.

CANCER DISCOVERY

Doctor Relates New Blood Spin Technique

A new technique which spins the plasma out of abnormal blood to treat a rare disease was described to American Cancer Society campaign workers in San Francisco yesterday by a Mill Valley physician.

Dr. H. Hugh Fudenberg described research which he and Dr. Malcolm MacKenzie have carried on at the University of California, aided by Cancer Society funds.

Object of their work has been to learn more about a rare malady with a long name which is characterized by an excess of dense protein in the blood.

The disease—called macroglobulinemia—hits persons between 60 and 70. It was formerly believed by many researchers to be malignant and usually is fatal within a year or two after it strikes.

The two doctors, however, have kept three patients alive for more than five years, using their technique, while five others have survived three years or more.

The treatment, said Dr. Fudenberg, consists of drawing out large quantities of the patient's blood, then putting it in a centrifuge. There it is whirled about until blood cells are separated from plasma.

It is this plasma, explained the doctor, which contains the excess protein. It is, therefore, replaced with a special solution before the blood is injected back into the patients' veins.

Cause of the abnormality itself, said Dr. Fudenberg, is believed to be a defect in lymphoid cells which produce the protein.

The Mill Valley researcher said he and his colleague hope their work can develop new knowledge about blood protein disorders which have been wrongly considered malignant.

Promotion Means Trustee To Move From Mill Valley

John G. Donhoff, Mill Valley School District trustee and former editor of the Mill Valley Record, has been promoted to regional manager of the California Disaster Office in Southern California, with offices in Pasadena.

Donhoff has been executive assistant for state resources office in Sacramento since March, 1965.

He said today he will resign from the school board at the April 11 meeting. He plans to recommend a successor to the board to finish his term, which expires July 1, 1967.

In his new position Donhoff will be responsible for 11 counties from San Luis Obispo in the north to San Diego and Imperial in the south.

Donhoff, who lives at 390 Ferndale Avenue with his wife, Jill, and sons, John Jr. and Gary, plans to move his family south when school is out.

Donhoff worked for the Record from 1960 to March, 1964, becoming editor in 1963. He left the newspaper in 1964 to manage the congressional campaign of George McCabe.

He was a director of the Mill Valley Chamber of Commerce, a Tamalpais Fire Protection District commissioner, president of the American Little League in Mill Valley, and on the board of the Louise A. Boyd Natural Science Museum, San Rafael.

Base Bids Called

Bids were called today by the base procurement office at Hamilton Air Force Base on painting the interiors of several buildings and furnishing a motor boat and trailor.

Committee Backs LSD Control

SACRAMENTO (UPI) — A Senate committee has taken the first step toward outlawing the use by thrill-seekers of LSD and other hallucination-causing drugs.

The Judiciary Committee approved the bill yesterday after its author, Sen. Donald Grunsky, R-Wasonville, said the use of LSD by high school and college students was skyrocketing.

The measure would permit use of the drug only with prescription from a physician.

Independent-Journal

Statement of Policy

Regarding Political Advertising

The Independent-Journal does not aggressively solicit or render copy writing service for political advertisements that are argumentative in content. Political advertisements are construed to be all assertions subject to public controversy, whether or not a public election is involved.

Any political advertisement that is not clearly the personal appeal of the elective candidate or candidates involved must show the name of the sponsoring group together with the name or names of one or more persons officiating for such group and their address.

Political advertisements must be submitted in complete and explicit form, ready for the printers, and clearly marked as to size and date of appearance. All political advertisements are payable in advance. Charges are figured at the regular rate.

Advertising deadlines are 4 p.m., two days preceding publication. As example: Tuesday advertisements must be in Friday at 4 p.m.; Monday advertisements must be in the preceding Friday morning. Any intervening holiday advances the deadline by a day.

No responsibility to show printer's proof is assumed under the above schedule.

If a proof is desired, advertisement must be submitted substantially in advance. Corrections, if any, must be ordered by 4 p.m., two working days preceding publication. Any changes from original copy will be charged for on basis of printing work involved.

On the last publication day before an election no political advertisement other than a simple statement of advocacy will be printed. As example: "Vote yes on proposition three," or "Elect John Jones," together with facts as to nature and time of election and, if desired, candidate's party affiliation or occupational identity.

Nearing a public election, no advertisement introducing a new controversial subject will be accepted to run later than the fourth publication day preceding the election. If any new statement or issue should be introduced on the fourth publication day preceding the election, attacking the opposing candidate or issue involved, the newspaper may, at its discretion, make allowance under this rule for the opposing side to answer.

Necessity for the newspaper's disinterested handling of political advertisements is readily apparent. These terms and conditions are adhered to in spirit of fairness to all.

CANDIDATES' NIGHT

Mill Valley Park, Budget Criticized

Six candidates for the Mill Valley City Council talked of parks, lanes and a proposed railroad on Mount Tamalpais last night, but they didn't overlook economics.

More than 200 persons gathered at Park School auditorium to hear the candidates speak at a meeting sponsored by the League of Women Voters of Southern Marin.

John Finn III, a public accountant, cited the increasing city budget and charged that copies were not made available to the public at budget hearings.

Finn questioned the expenditure of $20,000 for first phase improvements at Old Mill Park. "I'm in favor of development and improvement of parks if it is done at minimum cost," he said.

Dr. Willard H. Pennell, a consultant in neurology at Stanford Medical School in San Francisco, said the council should not overlook the older citizens.

He suggested there be a program whereby property taxes for residents over 65 could be deferred, and paid either by their estates or when they sell their property.

Older residents on fixed incomes are concerned that they will have to move from Mill Valley because of the property taxes, Dr. Pennell said.

Dean N. Meyer, chairman of the Mill Valley Parks and Recreation Commission, said the challenge is to "keep Mill Valley green," and protect its natural beauty.

Some parks "are in disgraceful condition" and should be improved, he said. The city also should press for completion of the yacht harbor, which will provide recreation and tax relief, Meyer said.

He also said he favored extension of the network of lanes, steps and trails in Mill Valley.

Louis E. Bartolini, an account executive for Merrill, Lynch, Pierce, Fenner and Smith in San Francisco, said the city's essential problem is declining sales tax revenue.

The sales tax is vital and the downtown area must be re-established for local shopping, Bartolini said.

David B. Gardner, a Mill Valley stockbroker, said the city should not expand its boundaries haphazardly, hoard its natural beauty or sell it "for a moment of fame," nor give residents "the benefits of today at the expense of tomorrow."

The city needs "new blood in its merchants, new blood in its chamber of commerce," and it needs youth and imagination, Gardner said. (For Gardner's most unusual proposal, see story on Page 1.)

Rodric L. Robinson, chairman of the Mill Valley Planning Commission, stressed the importance of proper development of the undeveloped areas of the city.

The city has a master plan for the development of the marshland and the North Ridge area has been zoned for planned residential development, but "we must enforce this and establish controlled development," he said.

The proposed railroad and restaurant on Mount Tamalpais were discussed during a question session after the candidates made their opening statements.

Robinson said he would disapprove the proposal, as "it would be incompatible to have a railroad up the side of the mountain."

Gardner said the railroad "is a good idea in a way, but needs further study."

Concerning the downtown business area, Gardner said he would eliminate parking meters, create a downtown mall, and convert the bust station into a restaurant.

Asked what areas the city is considering for annexation, Robinson said annexation requires consideration of two factors: the economic feasibility of the proposed annexation, and whether it is in the Mill Valley planning area.

On the proposed flood control project for Mill Valley, Meyer said he would do everything he could "to see that we don't have a concrete channel."

On the planned community of Marincello, Finn said he was concerned mainly with the effect Marincello might have on Mill Valley. "I'm more concerned about working with our own problems," he said.

Bartolini said the present city council "has done a good job," and Meyer said he has been "pleased with the council."

Finn charged that the planting along Miller Avenue was "abominable" and said 50 per cent of the plants should be taken out, improved or cut.

Dr. Pennell urged safe access to Tamalpais High School and Edna Maguire School through joint city-schools efforts. Robinson said there should be liaison between schools and city on development of playground-park areas.

Bartolini contended that there are unsafe conditions in some parks that should be improved.

CHARLES W. HEIM

Navy Seaman Apprentice Richard P. Tomblin, son of Doris M. Pollock of 73 Angela Avenue, San Anselmo, has been selected for training at the U.S. Naval Submarine School, U.S. Naval Submarine Base, New London, Conn.

Cycle Fall Injures Novato Teeners, 17

Randy Gerald King, 17, of 5 Rowland Court, Novato, skinned both hands, his left knee and left side of his head when he fell from a motorcycle at 9:28 a.m. Monday in front of 1284 San Jose Boulevard, Novato police reported.

King was headed east on San Jose Boulevard when the motorcycle hit a bump and threw him off, according to police. He refused medical treatment. He was cited by police for driving without a driver's license.

'DEVASTATE THE NORTH'

Jungle War Veteran Calls For Quick End

An Army captain, recently returned from Viet Nam, believes the war would be over in two weeks to a month if the United States used more power and "devastated the north."

"At the rate we're going, it'll take another three years," said Capt. Vance Sutley of 123 Canal Street, San Rafael.

"Military people believe we're doing the right thing, but can't understand why we we're playing cat and mouse," he said.

Captain Sutley served two tours of duty in Viet Nam. He was military adviseor to a Viet Namese battalion in the Kontum area for 14 months in 1962-63, and adviser to a regiment of the 23rd Viet Namese Infantry Division from Last March to early this month.

During his second tour of duty Capt. Sutley served out of Bam-Me-Thout in the central highlands, covering the area from Cambodia to the coast.

"We went on clear and search and clear and hold missions, looking for Viet Cong units," he said. "Many times you don't see them, and don't know they are there until they shoot at you."

He noted that operations have increased in size since his first trip to Viet Nam in 1962. "The Viet Cong is stronger and their weapons are more sophisticated," he said.

"The first time, the Viet Cong had mostly captured American weapons and old French weapons, and the war was purely guerrilla with few main units."

Now the Viet Cong has "fairly new" Russian and Chinese weapons and is "pretty organized" with many regiments and "main force troops," he said.

Captain Sutley said that if the communists are not stopped in Viet Nam they will take over the neighboring countries. "Cambodia and Laos would go by the wayside, and it would be only a matter of time that Thailand would be swept up by the tide," he declared.

The United States is helping a country that asked for its assistance, he said. "If we hadn't gone in Viet Nam would be communist. We've got to stop it some place."

Captain Sutley said the South Viet Namese soldier "is as good a fighter as any in the world." He said Viet Namese are more "offensive-minded" now than they were in 1962-63 and he believes that "the tide of battle has turned."

The morale of the U.S. troops has not been destroyed by anti-war demonstrations in this country, Sutley said. "It doesn't bother them. They say it's a minority."

Captain Sutley's wife, Jean, and their two sons, have lived in San Rafael for the past year while he was serving in Viet Nam. They will move from their San Rafael home tomorrow to Fort Ord, Captain Sutley's new station.

A member of the Army since 1948, Captain Sutley served in the Korean War as a corporal in the Signal Corps, and was adviser to the 361st Regiment of the 91st Reserve Division at the Oakland Army Base between trips to Viet Nam.

Wayne Belles, son of Maj. (ret.) and Mrs. George C. Belles of 60 Western Drive, Novato, will be installed as master councilor of the Novato Chapter, Order of De Molay, at 8 p.m. Saturday in the Druids Hall in Novato.

Greg Dale will be installed as senior councilor, and Don Herriott as junior councilor.

The appointed officers are: Mike Shultz, senior deacon; Bill Sooy, junior deacon; Roy Hetrick, senior steward; Russ Greenfield, junior steward; Scot Wineland, orator; Greg Hale, scribe; Ron Lear, sentinel; Rick Sherman, chaplain; Nelson Rodgers, marshal; Glenn Townsend, standard bearer; Charles Hughes, almoner and Wally Campbell, Rusty Collum, Terry Wilson, Brent Turner, Jim Meredith, Noel Diefendorf and Dan Millikin, preceptors.

Kathy Faulkner of Novato Assembly 194, Order of Rainbow for Girls, is the chapter sweetheart.

Novato Seniors Win Elks Contest

David Budde and Kathleen Heymann, seniors at Novato High School, were the principal winners in the youth leadership contest sponsored by the San Rafael Elks Lodge 1108.

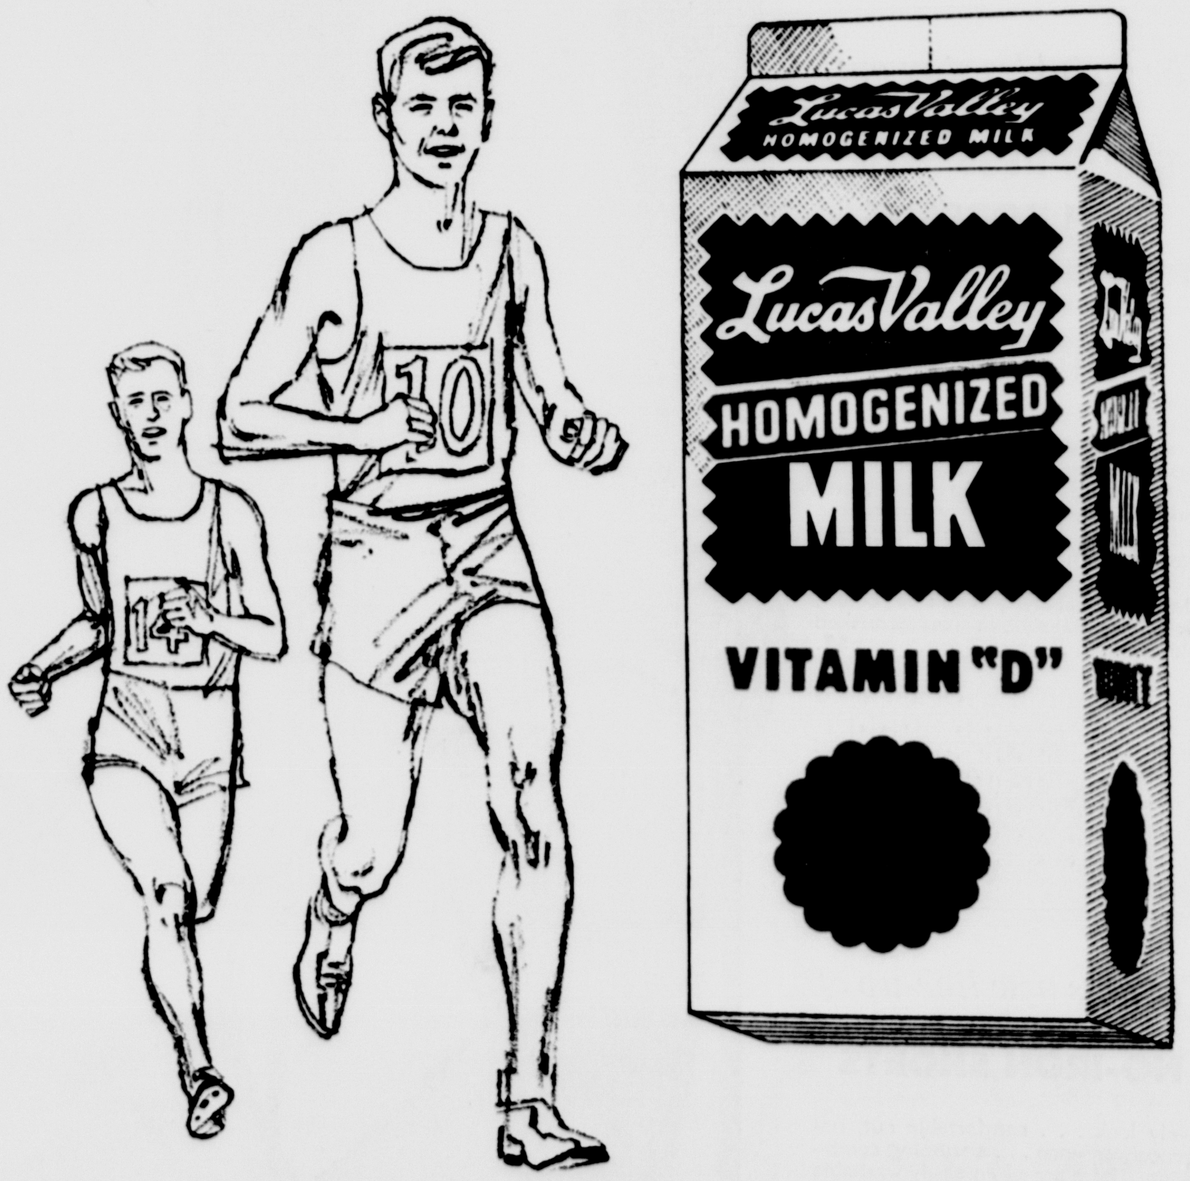

Each has been presented with a $50 savings bond and plaque by Albert E. Gately, exalted ruler of the lodge. Budde was awarded an additional bond for winning second place in the district contest.

Second place winners in the county contest were Shamus O'Connell, a senior at Marin Catholic High School, and Nanette Baget, a senior at Novato High School. Each received a $25 bond.

Judging for the leadership contest was based on the candidates' participation in school and community affairs and on personality.

BENEATH THE glazed fruit topping of this Viennese-inspired dessert is a creamy rice pudding, easily made with American convenience foods. Fruited Rice Carousel is an American adaptation of a rich and delectable Viennese dish. The other recipe featuring rice is Risotto, one of Italy's most popular dishes.

Rice, An International Food Cooked All Around The Clock

In this year of 1966, rice is being saluted for the part it plays in feeding more than one half of the world's population. This single food product makes up from 70 to 80 per cent of the entire food intake in many countries and is eaten all around the clock, by the rich and poor, the young and old, on feast day and on fast days. In Spain, Italy, Egypt, the Near East and the Far East, rice is eaten and enjoyed, as it is in the Scandinavian nations, Russia, Austria and France, too. The interesting ways rice is used around the world range from the spectacular ceremony of the Dutch East Indies' rijsttafel (rice table), with its numerous side dishes, to the simple lemon and rice soup preferred by the Greeks.

OF THE MANY ways rice is used around the world, among the most popular is rice cooked with broth and a little fat plus bits of meat, poultry or seafood and vegetables. This is the **pilaf** of Egypt, some countries of the Near East and Southern Louisiana. In other countries, it is known as **pilau.** It's **paella** in Spain and South America, **risotto** in Italy. When cooked with green peas, it is the **risi pisi** in Austria and Hungary.

HERE ARE but two of the many international ways with rice. Fruited Rice Carousel is an American adaptation of a rich and delectable Viennese torte made with U. S. grown rice and American convenience foods. The other is one of Italy's most popular rice dishes.

FRUITED RICE CAROUSEL

CRUST:

2 cups sifted all-purpose flour
½ cup sugar
¾ cup finely chopped pecans
1 cup butter or margarine

FILLING:

2 cups milk
2 cups cooked rice
1 package (3¼ oz.) vanilla pudding mix
½ teaspoon vanilla extract
1½ cups whipped dessert topping
Apricot halves, pineapple tidbits, whole strawberries

GLAZE:

1 tablespoon cornstarch or arrowroot
2½ tablespoons sugar
Dash salt
½ cup water
1½ teaspoons lemon juice
¼ teaspoon vanilla extract
1 to 2 drops almond extract

For crust, combine flour, sugar, pecans, and butter. With pastry blender or fingers, knead ingredients together. Press into bottom and up about 1 inch on sides of 9 inch spring form pan. Bake at 325 degrees for 1 hour. Cool.

For filling, combine milk and rice; cook over low heat about 15 minutes. Stir in pudding mix and continue cooking, stirring constantly, until thickened. Add vanilla. Cool. Fold 1 cup whipped topping into pudding. Pour into crust. Arrange fruit attractively on top.

For glaze, mix cornstarch, sugar, salt, water and lemon juice. Cook until thickened. Add vanilla and almond extract. Cool. Brush glaze over fruit. Garnish with remaining whipped topping.

Makes 6 servings.

RISOTTO

1 cup uncooked rice
3 tablespoons butter, margarine or oil
½ cup chopped onion
½ cup diced green pepper
2 cups chicken broth
1 teaspoon salt
1 can (2½ oz.) sliced mushrooms
½ cup grated Parmesan cheese

Cook rice in butter until it is golden in color. Add onion and green pepper. Continue cooking 5 minutes, stirring constantly to prevent overbrowning. Add chicken broth, salt, and mushrooms. Heat to boiling; stir once. Cover, reduce heat and simmer 15 minutes, or until rice is tender. Remove from heat. Toss lightly with Parmesan cheese.

Makes 6 servings.

Horseradish Adds Zest To Sauce

COCKTAIL SAUCE

1 cup tomato catchup
¼ cup chili sauce
2 teaspoons bottled horseradish
4 teaspoons lemon juice
Tabasco sauce to taste

Thoroughly stir together all the ingredients. Makes 1⅓ cups. Serve as an accompaniment to cooked shrimp on salad greens.

Varies The Mix

Three-quarter cup of chopped cranberries and a teaspoon or so of grated orange rind may be added to a package of nut-bread mix to vary it. Just stir the cranberries and orange rind into the batter.

Tarragon Adds To Stuffed Eggs

Tarragon gives interesting flavor to stuffed eggs.

Tarragon Egg Salad Bread Tray
Fruit Beverage

TARRAGON EGG SALAD

6 hard-cooked eggs
¼ teaspoon salt and ⅛ teaspoon white pepper
¾ teaspoon prepared yellow mustard
2 teablespoons mayonnaise
2 teaspoons tarragon vinegar
Dried crushed tarragon to taste
Lettuce

Cut eggs in half lengthwise and remove yolks; mash yolks with all the ingredients except the lettuce. Stuff yolk mixture back into egg cavities. Serve on lettuce. Makes 4 servings — 3 stuffed egg halves per portion.

Raisin Bread Easter Bunny Sure To Delight Youngsters

See what's nestled among the eggs. It's the Easter bunny himself, all ready for breakfast. He's made from a hot roll mix scented lightly with fresh orange juice and richly studded with plump California raisins. Add touches of frosting to decorate him as you wish. He will be a delight to both young and old, so do look for a mold in your favorite hardware store or, very likely, the five and dime.

And speaking of raisins, they should come in very handy about now. Easter buns and cakes and cookies, a sauce for the ham, maybe a pie. You might mix raisins with salted nuts to help round out the Easter baskets. You might hide miniature boxes instead of the usual too much candy. Remember that the Easter bunny needs all the help he can get and raisins are the original "convenience" food.

EASTER BUNNY RAISIN BREAD

1 (13¾ oz.) package hot roll mix
⅓ cup warm water
⅓ cup orange juice
¼ cup sugar
3 tablespoons soft butter
2 eggs
1 cup California raisins

Combine yeast from hot roll mix package with warm water; stir to disolve. Add orange juice, sugar and half the dry mix; beat until well blended. Add remaining dry ingredients, butter and beaten eggs. Cover and let rise about 1½ hours until doubled in size. Stir in coarsely chopped raisins. Turn dough into greased rabbit mold. Place cover on mold and let rise 45 minutes in warm place.

Place mold on baking sheet. Bake in moderate oven (350 degrees F.) 40 minutes. Remove top of mold and continue baking 15 to 20 minutes longer until bread tests done. Cool bread in mold 10 minutes, then turn out on rack. Makes 1 loaf.

COME EASTER morning the children will be delighted when the Easter Bunny stays for breakfast in the form of this Easter Bunny Raisin Bread. He's made from a hot roll mix scented lightly with fresh orange juice and richly studded with plump raisins.

Dinner For Two Couples

French Fried Potatoes
Lemon Broccoli Salad Bowl
Tipsy Meringue Souffle with Custard Sauce

TIPSY MERINGUE SOUFFLE

¼ cup golden raisins, halved
¼ cup chopped (medium fine) pecans
2 tablespoons each sweet sherry and white rum
3 large egg whites
½ cup sugar

In a small container mix together the raisins, pecans, sherry and rum; cover tightly and allow to stand at room temperature overnight. Beat the egg whites until they begin to hold peaks; gradually beat in sugar; continue to beat, if necessary, until very stiff and glossy. Gradually fold in the raisin-pecan mixture including any liquid not absorbed. Turn into a buttered 1-quart round casserole (6½ by 2½ inches); set in a pan of hot water so water comes halfway up side of casserole. Bake in a moderate (350 degrees) oven until puffed above baking dish and top is brown — 35 to 40 minutes. Serve at once with a custard sauce. Makes 4 servings.

Board Sticks To Original Bond Ballot

Marin County supervisors yesterday agreed to stick to the original $4.3 million park bond proposal June 7, thereby following the recommendation of the county park and recreation commission.

An alternate, $4 million proposal with allocation to specific projects had been proposed, but both the commission and the board set the alternate aside.

Of the total, $2.3 million would be allocated to districts and cities on a population basis.

Acting City Mgr. Robert C. Bundy of Larkspur yesterday again questioned the population allocation plan and cited his city's $800,000 development plan for a 50-acre park which would draw users from many areas.

Supervisor Peter H. Behr, who proposed the original park plan, told Bundy it might be possible for Larkspur to get some county money or state bond money to assist in development of the park.

Garage, Slated For Demolition, Destroyed By Fire

A dilapidated old garage, in Mill Valley, which was to be torn down soon for a duplex development, was destroyed Monday by fire believed to have been spontaneous combustion.

Fire Chief Leslie Armager said he could give no estimate of damage to the garage at 14 Catalpa Avenue due to its poor condition. Firemen played water on the adjoining two-story house, also to be demolished, to save it. House and garage are owned by Herman Bauer of 53 Sonora Way, Corte Madera.

Also a complete loss was a car owned by Barbara Newman of 14 Catalpa, which had been parked near the garage.

Armager said he believes the fire, first reported at 2:32 p.m., was caused by spontaneous combustion, probably in paint and oil cans in the garage.

Asst. Chief Joe Regalia twisted his right knee while fighting the fire.

Drunken Driving Fines For Two

Milton Harry Eggers, 36, of 107 Shaver Street, San Rafael, was given a suspended $276 fine in Marin Municipal Court Monday for drunken driving on condition that he pay $193. He was placed on probation for a year.

Eggers was arrested on Fourth Street by San Rafael police March 25.

Joanne Joyce Stubbs, 865 Francisco Boulevard, San Rafael, was fined $276 and placed on a year's probation, also for drunken driving. She was arrested by San Rafael police on Francisco Boulevard on Nov. 12.

Five Syphilis Cases Reported

Eight cases of gonorrhea and five of syphilis were reported to the Marin County Health Department last week.

Thirty-two persons had streptococcus infections and 10 had measles. One person each had tuberculosis and mumps.

The venereal diseases were distributed throughout the county, with cases reported in Sausalito, Mill Valley, Fairfax, San Rafael, Novato and West Marin.

About half the strep infections were in San Rafael, along with half the cases of measles.

In 1945, the National Football League made the wearing of socks mandatory in league games.

Many To Attend Theater Premiere

By MOLLY MARIN

Many Marinites are planning to attend the dinner and theater party premiere of "The Trouble With Angels" on April 5 at the Royal Theater in San Francisco. The production, starring Rosalind Russell and Hayley Mills, is being sponsored by the Dominican Convent Alumnae and San Domenico Service League.

Among those attending will be Messrs. and Mesdames John E. Cahill, Desmond Mactavish, Arthur Relfe, Curtiss Hayden, Gregory K. Solon, Harding McPhun, Dan Sweeney Jr., Dick DeBerry, Edward R. Rice III, David H. Walker III, Bruce Selfridge, Americo Oberto, Max Thelen, Dr. and Mrs. James Pelfini, and Susan De Berry and the Dewey Donnells of Sonoma, whose daughters attend the school.

MRS. FRED DREXLER of Mill Valley was honored at a luncheon Friday for 15 guests given by Mrs. Eugene McGeorge at her home in Mill Valley.

PERIPATETIC IS the word for the John Lord King family. The Belvedere couple and their son David and his wife, the former Ann Goldblatt of Mill Valley, are planning a month of island hopping in the Caribbean this summer. They will charter a motor sailer at Martinique and go on a "shelling expedition," collecting the beautiful and interesting seashells of the area. David, now studying for his Ph.D. degree in marine biology at the University of California, will bring added interest to the cruise because of his special knowledge of marine life. Meanwhile Mr. and Mrs. John Lord King Jr., accompanied by their 3-year-old son, Gregory, and 2-year-old daughter, Bettina, are en route to New York via camper truck. They will ship aboard the New Amsterdam, camper and all, and will spend six months touring Europe. Mrs. King Jr., a native of Germany, is looking forward to spending some time with her grandmother on a small island in the North Sea. The family home in Mill Valley has been leased during their absence.

THE WILLIAM KAFFERS of Tiburon leave for Hong Kong on April 7, where they will live for two years. They visited relatives in Los Angeles last week and Mrs. Kaffer's mother, Mrs. William Korth, returned to Tiburon with them. Among friends who have given parties in their honor are Mr. and Mrs. Dean Stiles of Belvedere, who entertained at a dinner Saturday night, and Mrs. Bernhard Page, who honored Marianne Kaffer at an evening affair. A "small world" note was injected in the couple's short stay in Hong Kong last month when they met Mr. and Mrs. Edward Baptiste at a dinner party in the crown colony. Ed Baptiste is the brother of Mrs. Jim James of Tiburon, so the Kaffers brought his greetings to his sister.

A HOUSE GUEST of the Harrison Leppos of Mill Valley is Mrs. Roy I. Bull of Wellesley, Mass., who arrived two weeks ago from St. Petersburg, Fla., where she spends winters. She will be here until the end of this week. Mrs. Bull is the godmother of the Leppo sons, Bob and Bill. Friday night the Leppos entertained at a large dinner party in their home honoring her.

KENNETH PAUL HOLMES JR., son of Kenneth and Sherry Holmes, was baptized at St. James Church in Petaluma. The godparents are the baby's aunt and uncle, Mrs. Richard Sundberg and Kenneth A. Wilson of San Rafael. A reception followed at the home of the parents, attended by the great-grandparents, Mr. and Mrs. Kenneth P. Holmes of Fresno and Louis Pellegrini of San Rafael, grandparents, Mr. and Mrs. Milton Holmes of Fresno and Mr. and Mrs. Kenneth L. Wilson of San Rafael, and Mr. and Mrs. M. J. Pellegrini of San Rafael.

RETIRING Lido fleet captain Dr. Samuel Mann was honored at a meeting of the Belvedere Lagoon Lido membership last week at the home of the Paul Laws. Mr. Law will take over the fleet captain's duties for the 1966 season of racing and social events. The husband and wife team of Mr. and Mrs. Dick Hanna will serve as assistant fleet captain and secretary-treasurer, respectively. Leaders of other Lagoon classes are Jim Moran, Blue Jay fleet; Jerry Kirschbaum, Sun Fleet; and Phi West, F-J fleet. The Lagoon season will begin with a large dinner party April 22 at the Tiburon Peninsula Club.

MR. AND MRS. Richard E. Muldary will entertain at a Sunday brunch in their home in San Anselmo on April 3. The party will honor bride-elect Mary Caroline (Mimi) Foster of Orinda and her fiance, Donald Cutler Geddes of Mill Valley.

The couple will be married on April 30 at Saint Stephen's Episcopal Church in Orinda. A family friend, the Rev. Charles B. Gompertz of the Church of Ignacio, Novato, will perform the late-afternoon ceremony. Mr. and Mrs. Muldary will attend the wedding as bridesmaid and usher for the couple. The rehearsal dinner on April 29 will be hosted by parents of the bridegroom, Mr. and Mrs. Trevor Geddes, at their home in Mill Valley. The bride-elect is the daughter of Mr. and Mrs. William Hartry Foster of Orinda.

FRIENDS of Boone Morrison, former Belvedere resident, have learned that he and his wife (Stephanie Austin) have become the parents of a son, born Feb. 19 in Honolulu. The baby has been named Tyler Boone Morrison, and is the grandson of Mrs. Berenice G. Morrison of Tiburon and Mrs. Macklynn Austin of Honolulu.

AMERICAN DESIGNERS PRESENT

Norman Norell's cone-cut silhouette, left, is described as a double-decker delight. The short daytime dress is designed in creme white silk crepe that flares at the skirt and sleeves into pitch-brown wool. A giant, trailing bow ties over the shoulder. Spring's pyramid shape, right, is built by James Galanos with extravagant prints. The brown and white flower abstract flows into a back panel and soft front pleat. Wide, wing sleeves accent the fluid flow of crepe.

Outdoor Art Club Plans City Clean-Up

The Outdoor Art Club's civics and conservation section has sent letters to Mill Valley organizations requesting their support for the "Keep Our City Clean" campaign to be undertaken the first week in April.

A proclamation, which was instigated by the club, announcing the start of the campaign on April 2 was issued by Mill Valley Mayor Michael Wornum.

The letter suggests that organizations assist by having a special program at a regular meeting, physically cleaning an area, urging members to cooperate in the program or by undertaking their own projects to enhance the attractiveness of the town.

Cited for commendation by Mrs. Alan F. Kappelman, chairman of the Outdoor Art Club's civics and conservation, were troop 34 of Boy Scouts for a continuing cleanup in Boyle Park, Old Mill Park and Redwood Grove in Warner Canyon and the children of Our Lady of Mount Carmel School for keeping the school grounds clean.

Undertaking special projects wil be the Ky-Yu-Gan Camp Fire Girls led by Mrs. Julie Butler and cub scouts of den 5, pack 28 led by Mrs. Nicholas Gravem.

Santa Venetia School Awards Life Membership

Bowen Bridges of the Marin County sheriff's office was presented with a life membership award by the Santa Venetia Junior High School Parent-Teacher Assn. in San Rafael.

His talks on narcotic education to parents and students and efforts in Little League baseball, a church youth group and district P-TA were cited as examples of his service given to young people.

Clipped Wings To Hold Party

Marin will be represented by members of the San Francisco Chapter of Clipped Wings on April 21 when its benefit cocktail party, "Banjoes and Beads" will be held from 5 to 9 p.m. at San Francisco's Gold Street.

Participating in the event will be Mesdames Donald Blinco of Sausalito, reservations; Russ Donald of Greenbrae, David White of Mill Valley, Leonard Fisher and Joseph Basso of San Rafael, David Graves of Novato and Robert Nelson of San Rafael.

'SPRING INTO SPRING'

Examining a "Fantasy" Easter egg used as table decoration yesterday were fashion show models, from left, Mesdames Harry W. Summers Jr., Peter Arrioni Jr., Virgil Jensen and Reed Volin of the Fairhills and Fairfax Guilds of the Louise A. Boyd Natural Science Museum. Held at the San Rafael Improvement Club, the "Spring Into Spring" sportswear fashion show, was followed by dessert and bridge.

HELEN HELP US!

Homebody Husband Sounds Great To 'Widow With A Live One'–

DEAR HELEN:

I'd like to be the first one to swap husbands with Mrs. N. who wishes hers wouldn't stay home all the time with her and the children. She sure needs her head examined! Ask her if she'd like to put up with these qualities in a husband?

1. Good worker—for his own good.
2. Considers all his friends first, never his family.
3. Gambles.
4. Comes home only to sleep it off after flying like a kite by night and weekends.
5. Goes on vacation by himself.
6. Makes his wife fight to get the barest support.
7. Has a dandy time at the race tracks and restaurants—with somebody else.
8. Is not interested in family responsibilities.
9. Is the "Have a drink, everybody" type, but his kids don't even get enough milk.
10, 11, 12, 13, 14—I could go on, but I'm starting supper for my six children. He won't be here again.—**20-YEAR WIDOW WITH A "LIVE" HUSBAND**

DEAR WIDOW:

Your husband must have something goin' for him you didn't mention. Otherwise you'd have locked the door on this "married bachelor" 19 years ago. Widow-wives don't rate much sympathy with me—there's always something you can do, if you have the gumption to make a decision and stick to it. —H.

DEAR HELEN:

Mrs. N. is a lucky stiff! How can she get bored with a husband who doesn't consider his wife and family boring? She asks, is her man afraid to make the most of his life? Does she stop to think he may feel his family and home are his "most in life"?

My husband works on two jobs and I see him a half an hour in the morning, a half hour at dinner, and then just before he goes to bed. We have a son and he only sees his dad on weekends, if he isn't working, that is. I realize it must be this way, but I'd be the happiest wife in the country if my guy were able to spend a little time at home.
—JACKLESS JILL

DEAR J. J.:

All work and no play makes "jack," but it doesn't send Jill, right?

"Moonlighting" can take most of the glow out of marriage. Moreover, it can take most of the "go" out of a man who might climb fast with one company, if the other job didn't sap his strength.

Try to make your husband see this and you may get reacquainted. —H.

DEAR HELEN:

Unlike Mrs. N., I'm thankful my husband's sole interests are in his wife and children. It certainly doesn't seem a bit boring to me when I see our daughters on their dad's back, giggling and laughing as he trots around the room playing horse, or when he dances with them. It's fun to join in the laughter, even when dishes are waiting—and then he generally helps me with them afterwards.

This is true happiness, and I wouldn't have it any other way.
—COUNTING MY BLESSINGS

DEAR CMB:

Nor would any of us lucky ones! —H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. She will also welcome your own amusing experiences. Address Helen Bottel in care of the Independent-Journal.

Standards Of Tea Protected By Law

The authenticity of the tea you buy is insured by the U.S. Pure Food and Drug Law. All tea arriving in the United States is put in bonded warhouses until approved by the Tea Examiner at the U.S. Customs. The standard of tea allowed into the country is determined once a year by a board of tea experts.

New Under Sun

There's something new in the way of beach loungers under the sun. A new corporation formed to market reinforced paper products has come out with a decorative paperboard beach "mat" that can be elevated for tanning or laid flat as the base for a picnic or card games on the beach. It folds for easy carrying and storage.

CHIC FOR SURGERY

To help solve the West German storage of nurses, a problem facing many nations, the traditional white dress has given way to a brand new look. Designers have produced an entire wardrobe currently shown in West German clinics. One of the styles is a chick jacket and pants model, left, for surgical nurses, and others are pastel stripes and plaids, as at right. So far a bright blue dress with dark blue collar and belt has earned the best grade from doctors, nurses and hospital administrators. The designers feel such styles could be a big factor in attracting young women into nursing.

Redwood P-TA President Has A Long List Of Activities

Mrs. Hugh Marchant has added the presidency of the Redwood High School Parent-Teacher Assn. to a long list of community services and a schedule already full.

Jean Marchant has lived in Marin since her birth in San Rafael. Her home was in San Anselmo until the move to Wolfe Grade in Kentfield, where she lives with her husband and two children.

After attending Tamalpais High and University of California, where she was student vice president, Jean plunged into community work and has been busy ever since.

For five years she was executive director of the Camp Fire Girls in Marin and has since served as training chairman for the Golden Gate Council of the Camp Fire Girls.

She has been president of the American Assn. of Univeristy Women in Marin, the Ross Valley Nursery School, and the Wolfe Grade P-TA. She's been a den mother, a member of the Citizens Advisory Committee for College of Marin, the Junior Museum Board and the board of the Child Guidance Clinic.

The list goes on—GOP precinct work, work for UC alumni scholarships, chairmanships for the Wolfe Grade, Kent and Redwood P-TAs, chairman of the last Kentfield school district bond drive—"Well," she says, "there are other things, but that's more than enough for your story."

MRS. HUGH MARCHANT

It was also more than enough to win her the Lucy Stern Award from University of California, given to the graduate who has done most for the community in ten years since graduation.

It's not all work and no play for Jean—she plays bridge, "plays at" golf, collects stamps with her husband, and plays violin in the community orchestra at the College of Marin.

Last summer she and her two children Susan (Suzee), a sophomore at Redwood, and Jon, a Kent School eighth grader, joined forces with Mrs. William Ecker of Greenbrae and her three children for a two-month tour across the United States in a bus-like "motor home."

In her spare time? Jean works at her husband's real estate office writing newspaper ads.

Her husband meanwhile isn't idle, having just finished a term as president of the Marin County Real Estate Board.

"He was also president of the Junior Chamber, and Rotary, and teaches classes Wednesday nights at College of Marin," Jean reports.

Jean will be aided in the Redwood P-TA presidency by the newly installed board members: Mrs. William Milot, first vice president; Mrs. George Herrero, third vice president; Mrs. Charles Gondak, recording secretary; Mrs. Paul Sather, corresponding secretary; James McClintock, treasurer and Mrs. James Egger, historian. Redwood principal Donald Kreps is second vice president.

Golf Women To Present Style Show

A fashion show will be presented by members of the Women's Golf Assn. of the Marin County Club tomorrow.

"Spring into Summer in Fashions for the Lively Ones" is the theme of the show which will be modeled by members including Mesdames W. A. Bauer, Edward Burgar, William Elliott, Robert Finn, J. M. Kennedy, W. J. Price, Gordon Wardlaw, W. B. Wold and Carl Sapia.

The fashion show will be presented at 3 p.m., following an April Food tournament.

June Burks is fashion coordinator and will serve as commentator.

Women's Golf Assn. members as well as other club members and their guests are expected to view the fashions.

Mrs. Mack Page Is Given P-TA Life Membership

An honorary life membership in the California Congress of Parents and Teachers has been awarded to Mrs. Mack Page by the Tamalpais High School Parent-Teacher Assn.

Mrs. Page is the new secretary of the group and has served on its executive board most of the time since 1957. She serves on the educational objectives committee of the Sausalito School District board of trustees and for two years was a member of the Marin County P-TA scholarship committee.

In addition, she has devoted much time to working on every recent school board election and has been active in the Tamalpais High School Boosters Club.

She has also been a leader in community and youth activities with St. Andrew Presbyterian Church in Marin City, Camp Fire Girls and the American Field Service.

Mrs. Page, who is employed as a homemaker with the Marin Department of Public Social Service, lives in Marin City with her husband and three sons, who are students at Tamalpais High School. The Pages also have a married son and daughter.

Cake Sale To Aid Project Of Council

A final fund raising will be held for the Novato-La Paz project to bring 10 Mexican children to Novato to attend summer school will be held on Saturday.

The committee is sponsoring a cake sale from 9 a.m. to 4 p.m. in front of Lee Bros., Purity and Roger Wilco markets in Novato.

The North Marin Council of Parent-Teacher Assn. is sponsoring the project and serving on the committee are Mrs. Claude Witzel, chairman, and Mesdames Maurice Baldwin, William Bolton, J. B. Gilbert, Gordon Leathers, Oliver F. Mauch, Pat McKellvey, Carlin Nelson, Donald Mason, Louis Dorschkind, Richard Prasil, Douglas Merrill, William Vandergriff, Gail Arnsberger and Mr. John Novak.

Volunteers Officer Likes To Entertain

Patients at Novato General Hospital must feel better when Mrs. Berne Abelew, the new president of the Novato Hospital Volunteer Service, walks through the hospital.

Doris Abelew has a most engaging smile and cheerful disposition which one feels the minute she walks into a room.

The new president, and her husband, who is in advertising in San Francisco, have two son, Robert, 12, and Tommy, 7 years of age.

When not busy with her volunteer work, which also includes being a member of Sunny Hills Guild No. 1, Doris enjoys knitting, swimming and restoring antique furniture.

MRS. BERNE ABELEW

Mrs. Abelew also enjoys being with people and likes to entertain with small dinner parties and taking weekend trips with her family.

The Abelews came to Marin County nine years ago. Since becoming a member of the volunteers two years ago, Doris has served as day chairman and executive vice president.

A nursing scholarship is provided by the volunteers project of taking new baby pictures at the hospital. Their only social and fund raising project for the year is the annual Harvest Ball.

Officers to serve with Mrs. Abelew are Mesdames Robert Weber, executive vice president; David Matson, orientation vice president; Willoth Stenz, ways and means vice president; Ronald Soldavini, corresponding secretary; Louis Dorshkind, recording secretary and Harley McAskill, treasurer.

Day chairmen include Mesdames E. S. Harmon, Martin L. Nilsen; Charles Martineau, David C. Walchli, Robert Salkeld, Larry Ortman and Jack Sparrow. Mrs. Dorothy Cooper is junior day chairman.

Other chairmen include Mesdames Charles Johnson, baby pictures; Jerry Evans, blood bank; R. J. Baldi Sr., book cart; Donald Phillips, hours and awards; Stenz, junior awards; Gerald Lombard, newsletter; Louis Ondrasek, orientation chairman; Richard Hall, parliamentarian; Ray Monson, publicity; Henry Chiosi, puppets; Raymond Ryle, scholarship; Sydney Smith, Sebastian Tallitsch, and Frank Gast, service cart; William Haymart, sunshine and tours and John Roos, lost and found.

Service awards for hours of volunteer service at the hospital have been awarded to a number of the members. Mrs. Robert Henshillwood was presented an award for 1000 hours of service; Mrs. Jean Burns and Mrs. James Berthinier, 500 hours; Mrs. Abelew, Jack Sparrow and Warren Wright, 250 hours and Mrs. Sydney Smith and Mrs. McAskill, 100 hours.

Artists Display Opens Tomorrow

The North Bay artists will have paintings on display at the Novato Garden Club bazaar at the Novato Fair Shopping Center tomorrow and Friday.

The paintings have been donated by artists of the group to raise money for their scholarship fund. The prizes will be awarded on May 14, the day of the NBA art festival.

Members working at the display booth will be Lola Lane, Lila Baugh, Jeraldine Barrett, Ella McElroy, Ruth Collins and Polly La Lancer. Shirley Lancaster is chairman of ways and means for the group.

Women May Come 'Made To Order'

NEW YORK (UPI) —Developments put the made-to-order woman around the corner, according to the British Journal, "New Scientists." Consider such things as pearly false teeth, false eyelashes, wigs, adhesive false eyebrows, and contact lenses that change eye color.

What's more, plastic surgeons can bob a nose, eliminate a couple of chins, and smoothe out wrinkles. Spot reducers take off excess fat here and there, while silicone injections add some where it's needed. "We only need someone to invent Dietrich-type screw-on legs, plug - in Shalimar - pale hands, instant leucotomy to settle their natures, and the age of Artificial Woman will be here," the journal noted.

NEW WAY TO BE SUDDENLY SLIM FOR EASTER

Los Angeles:—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible without a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available in our area at *Emporium Bra & Girdles: All six Big E's*

Food Is Important To Emotional Life

OTTAWA, Canada (AP) — Food can be important to your emotional life, says nutritionist Suzanne Saint-Hilaire.

A consultant for Canada's health department, Miss Saint-Hilaire sums it up this way:

Feelings influence appetite; good food habits influence health; health influences emotional stability.

Miss Saint-Hilaire says parents should remember that development of the child is more importaint than acquiring good table manners.

SHE OFFERS THIS ADVICE:

—Don't force food on a child. A healthy youngster usually wants food. The parent's role is to let a child eat, not make him eat.

— Allow for individual preferences. If these are denied, a child may cry and refuse to eat. Just as adults prefer certain foods, so a child starts at about 21 months to be discriminating in his choices.

— Don't be irritated when a youngster of 15 to 18 months finds fingers more convenient than utensils for eating or gets applesauce in his hair when learning to feed himself.

Miss Saint-Hilaire says parents worry because they may not be aware of the normal steps in child development.

Between 2 and 3 he may have a finicky appetite.

Parents should accept radical changes without concern and regulate feeding to the child's individual pattern of growth and development, says Miss Saint-Hilaire.

Star Of Sea Group Plans Fashion Luncheon Saturday

"April in Strawberry" will be the theme of the fashion luncheon to be sponsored on Saturday afternoon by the Star of the Sea Institute 97, YLI, of Sausalito.

President Mrs. George Hospodar has appointed Mrs. Leo Quadros chairman for the event, which will take place at the Cherish Inn in the Strawberry Town and Country Village starting at 12:30 p.m.

Commentator for the fashions to be shown by a shop in the Village will be Mrs. Peter Fugina.

Reservations chairmen are Mesdames Anthony Mederios and Walter Silva.

Members of the group who will model are Mesdames George Kowski, Robert Schultz, Louis Piver, Frank Feutsch, John Mercer and Miss Yvonne Mederios. They will be assisted by Mrs. Margaret Fray.

Proceeds will go into the group's welfare fund.

Midwest Greatest Coffee Consumers

Just as our foods show regional differences, so does our coffee drinking.

In the past, the west always has claimed title to the biggest per capita consumption. But according to a new survey, the midwest takes over at the top, averaging 3.14 cups per person per day. The statisticians excluded children nine and under from their survey.

Major Roles Settled For Novato Production

Major casting for "Hollywood for Reel," spring production of the Novato Community Club, was announced today by Director Lee Mann. Tryouts were held Sunday at the Novato Community House.

The show will be presented at 8:30 p.m. on May 27 and 28, and June 3 and 4.

Max Keeler was chosen for a sequence of the "Magnificent Men of the Mounties." Otto Haiungs, who just finished the role of Sky Masterson in "Guys and Dolls," will play Eric von Strawmine, a typical German-born Hollywood director. Maggie, his plain secretary who turns into a devastating beauty, will be played by Dawn Scheiren. Stacy Brennan won the role of Natasha, a Zsa Zsa Gabor type. Sharon Bond was chosen for Lana Latour, the Betty Davis type, and Saunde Brown will play Sadie North, a Mae West type.

William Jacob won the leading male role of Fairbanks X. Gable. Brent Burrell will appear as Charlie Chan.

Joseph Jacob is producer of the show, with director Mann, being assisted by Arthur Bliss. Jean Teague will be musical director, with Lorayne Crozier as pianist. Gay Pittman will design the sets, and Gerald Lombard, the lighting. Stanley Conway will take care of the equipment. Vinvienne Terry is program chairman and Betty Lindane, ticket chairman.

Others helping backstage are Claudia Bliss, costume coordinator; Blaine Jacob, dance coordinator; Robert and Marily Dimond, house chairmen; Glaucia Smart, house decorations; Ted Lane, stage manager, Edward Hamann, set construction and Paul Terry, publicity.

Historical Topic For April To Be Larkspur Past

Larkspur's colorful past will be the subject of the Marin County Historical Society's meeting, April 24, at 2 p.m. at Henry C. Hall School, Larkspur.

Several speakers will appear with Daniel Allen, former Larkspur mayor, as chairman.

Directors of the society scheduled the meeting in Larkspur at the request of the newly-formed Larkspur Historical Society. The Larkspur group will be the host organization and serve refreshments following the program.

People who have pictures of Larkspur when it was a village, are requested to show them, said Parker Wood, county society president.

Wood has reported increasing attendance at the society's museum at Boyd Memorial Park, San Rafael. He said he has opened the museum for special tours by adult education groups and school children.

Roy Graves, director, reported the history of early railroading in Marin, written by the late A. B. (Bray) Dickinson of Tomales is in the hands of publishers.

Design Board Rejects Eatery

The Corte Madera Board of Design Monday turned down the design of a restaurant submitted by Franchise Investment Corp. of Los Angeles.

The building, planned at Montecito and Redwood Avenues, was of a color "inharmonious with the surrounding development," Betty Long, secretary, reported. There were also site problem.

Approval was given design of a gas station at Fifer Avenue and Nellen Drive submitted by Humbolt Oil and Refining Co., providing the exterior is built of brick instead of metal and stone. All decisions are subject to confirmation by the planning commission.

Rent, Sale Signs Will Be Removed

"For rent" or "for sale" signs found after tomorrow along Manuel Freitas Parkway in Terra Linda will be removed, Jack Brandon, chairman of the Terra Linda Recreation and Parks District, announced today.

Brandon said that there were probably at least 12 such signs on district property along the north side of the boulevard Sunday.

Signs placed on another owner's land without permission can be removed under section 556.1 of the Penal Code, Brandon said. "In this case, the other person is the district," he said.

Students To See Convicts' Drama

Drama students from San Francisco State College and Sonoma State College will be among the few outsiders allowed in to San Quentin's Little Theater to see "The Brig," the Kenneth Brown play to be produced by the prison drama workshop next month.

"The inmates are pleased their efforts are drawing the interest of these young drama students," Associate Warden James W. L. Park said today.

Attendance at the April 21 public performance, will be by invitation only and will not be open to a general audience, as indicated in the Independent-Journnal Monday.

"Space in the theater is too limited to allow in the public en masse," said Park. "Otherwise I'm sure we could pack the play every night."

Hub Caps Taken

Joan V. Winn complained to Corte Madera police Saturday that someone stole the hub caps off her 1957 Chevrolet while it was parked in front of her home at 61 Golden Hinde Passage.

Film Audience To See Paris, Rome, Benefit Ballet Fete

The audience at the Rafael Theater tomorrow will be taken on a trip to Europe without leaving their seats.

In addition to seeing Paris and Rome, people attending a benefit program sponsored by the Marin Civic Ballet Assn. will be served lunch "en route" between France and Italy as well as being given the low-down on high Roman fashions.

The mock flight is scheduled to take off at 10:30 a.m. with the showing of the movie "An American in Paris" and to continue in the afternoon with "Roman Holiday."

Proceeds from the program will help send dancers to the Pacific Regional Ballet Festival in Sacramento on May 28-29, when the Marin Civic Ballet will present a work created for it.

It is the ballet "Twink" by Ronald Poindexter, to music by Mozart. Reservation chairman for tomorrow's benefit is Mrs. John H. Prescott of 6 Gloria Drive, San Rafael.

Cash Taken

Norman Richards of Richards Hardware at 504 Tamalpais Avenue, Corte Madera, complained to police Saturday night that someone walked into his store during the day and stole $98.81 in cash from a hiding place in a filing cabinet.

In Honor Group

Kathryn A. Wieser, daughter of Dr. and Mrs. Arnold W. Wieser of 444 Woodland Road, Kentfield, has been elected to Phi Beta Kappa, national scholastic honorary society. She is a senior at Pomona College, Claremont.

Early-Century Paintings Due

An exhibition of West Coast paintings by James Everett Stuart, including turn-of-the-century scenes of Marin County, will be displayed from April 2 through mid-May at Buffs Galleries, 28 Bolinas Road, Fairfax.

Stuart was a grandson of Gilbert Stuart and lived from 1852 to 1941.

Also in the exhibit will be works of other California painters, including Rowena Meeks Abdy, S. Tilden Dakin, Manuel Valencia and Thaddeus Welch. Shelby's Gallery of Sausalito will co-sponsor the show.

Bell Appointed To District Board

Joseph Bell of 81 Buckelew Street, Marin City, was seated Monday as a director on the Sausalito-Marin City Sanitary District Board. He is the first Negro to sit on the board since the district was formed in 1952.

Bell, who takes the position of Frederick Palmer who moved from the district, is a shipping clerk at Dettner's printing house, San Francisco. He has built his own home in Marin City. His wife, Elmese, works for the Sausalito Post Office.

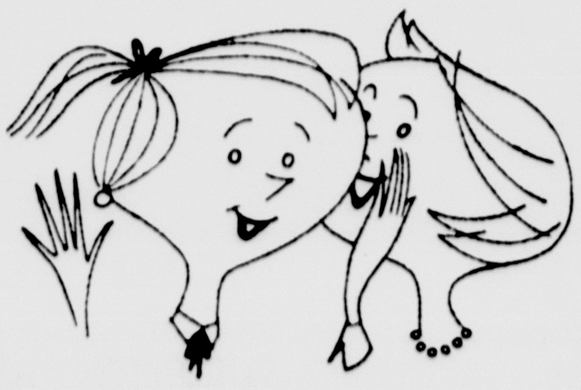

The district is now serving sewage installations in the Marin City redevelopment area.

The name Tomales Bay is a corruption of "Tamal."

Undercover Agent Asks $150,000

ROBERT K. WORTHINGTON
Key witness

Contractor Robert K. Worthington of Point Reyes Station, a key witness in last fall's much-publicized Sally Stanford burglary trial, submitted a $150,000 claim to the state yesterday for his efforts.

Attorney Lewis Yapp filed Worthington's claim with the State Board of Control in San Francisco, taking advantage of a new law which provides compensation to citizens who incur losses while aiding in the arrest of criminals.

Worthington said his role as an informer in the San Francisco burglary plot which led up to the trial had drained $100,000 worth of business from his contracting firm. Further, his petition contended, he suffered emotional and physical damage from a series of threats which culminated in an attack on his life.

FOUR CONVICTED

The jury acquitted one man, but sent four others—including San Francisco Police Officer Salvatore Polani—to prison for trying to burglarize the Pacific Heights home of Mrs. Marsha Owen (Sally Stanford) last April.

Worthington testified then that Polani had approached him with a plan to burglarize the Stanford mansion, and that he pretended to go along with it after letting the police know what was afoot.

Before the trial, Worthington received threats and was assigned a team of three San Francisco officers as a bodyguard. When he dismissed them for the Labor Day weekend, he was ambushed by two men in a blue Jaguar who, he said, shot at him as he was driving his pickup truck along Lucas Valley Road.

FEARED BOMB

The shot nicked his left arm.

In his petition to the state, Worthington said he was forced to move his family to secret quarters during that period, "and I never knew when I stepped on the starter of my truck whether it was wired to a bomb."

Meanwhile, he complained, he spent so much time helping officers crack the case that he was unable to maintain his contracting business. Then, after the threats began, he found he was unable to get work or financing due to the fears of others that he would be hurt or killed.

"One bondsman I had dealt with wouldn't do any more business with me because he was afraid I might become 'incapacitated'," said Worthington.

County Sues Over Kappas Yacht Harbor

County of Marin yesterday filed suit in Marin Superior Court seeking to oust George Kappas' yacht harbor at Waldo Point from land and water which it claims are county-owned.

The suit declares that Kappas is unlawfully in possession of parts of 10 streets and two canals, has erected buildings, piers and docks on that property, and has been collecting rent for berth spaces.

Kappas, however, maintains he has the right to fill these undeveloped streets and canals and to erect the structures.

The County asks the court for a ruling that the property is legally owned by the county, for $500 month for rent collected by Kappas as a reasonable amount retroactive to a undesignated time when the county gained title and for an order forcing Kappas to remove all his land fill, buildings, piers and docks on the disputed area. It also asks permanent injunction to prevent Kappas from erecting further buildings or obstructions.

In question are portions of Railroad, Humboldt and Petaluma avenues, Manzanita, Madrona, Pescadero, Eureka, Grove and Yuba streets, and Rosedale and Saucelito canals.

The suit was filed by Joseph E. Forest, deputy county counsel.

The City of Gilroy in Santa Clara County was named for John Gilroy, Scotch sailor who was put ashore at Monterey in 1814 by the Hudson's Bay Company's ship "Isaac Todd" because he was sick with scurvy. (Some writers say, however, that he deserted from the ship.)

SHUTTLE BUS ROUTE PROPOSED—Albert F. Schmitz, proprietor of Moore's Stationery, San Rafael, has proposed a two-loop shuttle bus service in downtown San Rafael for shoppers to ease the traffic and parking problems along Fourth Street. Schmitz suggested that one route could run west on Third Street and then east on Fourth and the other west on Fourth and east on Fifth Avenue. (Map by City of San Rafael engineering department)

POSSIBLE PARKING AREA—A stretch of Tamalpais Avenue near the Northwestern Pacific Railroad station, San Rafael, could be considered as the east terminal of the shuttle-bus service with parking set aside for shoppers, or state land under the Highway 101 overpass might be available for parking, according to Schmitz.

SHUTTLE BUS FOR SHOPPERS?—Small buses such as the one (above) operated by the San Rafael Bus Line could be used to shuttle shoppers to downtown San Rafael under a proposal that would eliminate parking along Fourth Street.

Downtown Shoppers' Bus Line Proposed For San Rafael Stores

By FRANK FARRARA

A San Rafael merchant has proposed a shuttle bus, no-parking plan for Fourth Street in San Rafael as an alternative to parallel parking.

The San Rafael City Council voted 3-2 last month to convert parking along downtown Fourth Street from diagonal to parallel.

Out of the debate came the proposal of Albert F. Schmitz, proprietor of Moore's Stationery, 1147 Fourth Street, to provide shuttle bus service, free to passengers, subsidized by the merchants.

There could be parking lots at both ends of downtown "and no cars on Fourth Street with the buses traveling the inside lane," Schmitz said.

The basic problem is obtaining the parking lots, he said. Possibly the land under the freeway underpass or the section of Tamalpais Avenue near the Northwestern Pacific Railroad depot could be used as the east terminal, Schmitz suggested.

The shuttle buses could run from Tamalpais Avenue to H Street in a two-loop system, he said. "One loop could go up Third to G or Ida Street and then down Fourth Street. The other could go up Fourth as far as H and then down Fifth Avenue."

Buses would stop at every corner and therefore no customer would have to walk more than half a block to a store, Schmitz said. If there were two buses on each loop, there would be a bus coming by about every 10 minutes, he said.

Clearing of the present parking lanes also would provide space for trucks that deliver to merchants, he noted. "We don't have alleys and unloading is a problem."

Aside from parking terminals, shoppers could park anywhere, including the city parking lots, and take the bus at the nearest corner, he said.

Schmitz said he had no estimate of the cost of the bus system, but felt that about 200 businesses could contribute. "If it came to about $10 to $20 a month a dealer, that's cheap," he remarked.

"Maybe dealers could be charged by front foot, and maybe the city could pay the cost of the insurance."

Schmitz pointed out that shuttle buses are used in cities which have malls and were used at the World Fair in New York.

"I'd like to see the street clear of cars," he said.

The Fourth Street stretch involved in the controversy runs from Lincoln Avenue to E Street. If all parking were eliminated in this stretch, there would be a loss of 177 parallel parking spaces.

There are 266 diagonal spaces, but the city's conversion to parallel spaces will reduce this to 177.

Cecil J. Allen, operator of San Rafael Bus Lines, said he could not estimate how much it would cost the merchants to operate a shuttle bus service, using a small 10-passenger bus of the type he uses, until he knew how many hours and days the buses would operate.

When Allen provided bus service to the Canal Street area of San Rafael five days a week, he said he needed a minimum of $200 a month for that run.

"A big problem is insurance," Allen said. "I've got three buses and my insurance is $165.69 a month."

The cost of eight-passenger buses in the low-priced field varies from $2,251 to $2,847 for a de luxe model. Allen said a 10-passenger bus costs $3,600.

"I'd be willing to give the service, extend my line," Allen said. "I've got the equipment."

He suggested that there be some bus ticket validation system to eliminate non-shoppers, such as children riding the bus just for fun.

San Joaquin County and River were named for St. Joaquin, father of the Virgin Mary.

Wither Mill Valley, Questionnaire Asks

"Wither Goest Mill Valley?" This is the title of a questionnaire being circulated in Mill Valley asking residents what part of their shopping they do in the city, how they feel about traffic and parking, and "to help broaden the tax base, what type of industry or new business would you suggest?"

"Wither," said Normand Black, owner of El Marin Florist-Gifts and originator of the inquiry, is a play on words, indicating that if something is not done business may wither.

The information when tallied is to be turned over to the city planning director Harvey E. Bragdon.

The Sierra Madre is the "Mother Sierra," so-called because it was at first thought that other outstanding ranges stemmed from this range of So. California.

Mill Valley Cleanup Program To Open

Saturday has been proclaimed opening day of a "Keep Our City Clean "program in Mill Valley by Mayor Michael Wornum.

Wornum called upon all residents of the greater Mill Valley area to cooperate in picking up of litter and disposing of it in proper containers. The program was initiated several years ago by the Mill Valley Outdoor Art Club.

Hardy Westmore To Stand Trial In Fatal Shooting Of College Student Mike Lazar

Hardy Westmore, charged with the Nov. 5 killing of Mike Lazar and attempted killing of Janine Lieberman, both College of Marin students, has been declared mentally able to stand trail.

Psychiatric authorities at Atascadero State Hospital, where Westmore has been since Nov. 23, made that determination in a report to Judge Thomas F. Keating in Marin County Superior Court.

Keating yesterday remanded Westmore to Marin Municipal Court, where he will appear tomorrow for setting a date for preliminary hearing on the charges of murder and assault with intent to commit murder.

Westmore, 46-year-old custodian at College of Marin, was visited in his apartment near the college campus by Lazar, 22, and Miss Lieberman, 18.

There, after a conversation, Sheriffi's officers said, Westmore went to another room and returned with a loaded deer rifle. He shot both students, then ran, out into the street and to nearby Ross General Hospital, where he terrorized a nurse until he was persuaded to surrender.

Liquor Store Holdup Trial Set

Judge Thomas F. Keating of Marin Superior Court yesterday scheduled for July 25 jury trial of Jack R. Gorman, 36, San Quentin inmate charged with the armed robbery of Rudy's Liquor Store in San Rafael on Aug. 30.

The trial originally was set for April 4. A co-defendant, Harold Frank Percell, 24, pleaded guilty Nov. 23 to the robbery and was sentenced to six months in county jail.

Gorman and Marc Charles Osuna, 30, also in San Quentin, are charged with the Labor Day slaying at Mission Inn, San Rafael, of bartender Mario Ferrari. That trial is May 9.

Sonora was named for the Mexican state of Sonora.

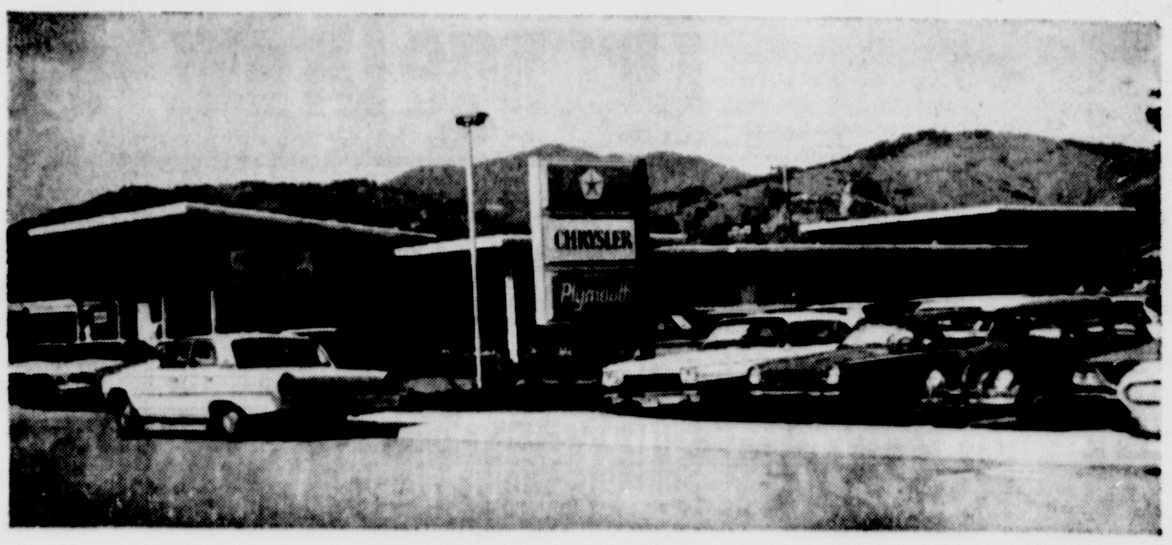

Egg Hunt, Hat Walk Scheduled Friday

The traditional egg hunt and hat parade day will be held at 1 p.m. Firady at Stinson Beach School for pre-schoolers up to fourth graders.

Gifts will be given to all youngsters participating and prizes for the finest of hats, according to Peter M. Auer, superintendent-principal, Bolinas Stinson School District.

Novato Council Favors Summer Rec Budget

The Novato City Council last night approved a preliminary budget of $19,740 for the swimming pool and $14,735 for the summer recreation program.

The vote on the swimming pool budget was unanimous, with J. Wayne Womack absent. Mayor Robert D. Carrow voted against the summer recreation program budget.

Carrow said he opposed a reduction in playground activities to provide city funds to sponsor a farm league for the Little League. City Mgr. J. Julien Baget had cut the number of playgrounds from seven, as recommended by the parks and recreation commission, to five so the city could sponsor the farm league for the Little League, a private organization.

"I cannot see taking recreation programs away from all the children and giving it just to 240 boys between the ages of nine and 12," Carrow argued.

Last summer, Novato operated summer recreation programs at six schools. The commission asked for the addition of Pleasant Valley School in this year's program. Baget recommended cutting out Lu Sutton and Pleasant Valley schools.

Added to the program this year, in addition to the farm league of the Little League, was a junior high school basketball program.

Baget said the recreation program would cost approximately four cents per $100 assessed valuation on the tax rate, the same as last year. The tax rate for operation of the swimming pool will drop from approximately four cents last year to three cents this year, he estimated.

The Novato City Council also:

1. Authorized hiring part-time building inspection from Marin County's building department when needed.

2. Approved an agreement with the State Office of Administrative Procedures to settle any employee charges or grievances.

3. Referred a proposed tree ordinance to the planning commission.

4. Set all planning matters that had been scheduled for April 5 to be heard April 11, and adjourned to that date.

LITTLE BIT OF HOME

Marin Store Staff Gives Soldiers Ice Cream Unit

For 180 American soldiers stationed in Plei Ku, South Viet Nam, the war in that hot, jungle country is a little more tolerable these days, thanks to the employees of a Corte Madera department store.

Their longing for home is now being combatted daily with healthy helpings of homemade ice cream.

Last October, Mess Sgt. Samuel C. Goodhope, husband of Else Goodhope of 45 Tamal Vista Boulevard, Corte Madera, left for Viet Nam and Plei Ku with the other men of Headquarters Company, Sixth Battalion, 14th Artillery.

In February, Sergeant Goodhope wrote his wife describing some of the loneliness, tedium and horror of the Southeast Asia war. He reported the one thing he and the other men missed most in Viet Nam was ice cream.

Please purchase and mail an ice cream maker, he directed.

Mrs. Goodhope, who works for Montgomery Ward and Co. in the Corte Madera Center, mentioned the request to some of her fellow employees. It was subsequently brought up at a meeting of the Corte Madera Wards Employee Club. The membership swiftly voted to purchase the $25 machine.

The ice cream maker was driven to Travis Air Force Base by a store employee and given to a colonel on his way to Viet Nam. He carried the bit of home to Sergeant Goodhope in Plei Ku within two days.

"Everyone went crazy when we got it," said the sergeant in a letter to his wife. "We hadn't seen ice cream since we came over on the ship in October. We had milk shakes within a half hour after we got the machine. Everyone had cake a la mode that night."

Since the ice cream maker arrived, the sergeant has been transferred to the officers' mess in Plei Ku. "He left the ice cream maker with the enlisted men though," said Mrs. Goodhope.

Immigration Unit Has New Chief

WASHINGTON (AP) — Leroy F. Shantz, former director of the Missouri Division of Employment Security, has been appointed to the new position of chief of the Division of Immigration Services in the Labor Department.

Shantz will head an office created by the 1965 Immigration Act to certify aliens applying for admission as permanent immigrants to work in the United States.

The Treasury announced yesterday the appointment of Raymond J. Albright, 36, as deputy assistant to the secretary of the Treasury for national security affairs. Albright will be principal assistant to Charles A. Sullivan, assistant to the secretary for national security affairs.

Air Force Veteran Due Guide Dog Milestone

A retired Air Force lieutenant colonel from Texas, Saturday will become the 1,500th persons to complete the Guide Dogs for the Blind training course since it began in 1942.

William Henry Weaver of San Antonio will be one of nine persons who formally are presented their dogs after a month's instruction. As the 1,500th such man-dog team, Weaver and a German shepherd named Jade will be given special honors.

Weaver served in the Fifth Air Force during World War II and the Korean war. He is, therefore, one of the veterans for which the school was originally set up.

Today the school serves sightless civilians as well as veterans in the 24 states west of the Mississippi.

Saturday's ceremony will begin at 2:30 p.m. at the school on Los Ranchitos Road, just south of the Northgate Shopping Center.

Next month's class will include a blinded Marine sergeant, the first casualty of the war in South Viet Nam to apply for Guide Dog training. School officials made special arrangements to include him when his application arrived after the class was filled.

Judge Holds Russia Less Peril To U.S.

The Soviet brand of communism has reached the point where it is conservative, thus is less of a threat to the rest of the world than is that in China, Superior Court Judge Samuel W. Gardiner told members of the Greater San Rafael Democratic Club Monday night.

Gardiner said the economic development of nations largely determines their willingness to get along with other countries. Thus, he said, nations whose reinvestment capital rate is below three per cent are much more likely to be belligerent.

The Soviet Union, he added, is believed now to have a re-investment rate of between six and seven per cent, while Communist China is well below the three per cent line.

The judge declared that escalation of the South Vietnamese war in an effort to defeat the Chinese would be a grave error. Even if we succeeded, he warned, this country would bear the responsibility for feeding millions of Chinese and building democratic structures in that country.

He called for a holding action in Viet Nam to prevent the spread of Chinese domination.

Also present at the session were Robert E. Mertie of Santa Venetia, candidate for the Democratic nomination for assemblyman in the Seventh District, and A. Leonard Bjorklund Jr., candidate for district attorney.

Seven Candidates Invited To Talk

The seven candidates for the Corte Madera Town Council election April 12 have been invited to speak at the annual meeting of the Mariner Cove Improvement Assn. Friday at 8 p.m. at San Clemente School.

Candidates are incumbents Edward W. Colthurst, Norman R. Barnett and Albert E. Kogler, and challengers Holmes S. (Pete) Norville, Charles D. Thompson, Harold Wagstaff, and Ellen Wirth.

Association members will also elect five members to two-year terms on the organization's board of directors. Association president Herber C. Leney stressed the meeting is public.

We're Proud Of Want Ad Section Of Newspaper

The Want Ad section of a newspaper, with its mass of gray type, may be physically drab looking.

But if you take the trouble to read the classified ads carefully (as thousands of readers avidly do), you will find in these pages the heartthrob of the community.

Here's where a little boy pleads for the return of his lost pet, where a student can look for a summer job, a vacationer can ask for a ride to Timbuktu, and buyers and sellers can get together on items ranging from automobiles to roller skates.

This is International Want-Ad Week. We are joining in its observation by offering individuals seven I-J want ads for the price of four, for non-commercial users only.

We are offering the special rates to acquaint even more people with the big wallop carried in the tiny and insignificant looking want-ad.

During 1965, we published 400,000 want ads in the Independent-Journal, which now reaches more than 42,000 homes in Marin.

We are proud, not only of the volume of want ads and the results they obtain, but also of the principle of private initiative and private enterprise that the want ad section represents.

Individual advertisers, whether looking for jobs, seeking help or offering goods and services, reflect the hopes and aspirations of a throbbing community.

We are proud of the major role that our want ads play in the progress of our community. We are grateful to the patrons and the readers which keep our want ad section a living and growing part of our publication.

Passing Of Rev. Duncan Leaves Void

The passing of the Rev. Charles L. Duncan of San Anselmo leaves a void which, to oldtime members of his congregation, can never be filled.

A graduate of the San Francisco Theological Seminary in San Anselmo, the Reverend Duncan became the first pastor of the San Anselmo First Presbyterian Church in 1911.

The spiritual well-being of his flock was only one of his many concerns. His admirers fondly remember how he took boys off the street, taught them wrestling and gymnastics in an old barn and launched a 20-piece youth band which in less than a year was presenting concerts to the community.

"He was just fabulous," recalls one of the boy "outlaws," now a retired businessman. "He was so human; he gave himself as an individual. Normally, we had to be driven to church. But with Reverend Duncan, we went of our own volition. From the day we first met him in church, hell, fire and brimstone went out the window. It was one big smile, and there wasn't a thing the man couldn't do."

In the evenings after supper, he would pedal his bicycle from home to home, bringing the church into the homes.

An avid sports fan, the Reverend often was on hand at Kezar to enjoy the football games.

One of the boys, who came under Reverend Duncan's wing a half century ago, describes him as, "Mr. Religion, coach and father wrapped into one; a man like that stays in your mind forever."

"I'm sure when he enters Valhalla, they won't have to make room for him. There will be a seat waiting for him—on the 50-yard line."

AFFAIRS OF STATE

Campaign Issue: Is White House Trying To Run Politics In State?

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — The question of whether Washington, D.C., and the White House are attempting to take over California politics will be one of the issues in the forthcoming campaign.

Already, the parade of carpetbaggers from the nation's capitol has started, and if it isn't ended where it stands now, the electorate can look forward, probably, to more of the same when the 1968 elections roll around.

The fact that California has not seen fit to recognize the Washington invasion in the past seems to have had little deterrent effect on the newcomers. But if precedent holds, there may be even more reason for saying "remember Salinger" than there was after the 1964 elections, when Sen. Pierre Salinger, White House publicity officer, was defeated by George Murphy.

EVEN SO, Salinger was a Californian and had not lived many years out of the state. The resentment of the voters thus appeared to be a resentment based on the belief they did not like the Washington intrusion, especially from the White House.

Two Democrats from Washington now seek California constitutional offices.

THE FIRST is Lloyd N. Hand, former U.S. chief of protocol, who in his position of determining who rates highest in the Washington merry-go-round, necessarily was close to the President of the United States. Hand also is from Texas.

Hand has entered the California primary as a candidate for lieutenant governor, and the story in Sacramento is that, should Edmund G. Brown win the governor's race, he would be "promoted" to a high federal job, and Hand, if elected, thus would step into the governorship. Brown has disclaimed any plans for a federal job, but politicians are known to change their minds at the drop of a hat.

THE WASHINGTON protocol chief will oppose two Californians, Glenn M. Anderson, incumbent, and Thomas Braden, president of the State Board of Education, for the Democratic nomination.

The next Washington Democrat on the list is Norbert A. Schlei, assistant attorney general of the United States, who seeks the Democratic nomination for secretary of state. He has one Democratic opponent, Harold C. Marlowe, listed as a management consultant of Los Angeles. More filings are expected, particularly Milton Gordon, state real estate commissioner, who, as this is written, had not yet been listed as filing for the office.

ON THE REPUBLICAN side from Washington is Ivy Baker Priest, former treasurer of the United States, who lists herself as a "finance adviser" from Los Angeles. She seeks the Republican nomination for the office of California state treasurer, now held by Bert Betts, a Democrat. Although she has another name, the court allowed her to run on the ballot with the same name she used as treasurer of the United States.

There is, of course, no legal bar to anyone who meets the lawful residence requirements in California law from running for public office in this state. How they will be received by the voters is another question.

Fatal Accident Points Up Need

Editor, Independent-Journal:

The fatal accident on Monday, March 21, 1966, which occured on The Tiburon Highway and Strawberry Drive, involving an 8-year-old boy has clearly emphasized the necessity of a safer crossing. The fatality is evidence of the inadequacy of a grade crossing at this intersection.

Crossing this particular intersection has been of great concern to all the people living in this area. The nearest shopping center at Tiburon Highway and Blackfield Road has been dangerous to approach by both children and adults, who because of necessity must walk. Students of the area attending Tamalpais High School must use this crosswalk in order to take the Greyhound Bus, as well as adults who use Greyhound's service throughout the day. It is used by small children attending Strawberry Point School; by residents who wish to partake in the activities sponsored by the Strawberry Recreation District, and to some extent the Strawberry Swim Club.

The intersection has created problems involving minor (to date) automobile accidents. Cars have gone off the road into the ditch adjacent to the southern boundary where homes are. There have been accidents on the divider strip that people have the tendency to use because of the push button controls at either end. The number of rear-end collisions at the intersection are a matter of record.

The speed limit posted coming from the 101 Highway is 45 miles per hour. Although the residents of this area feel that there is adequate warning of a light controlled intersection it is completely ignored by the majority of drivers. The rate of speed with which most approach the intersection far exceeds the speed limit. The mothers and fathers who car pool their children, as well as residents who must use this intersection are well aware of the hazard of getting through (even if it is light controlled) safely. Coming out of Strawberry Drive, especially, it is difficult to judge the speed of cars approaching from the direction of the 101 Highway. The screeching of brakes at the stop light is extremely common.

The Marin County Board of Supervisors has been requested by numerous residents to consider construction of an overhead walk, and the feasibility of reducing the speed limit to preclude further loss of life. We hope this is brought before the public, and pray that drivers using the Tiburon Highway will heed to a bitter lesson and proceed with caution.

Let Us Keep Mill Valley

Editor, Independent-Journal:

My attention has been drawn to the Mill Valley council candidate whose slogan is "Keep Mill Valley Green." It is gratifying one takes this stand after the 17 years former Park Superintendent Mr. Penders spent accomplishing this very thing.

I do feel, however, the first requisite a candidate for the Mill Valley council must have is a knowledge of, and respect for, our city ordinances. I refer to: (1) Ordinance 251, sec. 1 — Handbills & Circulars, (2) Ordinance 359, sec. 5 — Parking Time Limits, (3) Ordinance 408, sec. 4 — Signs.

Most of the voters in Mill Valley have a great respect for our ordinances. We would like all of our candidates to also respect them. As well as keeping Mill Valley green, let us keep Mill Valley.

School Activity Coverage Good

Editor, Independent-Journal:

I want to voice my appreciation for the nice coverage given the activities carried out recently in classes of Mrs. Gateley of Hartzell School, and Mrs. Wall and Mrs. Phillips of MacPhail School. I am sure families and friends of those involved along with many others of the community found these articles both pleasant and interesting.

I regretted that, due to illness, I was not able to readily respond to your reporter who called concerning the activities of Mrs. Wall's class. I shall hope to be in better condition next time, and to have frequent occasion for similar features in the future.

Viet Soldier Asks For Paper

Editor, Independent-Journal:

Presently I am serving a portion of my military obligation here in Viet Nam. To where I am, news travels slowly, and then it is very little compared to all that I desire to know of what is happening back home.

To alleviate this problem, I would like to subscribe to the Independent-Journal. The I-J has always had wide coverage of topics that interest me, and I would again like to receive its beneficial news coverage.

I am presently lacking the required knowledge to enclose a check to pay for my subscription. If you would be so kind as to begin my subscription immediately, I would forward the exact amount via check to your newspaper.

Why Overdose News Needed?

Editor, Independent-Journal:

I picked up the paper tonight (March 23) and read where a lady was discharged from the hospital after an overdose of sleeping pills.

It seems that any patient hospitalized with the above deserves the dignity of privileged communication that is afforded a patient with pneumonia or an appendectomy. Any patient this desperate or depressed will have plenty of problems adjusting to her return to society without her friends and neighbors being informed by the newspaper. Is this news necessary to sell newspapers?

TRY AND STOP ME

BENNETT CERF

IT TAKES MORE than unexpected audience reaction to nonplus a dedicated, self-confident playwright. During the opening night performance of "The Rose Tattoo," a stagehand exclaimed in consternation to playwright Tennessee Williams, "Why, Mr. Williams, they're laughing." "They are, are they?" replied Williams unconcernedly. "If they laugh, it's a comedy."

"WHADDYA mean, I'm paying too much attention to the cigarette girl?" grumbled a Princeton senior to his date at a swanky night club. His date was about to apologize when the scantily clad cigarette girl paused at their table. The Princeton senior, a bit upset, airily ordered "a pair of cigarettes."

ABE BURROWS, guest on a TV panel show, was faced with the problem of guessing the identity of a mystery man. "Is he living?" asked Burrows hopefully. "No," answered the moderator. "He's dead." Burrows scratched his bald head nervously and ruminated, "Let's see now. Who do I know who's dead?"

Two Most Powerful Red Nations Getting Ready For Final Break

WASHINGTON — A total break in relations between the two largest Communist parties and the two most powerful Communist nations is at hand.

The rift between Red China and the Soviet Union seems irreversible. The question is no longer whether Moscow and Peking will break all ties—but when?

They are in the next-to-last stage of distrust and enmity. No one can foresee the long consequences which will flow from the event nobody believed would ever happen. But from the latest abuse which these two Communist capitals are heaping upon each other, this much can be said:

HERE IS AN EXAMPLE, in the extreme, of Red China's self-isolation. Invited to attend the Soviet Party Congress in Moscow this week, Peking said no, we won't attend, we don't like you Russians because we count you bad Communists or not Communists at all.

It is more probable than not that the Sino-Soviet split will prolong the Viet Nam war because neither Moscow nor Peking can afford to let down its Communist ally in Hanoi.

Just because Red China accuses the Soviet Union of being a "tool of U.S. imperialism"—doesn't make it so. The Soviets are helping Hanoi fight the war, not helping the U.S. to negotiate a peace. Until there is a change in fact, let's not be wishful.

RED CHINA is faring badly not only in the neutral world but also in the Communist world. Moscow invited all the Communist parties to send delegations to the Soviet Party Congress this week. Eighty-four reportedly accepted; four refused—Red China, New Zealand, Japan, Albania; two are attending though they wish they didn't have to — North Korea and North Viet Nam, who want approval from both sides.

Clearly, the attending Communist parties are relieved that Peking's dissidents will not be in their midst in Moscow. They know, full well, that if the Chinese delegation were present, there would be epithets in the air and blood on the floor.

Peking said it would not demean itself, nor dignify the Soviet Communist Party by being present. It described Russia as the native land of Leninism "which used to be the center of the International Working - Class Movement." But if Peking can't stand contact with its Communist comrades, what reason is there to expect it wants contact with the "imperialists" in the United Nations?

ONLY BY READING the whole text of Peking's latest message to Moscow can one feel the depth and fury of China's hostility to the Soviet Union. It is laden with accusations of bad faith, border-incident provocations, anti-communism and, as the final coup, ganging up with the U.S. to make war against China.

The Soviets say about the same thing in reverse — that Peking is acting to bring on a nuclear war and doesn't care if it does, that it is trying to drag Moscow into war with the U.S. in order that it can pick up the pieces. Quite evidently, the underlying cause of the rift is primarily conflict of national interest, not conflict of ideology.

Prof. Philip E. Mosely, a leading authority on Soviet affairs, makes a useful warning in an article for the Foreign Policy Assn. It is that, while the rift with China somewhat handicaps the Kremlin, Russia does not need an alliance with the West enough to alter its continuing aim; that is, to support "wars of liberation" only a little more prudently than Red China.

INSIDE WASHINGTON

What We're Selling To The Red Nations

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — There is good reason the Johnson administration is pussyfooting on excoriating that shocking Paris-Bonn deal to build a $150 million steel complex for Red China.

The administration is doing pretty much the same sort of thing.

This column has obtained lists of scores of unannounced export licenses issued by the Commerce Department from Oct. 1, 1965, to March 3, 1966, authorizing the sale to Russia and Poland of a wide range of machinery, equipment, materials, supplies and technical data — with distinct strategic potentialities.

Graphically illustrated are the following:

Boron isotopes, a vital element in the production of heat-resistant metals for supersonic planes and spacecraft; airborne communications and navigation equipment and parts for Aeroflot, the Soviet's rapidly expanding global airline; technical data for the design and operation of a sulphuric acid plant; numerous unnamed chemical compounds; nylon and rayon tire cord.

COMMERCE DEPARTMENT officials maintain these exports do not fall directly in a strategic category. Also that the sums involved are not high.

This is whitewashing rationalization.

Most of the items on these export lists have definite military import.

Both strategically and financially, this trade is not of minor moment.

Following are significant items on these backstage lists of U.S. exports to the Communists:

Sales to Poland: Industrial instruments for use in laboratory analyses for production of plastics; technical data for phosphoric acid evaporators; signal generators and parts; navigational equipment for airport; rotary drill and parts; technical data for the design, erection and operation of electrostatic precipitator; rubber antiozonant.

TO RUSSIA: Synthetic rubber for manufacture of rubber products; unspecified chemical compound; photographic equipment; industrial chemicals for manufacture of solvents for use in textiles and leather industries; chemical wood pulp for manufacture of tire cord; temperature control instruments and parts for use in sugar plant; pulverizing machinery parts; technical data for production of sodium cyanide; technical data for the erection, operation and maintenance of a coil build-up line for hot rolled steel strip.

Sen. Ernest Gruening, D-Alaska, chairman of the Foreign Aid Expenditures subcommittee, is still waiting for a reply to his demand on Defense Secretary McNamara for an immediate worldwide freeze on the disposal of surplus military property urgently needed in the Viet Nam fighting.

Since calling on McNamara for such action several weeks ago, Gruening has received an advertisement in a San Francisco newspaper announcing a public auction of "military aircraft components, parts and accessories."

Among the listed items are engines, communications equipment, prop shafts, a wide variety of aircraft instruments, trucks and trailers.

In a telegram to McNamara, Gruening stated:

"Urge immediate worldwide freeze on all items needed in Viet Nam which have been declared excess or surplus to needs of Department of Defense. Also suggest that you recover from AID (foreign aid agency) all items now held which are needed in Viet Nam."

Here Are Some Guidelines On Why Public Meetings Run To Late Hours

There seems to be competition among city councils, commissions, school and district boards and county supervisors as to who can hold the longest meetings.

The unofficial world's championship goes to the Marin County Planning Commission, which started a meeting one Monday at 9 a.m. and ended it the next day at 12:40 a.m.

Mayors in Sausalito and Larkspur rebelled when their council sessions rivaled the "late show" and decreed that no new business would be taken up after 11 p.m.

UNFORTUNATELY, the length of the agenda is no clue to the length of the meeting, but there are some guidelines a wary public can look for.

For instance, if there is a lawyer in the audience with his client, add 30 minutes to the estimated time of the meeting.

If there are two lawyers, representing opposing sides, add one hour.

A developer armed with maps and charts is good for an additional 15 minutes.

IF THE DEVELOPER is accompanied by a civil engineer and a planning consultant, add 30 minutes.

There are instances you can get a rough sort of timetable by a glance at the audience itself.

When there is a group from the same neighborhood, apparently banded together for a single cause, you can add 30 minutes.

If the group has a petition and a lawyer of its own, add 45 minutes.

WHEN THERE are two groups, apparently in opposition to each other, add one hour.

There are times when the council itself should be scanned for possible time consumers.

If one of the councilmen lives in the area under discussion, add 15 minutes. If he's running for re-election, add another 15 minutes.

If it is election time and there is an opposition candidate in the audience, add 20 minutes for him.

IF THE MAYOR is running for re-election, add another 15 minutes, because he's not going to cut anyone off at that stage of the game.

Then there might be a councilman who takes longer to explain his vote than he did to reach his decision. In this case, add from 10 to 15 minutes, depending upon how many votes will be taken.

Another guy to watch is the city manager, superintendent or administrator who waits until adjournment is nigh and then pipes up: "Wait a minute, I've got one more item . . . the revised budget."

All of which goes to prove that no one can tell how long a meeting will run, but trying to guess will at least help you pass the time while you are waiting.

ART BUCHWALD

Ringling Bros., Barnum And Bailey Should Be Run By Computers

WASHINGTON — I went to the Ringling Bros. and Barnum and Bailey Circus last week with my children and was shocked to discover that in the age of automation the circus was still going along with old-fashioned, out-moded methods of operation.

As I sat there and watched the cast of over 100 people, not to mention the people behind the scenes, I couldn't help thinking what the circus really needed was a good management consultant who could trim the manpower and make the show far more efficient.

I can just hear him talking to John Ringling North.

"Now Mr. North, I've made a study of your circus and you're in trouble, people-wise, that is."

"How do you mean?"

"WELL, LET'S take the trapeze acts as an example. You've got six men and two women working two rings at the same time. I think you could cut this down to one ring, one woman, and one man."

"But you need a third man to catch the woman when she does a flip."

"You can install a computer which will be synchronized to the trapeze. It will be right where the woman artist wants it to be when she flies through the air. If it works well, you might even be able to do without the man."

"What else?"

"WELL, I noticed, in your lion act, five of the lions are sitting around in the cage while the sixth lion is performing. There really doesn't seem to be need for all six lions."

"But each lion has a different trick."

"You could teach one lion all the tricks. I did a time study on them and I discovered that, for every minute they worked, the lions took three minutes doing nothing. This is a waste of lionpower."

"I don't want to argue with you, but one of the things that makes that act is that the trainer is in there with six lions. If he was only in there with one lion, there would be no danger as far as the audience is concerned."

"We could play a tape over a loudspeaker during the act which would make it sound as if there were 12 lions in the ring. Now I want to talk to you about that Siberian tiger that rides a horse."

"DON'T TELL me you want to get rid of the tiger?"

"No, I want to get rid of the horse. Why can't the tiger ride a wooden horse? It seems to me people are more interested in watching the tiger than the horse."

"But the whole idea is a live tiger is riding a live horse. If we make it a wooden horse, the circus fans will object."

"They will at first, but they'll get used to it. Now about those boxing bears. I think you only need one."

"How can you just have one bear fight?"

"WHAT'S THE matter? Haven't you ever heard of shadow boxing?"

"What other suggestions do you have?"

"You have too many juggling acts. We have a machine that can juggle twice as many bowling pins in half the time. We can speed up the whole operation and, at the same time, put a lot more balls in the air."

"I suppose you want me to cut down on the clowns, too?"

"I was coming to that. My study shows you can easily get by with two clowns."

"BUT HOW do you make the people laugh with just two clowns?"

"You install a laugh track over the loudspeaker system. It will sound as if you have 50 clowns."

"If it's all the same to you, I think I'll stick with what I've got now."

"That's all right with me, Mr. North. But you'd better realize we're living in a computer age, and if you keep using people in your circus, you're going to lose your shirt."

Low County Salaries Due Over-All Study

Responding to protests of "descrimination in reverse" from one board member, the Marin County Board of Supervisors yesterday agreed to make no change in the salary for seven trainees in the county apprentice program.

Action was deferred until all low-level salaries particularly as they relate to withholding funds, can be studied.

County Personnel Director Robert D. Elliott, in a letter to supervisors, said the apprentices in county employ six months are due an increase from $345 to $362 a month. They are also due reductions in take-home pay for county retirement and social security. These do not begin until after the first six months under the present county system.

Elliott said that the net effect will be that an apprentice taking home $302.29 a month now will be taking home $282.67 April 1. He recommended, with backing of County Administrator Alan Bruce, that the gross salary be increased to $380 a month, providing a take-home of $296.44.

Supervisor Ernest N. Kettenhofen questioned the philosophy of setting net salaries, saying it was "really getting into the welfare state." He suggested the apprentices not be put on the retirement system. This raised legal difficulties and was questioned by Supervisor Peter H. Behr.

Behr said that any exception for the Negro apprentices would be a form of "discrimination in reverse" and would not be appreciated by the men themselves.

Supervisors William A. Gnoss and Byron W. Leydecker were voted down in an attempt to follow Elliott's recommendation. The board then voted unanimously to defer the problem until all low-level salaries are studied. Bruce said the study could not be completed until May 1 or later.

Tools Taken

Gerald L. Koch of 1356 Lincoln Avenue, Apt. 3, San Rafael, told San Rafael police Monday someone opened the unlocked trunk of his car and took two tool boxes containing about $150 worth of tools.

Police Claim Gun Concealed

Two San Francisco brothers, formerly residents of Sausalito and Mill Valley, were arrested by Mill Valley police Monday on charges of having a concealed firearm without a license in the car in which they were riding.

Marc Torvend Ford, 19, and George Skiff Ford III, 20, both of whom said they are self-employed, were held in county jail today awaiting setting of bail.

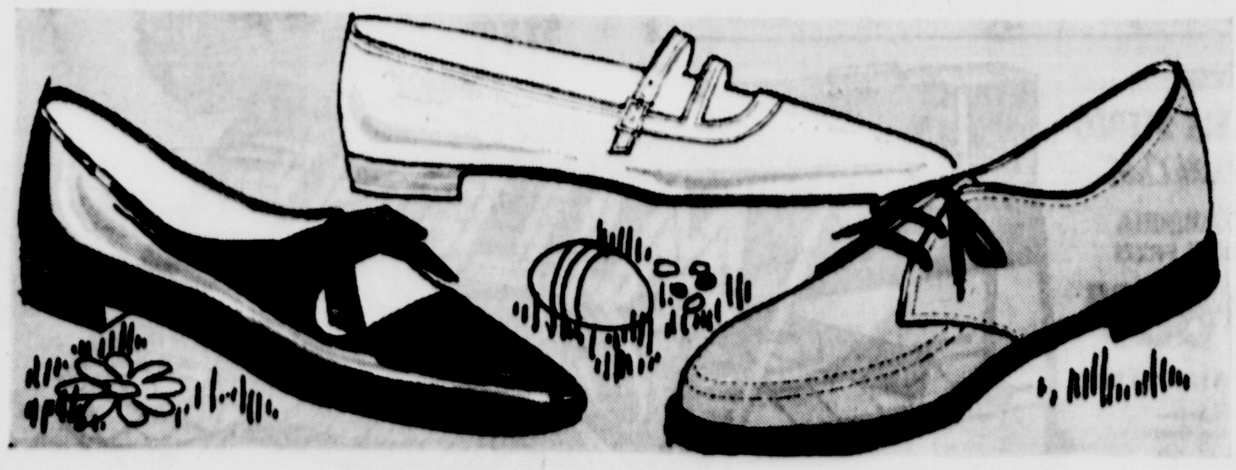

Patrolman Jerry Harman stopped a 1958 Chevrolet at 8:05 p.m. at Miller Avenue and Camino Alto after the car did not stop at the crosswalk for a red light.

The Fords, said police, had a green tool box in the front seat of the car which contained a Russian-made automatic handgun. There were a bullet in the barrel and two partially filled clips.

THE ENCHANTING ENSEMBLE IDEA . . . ALL DEMURE YOUNG CHARM

Mother bunny Macy's believes in a memorable dress-up ensemble for Easter . . . a coat with matching dress, plus all the trimmings.
R.A.R does navy with touches of white. A classic look in a rayon ensemble with white lace trim and yellow grosgrain ribbon detail. Matching dress (directly above the coat) has a snowy white yoke, too. Sizes 7 to 14, **15.98**
Nancy Kay puts self-ruffles on an enchanting A-line coat and sleeveless Empire dress of rayon and acetate. Small sisters adore it in pink, 4 to 6x, **9.98**; big sister favors blue, 7 to 14, **11.98**
Fein Girl tailors a side-opening coat, very grown up in nubby pink rayon bound in white. Matching dress smartly echoes this crisp detail. Sizes 7 to 14, **13.98**
Hats, bags and gloves from Macy's complete selection of finishing touches for young girls.
3-6X shop, Girls' shop and Girls' accessories, second floor

DRESS-UP BEAUTIES IN BUDGET-PRICED BLUE STAR SHOES

Three more-for-the-money ways by Blue Star to skip into spring!
Patent bow pump is newly smart in gleaming black or white. Sizes 12½ to 3, **8.50**; teen sizes 4½-8, **8.99**
Patent two-strap is a pert new look in black or white. Sizes 12½ to 3, **7.50**
Boys' brushed leather oxford is a classic for sizes 8½ to 12 and 12½ to 3, **6.99**. Slipon style also available in sizes 12½ to 3, **6.99**
Young people's shoes, street floor

"A Kitchen Is A Kitchen" I Said

BUT—She made me look at every single item!

The sink sprayer

The great big storage cupboards

The "beautiful electric range"

The Huge self defrosting refrigerator

The White formica counter tops

The dishwasher.

SHE HAD JUST STARTED IN ON THE REST OF APARTMENT — the drapes, carpet, the individual air conditioning . . .

I — Just had to have another look at those pools, the tennis courts, etc. MEANWHILE, only ½ mile away . . . shopping, churches, school, fire station, medical & dental . . . and excellent Freeway access.

CAMPER NEWS
We are happy to announce that we are now the franchised dealers for Travette Campers. The Travette is of the highest quality, offering a wide variety of floor plans and sizes. The addition of the Travette line to our stock of campers give us what we consider the most complete Camper center in Northern California. As you no doubt know we are also the Franchised dealer for the Caveman Camper and The Holiday Camper. These are also high quality Campers. For only a little more you can be sure you have purchased the best when you buy a Caveman, Holiday or Travette.

Kappas Explains Houseboat Marina Sewer Proposals

George Kappas, owner of Kappas Yacht Harbor at Waldo Point, presented his plan for a houseboat marina to Sausalito-Marin City Sanitary District directors Monday night.

The board referred the plan to the Marin County building and health departments, reported Cyril G. Hansen, board president.

The proposal is for a floating dock arrangement with collecting pipe, to be tied in with a pumping plant Kappas has already had built and approved.

Bids are due the board on April 21 on the proposed sewer assessment district to the north of Rosedale Canal at Waldo Point. The board set April 25 for public hearing on the assessment district, which is to include the bulk of arks and houseboats at Waldo plus the commercial facility at the heliport to the north on Richardson Bay.

Night Slated For Candidates

The six candidates competing for two seats on the Larkspur City Council will participate in a candidates' night sponsored by the Larkspur Chamber of Commerce tomorrow at 8 p.m. in the multipurpose room of Henry C. Hall School.

The evening's format calls for opening statements by the candidates, questions from moderator Ronald E. Piper, Larkspur's recently resigned city manager, and questions from the audience.

Candidates are Neil R. Brixon, present mayor; Colin K. White and William Fleckles, planning commissioners; Alfred Malvino, furniture dealer; Daniel Allen, former councilman; and Jane Epidendio, grocer.

Store Burglar Gets Six Months In Jail

A six-months term in county jail was meted out to James Norman Litteral, 21, by Judge Thomas F. Keating of Marin Superior Court yesterday for the Dec. 21 burglary of McKenzie's Junior Vogue Clothing Store in San Rafael.

Litteral, of 802 E Street, San Rafael, was arrested near the store at 1000 Fifth Avenue after San Rafael police discovered the break-in.

TELEVISION REVIEW

Good Documentary Presented On Police

By RICK DU BROW

HOLLYWOOD (UPI) — The second network television documentary in recent weeks about the problems facing today's hard-working policemen was presented last night by "CBS Reports."

The one-hour program was on solid footing as it took a sympathetic approach to the officer on the beat and the tremendous burden he has to carry, often at the risk of his life.

Joseph Wershba, producer of the documentary, entitled "The Policeman's Lot," summed up the approach of the hour in a pre-broadcast attitude he expressed:

"The vast majority (of police officers) are decent men and women performing a difficult and absolutely essential job that most of the rest of us wouldn't touch with a 10-foot pole."

Centering mainly on the New York and Chicago police departments, the program went over the current topics best known to the public, and made its points succinctly and well, even with some originality.

The reason for emphasizing the big city examples, the documentary properly explained, was that pretty soon eight out of 10 Americans will live in metropolitan areas, and New York's problems will be theirs too.

Nothing in the hour was more telling and pungent than an interview with one police official who capsulized the problems thusly:

Learned, persons, even judges, are split over what to do in some of the controversial areas, yet the officer on the beat is expected to do right all the time while trying to keep in mind all the pressures and legal points.

"He'd have to be better than God Himself," said the official.

Other sequences in the hour suggested how the policeman, whose chief job is to keep the peace, must often be a Solomon-on-the-spot to solve the many other types of cases that come his way.

Another good point noted that the policeman often is unfortunately just the fellow at the scene who has to take the resentment stored up by some angry citizens against other city officials.

Among the best sections of the hour were lectures at the New York Police Academy about courtesy to the public and how to get confessions properly. Naturally the usual other topics brought up during the program included civilian review boards, the effects of recent legal decisions, and public apathy.

Freitas Link Revived As Talks Topic

The long-dormant proposal to extend Manuel T. Freitas Parkway to link Terra Linda with San Anselmo will be discussed by Marin County businessmen and city officials at a meeting sponsored by the Greater San Rafael Chamber of Commerce.

The breakfast meeting is scheduled for 7:30 a.m. on April 6 in Dominic's Harbor Restaurant, San Rafael.

Taking part will be members of chamber committees concerned with streets, highways and parking together with representatives from the cities of San Anselmo and Fairfax.

A Terra Linda-San Anselmo connection was first indicated in highway plans 12 years ago, and a push for the road was made in 1962 with development of the Northgate Shopping Center.

The project was subsequently overshadowed by debate over the route of the proposed Highway 17 extension, a major east-west county connection.

Department of public works representatives from San Rafael and Marin County have been invited to attend the breakfast discussion.

Dredging Project Bids Are Called

Marin County supervisors yesterday started the wheels turning on a $300,000 dredging project that will allow boating access from San Francisco Bay to the Civic Center fairgrounds.

The board called for bids on the project at 10 a.m. May 2, and scheduled hearing on formation of an assessment district for 3 p.m., May 3.

The special assessment district would finance dredging of Gallinas Creek up to the fairgrounds. Properties to be included in the district are those lining the banks of the creek. On the south side, the district would take in residential lots adjacent to the creek. On the north, it would include a strip running about 175 feet wide along the bank.

Probation, Jail Set On Auto Theft Plea

Peter Bruce Winston, 19, was sentenced to six months in county jail yesterday in Marin Superior Court following his earlier guilty plea to stealing a 1964 auto from the Scripture Oldsmobile lot at 740 Francisco Boulevard, San Rafael.

Winston, of 30 Novato Street, San Rafael, also was placed on two years probation. The theft occurred Jan. 2.

HIS NEED: BLOOD—Tommie Rice, Tamalpais High School junior, receives home instruction from Mrs. Mary Mackey, special teacher. Tommie attends regular high school classes in the morning, but because of a physical ailment—which also requires two days a week of hospital treatment and many blood transfusions—his afternoon studies are done at home.

Tam Students Organize Blood Drive For Junior

Tommie Rice, a member of the junior class at Tamalpais High School and soon to be 17 years old, leads a very different life than most students. Tom spends each Monday and most of Tuesday at a San Francisco hospital where he receives treatment for a physical condition that requires constant and expert attention. In addition, he needs frequent blood transfusions.

On Wednesday, Thursday and Friday, Tommie audits classes at Tam in the morning. In the afternoon he studies at home with Mrs. Mary Mackey, his special home teacher.

Tommie is a "good student," Mrs. Mackey reports, "one who is excited about learning and who never complains about his shortened schedule."

"It wasn't always this way," according to Mrs. Emily Fendler, Tom's grandmother, and his uncle and foster father, Walter Lutz, with whom he lives.

Less than four years ago the boy used to go deep sea fishing in Baja California with his father. He has a huge 117-pound marlin, mounted and hung in his bedroom, to attest to the fact that he has been an active and adventuresome boy. Also, he has several trophies from participation in Little League baseball. One, a 1962 trophy, is for the Sausalito all-star championship. Even now, with his limited ability to do things outside the home and hospital, Tom has taken driving instruction and will soon be able to get his driver's permit.

"We keep his mind and body busy," Mrs. Fendler said as she looked with pride at her grandson. "We have faith in his doctors and the treatment he receives and feel certain that the future will bring new reasons for optimism."

Tom hopes to complete high school and continue his education in a scientific field, but he needs the "back-up" support of many people, especially those who are blood donors for him. Up to now the blood he has needed has been given by friends and by his father's fellow employees in San Francisco.

Recently members of the senior class at Tamalpais High School have taken a very personal interest in Tom's need for regular blood transfusions. Class leaders are making plans to establish a blood reserve fund for him at Marin Blood Center in San Rafael — one that will carry him through the summer and beyond, and to which any person who wishes to share in Tommie's courageous health crusade may give blood. Students who have reached their 18th year would be eligible to donate personally to the Tommie Rice Blood Reserve. Others who are younger could help to recruit donors.

The Marin Blood Center, a service of Irwin Memorial Blood Bank of the San Francisco Medical Society with cooperation of the Marin Medical Society, is open every Monday, Wednesday and Friday from 10 a.m. to 6 p.m. at 506 Fourth Street, San Rafael. Donors may make appointments in advance, in groups or individually. All those 18 through 60 years are eligible.

Final Roster Cuts Are On Tap This Week For Giants Ball Club

HANLEY

PHOENIX—The 1966 Giants will be a perfectly balanced ball club. At least, mathematically. After Herman Franks makes his final squad cut this week there will be 11 pitchers, three catchers, seven outfielders and seven infielders to meet the opening day maximum rule of 28 players.

For the first time in his career, Orlando Cepeda is listed among the outfielders. The six other outfielders: Willie Mays, Jay Alou, Len Gabrielson, Don Landrum, Ollie Brown and Cap Peterson. Until he hit a game-winning clutch homer the other day, Peterson was a doubtful candidate.

WILLIE McCOVEY, Hal Lanier, Dick Schofield, Tito Fuentes, Jim Ray Hart, Jim Davenport and Don Mason are the infielders. Mason is the youngster the Giants drafted out of the Washington Senators' farm organization during the winter.

Tom Haller, Bob Barton and Jack Hiatt are the catchers. Barton, a most promising rookie, edged Dick Bertell out of a job.

Although there is a numerical balance to the overall look of the team, the pitching staff is top heavy with righthanders. Several southpaw rookies were brought into camp this spring and given every opportunity but failed in their tests.

DICK ESTELLE is the only southpaw rookie still around and he has had trouble getting out lefthand swingers. Franks still is debating whether to take Estelle into Candlestick or send him back to the Coast League farm club of the Giants for more seasoning.

Southpaw Joe Gibbon, the ex-Pirate acquired in a winter trade because of the urgent need of a lefthand starter, hasn't been impressive in Cactus League competition but everyone says Gibbon is a cold weather pitcher and will be more effective in Candlestick Park.

JUAN MARICHAL, of course, heads the pitching staff as the team's ace 20-game winner in each of the last three seasons. Bob Shaw, whose 16-9 record last year was his second best in a decade of major league campaigning, is the No. 2 man although his prolonged holdout prompted Franks to put a question mark after Shaw's name.

There was nothing doubtful about the No. 3 starter. He is Bob Bolin, whose 14-6 mark last season was his best in his five-year major league career.

THEN COME Gaylord Perry, Ron Herbel and Gibbon. Naturally, Franks hopes two of that trio will become effective starters. If not, Bob Priddy, Joe Overton and perhaps Estelle will get their chance. Overton is an over-the-top rookie righthander who had a 14-10 record last year at Tacoma. He might edge Estelle out of the 11th berth on the pitching roster.

The bullpen is set with Frank Linzy, Lindy McDaniel and Bill Henry.

RIGHT IN THE KISSER—Cassius Clay's left glove smashes into face of George Chuvalo during the fourth round of last night's fight. Clay blasted the challenger throughout the fight to win a unanimous decision.

Cooper May Be Next In Line For Title Go

By MURRAY ROSE

TORONTO (AP) — It was like a fight between matador and a bull, only the bull didn't have any horns. That was heavyweight champion Cassius Clay's lop-sided victory in 15 rounds over game, iron-jawed George Chuvalo of Canada last night.

The 14,500 partisan fans — 13,900 paid — at Maple Leaf Gardens gave the plucky Canadian champion a roaring ovation for maintaining his record of never having been knocked off his feet although he must have taken at least 1,000 punches on the head from the unbeaten American.

Now the 24-year-old champion hopes to get into the ring within two months, either in Toronto or London, against Henry Cooper, the 31-year-old British ruler from London.

Old 'Enry isn't in gutty George's class when it comes to soaking up punishment but he can hit pretty good. He floored Clay with a left hook before being stopped in the fifth round at London on June 18, 1963. Clay has been dropped only twice in his 5½-year career.

PUSH-BUTTON CHIN

The big drawback with Cooper is that he has a push-button on his chin. He has a 31-11-1 won-lost-draw record, including 21 knockouts. But he has been stopped six times — by Zora Folley, former world champion Ingemar Johansson, Clay, and some characters named Uber Bacilieri, Peter Bates and Joe Bygraves.

"We haven't got anything set yet," said Clay, whose face was virtually unmarked. "But Cooper might be a good one. He knocked me down once."

Arthur Grafton, the attorney for Clay's Louisville sponsoring group said they were considering Cooper and anyone who might be available, including Ernie Terrell. Terrell, the World Boxing Association champion from Chicago, withdrew from his title showdown here with Clay, recognized as champion everywhere but in WBA territory, when his guarantee was slashed.

"Terrell can show up or shut up," said Grafton.

APPEAL DATES

It was Grafton and Edward Jacko Jr., Clay's personal attorney, who said yesterday that the champion figured to have from 30 to 60 days before his appeal from a 1-A draft classification normally would be heard by the state board in Kentucky. Earlier it was reported the fighter's case would be heard within a few days.

The middle knuckle of Clay's right hand was swollen from the steady stream of punches he fired at Chuvalo's battered but unbowed head. Chuvalo bore nicks over and under both eyes, on his forehead and had a huge lump under his right eye about the size of a lemon.

The officials had the following winning scores for Clay on the five-point must system: Referee Jackie Silvers 73-65, judge Tony Canzano, 74-63 and judge Jackie Johnston, 74-62. The Associated Press had it 73-62 for Clay and 13-2 in rounds, giving Chuvalo only the second and fourth. By rounds, Silvers had it 9-2, with four even, Canzano had it 12-1 with two even and Johnston had it 13-1 with one even.

ALL CLAY

After the fourth round it was all Clay with his popping lefts and left-right combinations. Chuvalo battered Clay's ribs and back and admittedly strayed low with some of his blows. Although he constantly stalked the dancing, sidestepping, circling champion the challenger couldn't slow him up. Chuvalo's punches had the effect of a wet noodle.

The bout was as one-sided as a fued between a machine-gunner and an opponent with a wooden sword.

In the eighth round, by actual count, Clay popped his bull-necked, husky for 148 times with

Koufax, Drysdale Nix 'Final' Offer

VERO BEACH, Fla. (AP)— When they read off the names of the starting pitchers for the world champion Los Angeles Dodgers this year the list will include newcomers Don Sutton, Bill Singer, Joe Moeller and Phil Regan.

It won't include Sandy Koufax and Don Drysdale. The two star holdout pitchers made that evident yesterday when they refused the Dodger package offer of $210,000—$112,500 for Sandy and $97,500 for Don.

The Dodger brass, represented by General Manager E. J. (Buzzie) Bavasi, also made it quite clear that was the final offer.

And in Vero Beach, where the Dodgers prepared to pitch Claude Osteen today against Cincinnati's Joey Jay, the remainder of the Los Angeles club expressed their disappointment with equal amounts of determination.

Said catcher John Roseboro: "Well, we've played without them for a month, I guess we can go six months more."

From shortstop Maury Wills: "This is a big loss for us and for them. I'm sorry. I hate to see baseball lose two players like that."

Pitcher Bob Miller: "I'm going to miss my roommate (Drysdale) and Sandy too. In my estimation they're the two greatest pitchers in baseball."

Outfielder Tommy Davis: "I'm a little disappointed. They won 49 games for us last year. We'll miss them but I can't stop living. We have to do our best. I wish them luck and I'll say this — I'll go see all their movies."

Infielder Jim Lefebvre: "I'm really surprised. It's a shock and I can't believe it. I guess we'll just have to do the best we can."

Coach Preston Gomez: "This is their business, but it's not good for baseball."

Pitching coach Lefty Phillips: "They made my job a lot easier last year and I'll miss them. But we'll do the best we can with the pitchers we have. I think all of us have been happy with what we've seen of the young pitchers this spring."

Manager Walt Alston: "I'm disappointed, I can't lie about that. But it's no great surprise. I started to give up on them signing two weeks ago. I can't be mad at either one of them after all the games they've won for me. I don't know where we'll finish this season, but the club showed me last season that it won't throw in the sponge now.

"I've been optimistic all spring about our young pitchers. Maybe now that they have an opportunity to pitch they'll be better than most people expect. This time last year no one had ever heard of Jim Lefebvre, but he was given a chance to play and he turned into a helluva ballplayer.

"These kid pitchers might do the same thing."

The starters this season will consist of Claude Osteen, Johnny Podres, Nick Willhite, Sutton, Moeller, Singer and Regan, with Ron Perranoski, Miller and Howie Reed in relief, said Coach Phillips. Jim Brewer also will figure in the picture, he said.

Those are the 11 pitchers the Dodgers will take when they fly to Phoenix tomorrow for a five-day Arizona tour after closing down their Vero Beach camp.

Cassius Has Praise For Beaten Foe

TORONTO (AP) — "I told you he'd be tougher than Sonny Liston, Floyd Patterson or Ernie Terrell. I hit him with seven or eight of my best punches but he didn't go down. If he had fought all his other opponents like he fought me he would have won them all."

Cassius Clay was generous in his praise of George Chuvalo after winning a unanimous decision over the Canadian last night in a 15-round "heavyweight showdown" match at Maple Leaf Gardens. Clay's world title was not at stake officially because he is not recognized by the World Boxing Association of which Ontario is a member.

TOUGH PUNCHER

"He's a tough body puncher," said Clay of the 7-1 underdog who never has been knocked off his feet in 48 pro fights. "This fight proves I can take a body punch."

The champ, dressed in a tuxedo, met newsmen at the Gardens shortly after the fight. He said he would have stopped the plodding but game Canadian if he had not been forced to interrupt his training while the fight was shifted from city to city and a new opponent was subbed for his original foe, Terrell, the WBA champ.

"With all the traveling I did, I didn't have a chance to work on the heavy bag. The hardest thing I punched since I beat Patterson was Chuvalo's head."

CHUVALO CONFIDENT

Chuvalo, who was given no chance to win, said he thought he could have beaten Clay if he had more time to train. The Toronto bully boy had to take the fight on short notice when Terrell pulled out.

"I thought it was a pretty close ifght," he said. "He fought a good fight and so did I. I didn't know who won or lost. I thought I won eight rounds.

"With the proper time to train, I feel I could knock him out. . . I wouldn't say he's great. He's very quick but not an extremely hard puncher. His punches have a lot of snap but he's not a big banger. He didn't hurt me at any time."

CLAY GRIMACES—Cassius Clay shows pain as he takes a low left from Canadian George Chuvalo midway in their 15-round bout in Toronto last night. Many of Chuvalo's body punches were low throughout the fight. (AP Wirephoto)

Exhibition Baseball's Rainy Day

By ASSOCIATED PRESS

Rain wiped out five exhibition baseball games yesterday but Ken McMullen brought a ray of sunshine through the clouds for Washington Manager Gil Hodges.

McMullen pounded two home runs and drove in five runs as the Senators whipped Kansas City 6-4 in a game called after eight innings because of rain.

Elsewhere, Minnesota blanked Los Angeles 20- in a rain-shortened five inning game, Pittsburgh shaded the Chicago White Sox 6-5, San Francisco downed California 2-1 and Chicago outlasted Cleveland 12-10.

The New York Mets-New York Yankee, Baltimore-Detroit, Boston-Houston, St. Louis-Cincinnati and Atlanta-Philadelphia games all were rained out.

McMullen, who was the Senators' regular third baseman last season after coming over from Los Angeles in the Frank Howard-Claude Osteen deal, continued to flash the muscle that made him a Senator favorite in 1965.

The husky infielder walloped 18 home runs last year, second on the club only to Howard's 21, and drove in 54 runs in 150 games.

Hodges, who had batted him in the No. 2 spot most of last year, dropped him to No. 6 yesterday, hoping to capitalize on his RBI potential, and the move paid off handsomely.

McMullen connected with one man on in the fourth and then with two on in the eighth as the Senators, who had lost their first nine exhibitions, won their fifth straight.

The output hoisted McMullen's spring figures to six homers and 11 RBIs. He leads the club in both departments.

Ken Harrelson and Dick Green homered for Kansas City.

The Twins pushed across two unearned runs to beat the Dodgers in a rematch of last season's World Series opponents.

Harmon Killebrew started the Twins' rally with a fourth inning single. He moved to second on a wild pitch and then scored on Peewee Oliver's boot of Earl Battey's bouncer. After Jerry Kindall singled Battey to second, Andy Kosco's pinch double brought him home with the second Minnesota run.

Matty Alou's bases-loaded single in the bottom of the ninth inning gave Pittsburgh its victory over the White Sox.

Floyd Robinson had two doubles and a single for Chicago and Pete Ward drove in three White Sox runs with two singles and a double.

The Cubs battered four Cleveland pitchers for 20 hits. Four Indian errors helped Chicago along. Cleveland's Duke Sims hit the only homer of the game.

Injuries Play Key Role In NBA Playoff Games

By ASSOCIATED PRESS

The outcome of Cincinnati's effort to eliminate the defending champion Boston Celtics from the National Basketball Association playoffs tonight rests heavily on a knee — Jerry Lucas' left one

Lucas, whose scoring and rebounding are a key factor in Cincinnati's 2-1 lead in the best-of-five series, injured the knee in the Royals' 113-107 victory at Boston Sunday.

He has been taking whirlpool treatments and has had cortisone, but if the sore joint should affect his performance, especially in rebounding, it might give the Celtics the edge they need to force the series into a fifth game at Boston.

Should this occur, it is doubtful the Celtics would lose a third straight at home in their bid to advance to the Eastern Division final against the regular season division winner, the Philadelphia 76ers.

Injuries also will play a big role in tonight's Western Division semifinal at St. Louis.

The Hawks hold a 2-0 advantage over Baltimore after winning the first two games on the Bullets' home floor and, with Baltimore hobbled by injuries, they figure to end the series.

The possible return of forward Gus Johnson, who has been out for about three weeks with an ankle injury, could give the Bullets the pickup they need.

Baltimore also is hurting at pivot and in the backcourt. Center John Kerry played only 30 seconds in Sunday's loss because of a leg injury, and guard Kevin Loughery has been hobbled by a knee injury.

However, even Johnson's return should not be enough to offset St. Louis' board game led by Bill Bridges and Zelmo Beaty.

Stanford's Fehring To Head Federation

STANFORD (AP) — William P. (Dutch) Fehring, head baseball coach for Stanford, has been elected president of the United States Baseball Federation, the school announced Monday.

Fehring succeeds Everett Barnes, president of the National Collegiate Athletic Assn., who had held both posts.

Novato Trap Club Captures Opener

The Novato Trap Club won Classes A, B, C, and D to win overall honors last Sunday in the opening of the Redwood Trapshooting Assn. round robin tournament.

Individual winners for Novato were Larry Brace, Fred Schleth, Ed Williams, Steve Berner, E. R. Whitney, George Davi, Jack Venton, Roger Jones, Joe Costello Jr. and Max Cerini. Williams was high overall winner.

HE'LL BE READY FOR OPENER

Marichal Has Good Start

PHOENIX, Ariz. (AP)— Ace right-hander Juan Marichal of the San Francisco Giants figures he'll be able to get in shape just in time to pitch the club's National League opener at Candlestick Park on April 12.

First, he must face the Los Angeles Dodgers on Sunday in his first confrontation with the world champions since Aug. 22 when he hit catcher John Roseboro on the head with a bat in a fight he maintains the Dodger precipitated.

Only four days after reporting to camp after a holdout that ended on agreement to a $70,000 salary for 1966, Marichal started against the Los Angeles Angels yesterday and hurled two shutout innings with one hit as the Giants won 2-1.

"I was only pitching half speed," the pitcher from the Dominican Republic said. "But I was throwing curves."

That's what impressed pitching coach Larry Jansen. He pointed out that the San Francisco hurler didn't depend only on his fast ball, but also was trying curves and sliders. Marichal tossed 29 pitches in the short time he worked.

Since Marichal thinks he barely has time to get ready for the opener, it appeared the Dodgers' Sandy Koufax and Don Drysdale, both older than the 27-year-old Marichal, could not be ready for the season's start. Koufax and Drysdale turned down offers of $112,500 and $97,500 respectively from the Dodgers yesterday.

"Next time maybe I can go five innings," the Giant hurler declared after only giving up a double by Norm Siebern.

Juan faces the Dodgers in his next outing, an already sold-out meeting against the world champions at Phoenix Municipal Stadium. The teams also meet Saturday at Mesa.

"I'll never forget the day," says Juan of his battle with Roseboro, "but I can't let it affect my pitching."

Asked when he thought he might go nine innings, he replied, "April 12, if I'm lucky."

Manager Herman Franks said that if Marichal feels he's ready for the opener, the job is his.

"I've got the best pitcher in baseball," the San Francisco skipper declared. "If he wants to pitch the opening game, he's got the job."

Bob Priddy, who took over the hurling in the third inning, got credit for the victory as the Giants scored twice in the seventh inning. Willie Mays started off with a 425-foot homer over the left field fence, his fourth round trip clout of the spring. Willie McCovey singled and eventually scored as rookie Ollie Brown hit a roller to short.

The only Angel run came off Priddy when Jim Fregosi tripled and Siebern singled in the fourth.

Aintree's Race Course To Be Housing Project

LONDON (AP) — The House of Lords ruled today that the famous Grand National race course at Aintree can be sold for a housing project.

The ruling puts the future of the Grand National — toughest steeplechase in the world — in jeopardy.

If the course owner, Mrs. Mirabel Topham, goes ahead with her plan to sell the course it could be the end of the race which was first run in 1837.

It will be difficult for organizers to find an alternative track for the National.

The race over four miles, 856 yards and 30 tough obstacles always has been run at Aintree, and fans find it difficult to imagine it being run elsewhere.

The 1966 Grand National was run last Saturday and won by Anglo.

The shock news that Mrs. Topham proposed selling the race course for one million pounds ($2,800,000) came in July 1964.

Lord Sefton, who sold the course to Mrs. Topham in 1949, immediately stepped in and said that the sale of the Aintree course for a housing development would be in breach of the sale agreement.

This held that during his lifetime the land should be used only for horse racing or partly for agricultural purposes.

Sefton took the case to the British high court which upheld him. Mrs. Topham's company, Tophams Limited, appealed to the House of Lords, place of final judicial appeal.

The law Lords allowed her appeal by a 3-2 majority. Lord Sefton was ordered to pay Tophams' costs estimated at 30,000 pounds ($84,000.)

Hundreds of thousands of pounds in Irish sweepstakes money normally was carried on the race until this year when uncertainty shifted the sweeps to the Lincolnshire Handicap.

Big Home Backing

LEXINGTON, Ky. (AP) — The University of Kentucky basketball team reported home attendance of 155,340 for 13 games during the 1966 season, an average of 11,949.

Four Redwood Pitchers Combine For A Shutout

Redwood High School's baseballers served notice yesterday that they're ready for the start of Marin Athletic League action.

The Giants blanked Harry Ells High 7-0 in Richmond, with four Redwood pitchers getting into the act, allowing only two hits between them to combine for a neat shutout.

Starter Mike Terry was credited with the win, but Bill Poole had quite an afternoon during his two inning stint. He threw exactly 21 pitches, 18 of them strikes, as he whiffed all six batters who faced him.

When Terry got his chance to bat in the top of the fifth he was thinking of hitting, not pitching. He slugged the ball over the 350-foot marker in right field for a home run.

Len Pieri had two singles in four at bats for Redwood, and he stole three bases. Between them, pitchers Terry, Poole, Barry Stockwell and Jim Garrett struck out 11 batters.

Drake Baseballers Nip Montgomery

Drake High School's Pirates nipped Montgomery High 2-1 in nine innings yesterday in a tight game played in Santa Rosa.

With the score tied at 1-1 in the top half of the ninth, Bill Ingram reached first base on a single, went to second on a single by John Paletta and then to third when Don Alvarado drew a walk. He scored the winning run when Montgomery pitcher Bob Welch unloaded a wild pitch. It was fortunate for Drake, because Barry Wagner, the batter at the time, struck out to end the inning.

It was some fine pitching for Drake that kept it going. Bob Tobin went the first four innings and Ralph Asay the final five, earning the win. Paletta and Don Humphreys each had two hits for Drake.

Marin 'Cats Lose Toughie To Analy

Marin Catholic's baseball team was edged by Analy in eight innings yesterday, 5-4, on the Marin Catholic diamond in Kentfield.

The Wildcats erased a 3-0 Analy lead with 4 runs in the fourth, but Analy tied it with a run in the fifth and went on to win.

Pitcher Bob Nelson, who fanned 7 and walked three, worked 7 strong innings for the 'Cats, but Marin Coach Gary Hughes noted with mild lament that Nelson "was betrayed by poor fielding".

Rick Denning, Bob Lombardi and George Foster all had 2 hits for the 'Cats. One of Lombardi's hits went for two bases.

Near No-Hitter As Novato Tops Hogan

Novato High's baseballers blanked Hogan, 5-0, yesterday behind John Dolinsek's two-hitter on Hogan's diamond in Vallejo.

Dolinsek had a no-hitter going for six innings and left 5 men stranded on base over the seven inning game.

Meanwhile, Hornet batters mounted a 9 hit attack and pulled off three double-plays against the Hogan squad with Dolinsek smacking four singles in four trips to the plate. Tom Corder, Ev Fritz and Tom Thomas all went 2 for 4 for the Hornets with Thomas' figures including a double.

The Hornets are now hitting .346 as a team and own a 7-1 practice record. Their lone defeat came at the hands of Hogan, a very fine team, earlier in the season.

Novato takes on Analy in another non-league game next Friday on the Hornets field, 4 p.m.

Terra Linda Tips Vallejo By 1-0

Terra Linda High's baseballers clipped Vallejo, 1-0, yesterday in non-league action at Albert Field in San Rafael.

Winning pitcher Mike Ainslie doubled in the third and came around to score two batters later on an overthrow at first base. Dave Edson, with a triple, provided the game's only other extra base hit.

Ainslie recorded 4 strikeouts and walked one and had his best pitch—the fast ball—working for him yesterday.

The Trojans now have a 5-3 won-loss record and play their first Marin Athletic League game of the season next Friday against Tamalpais, at Albert Field, 4 p.m.

Tam Nine Drops 1-0 Tilt To Napa

Tamalpais High School's baseballers lost a pitching duel yesterday to Napa on the winners field, 1-0.

Napa scored its winning run in the bottom of the seventh inning. Napa's pitchers staff gave up only three hits, and four Tam hurlers allowed only 4.

Mike Batz got a double, and Mike Einstein and Mike Fowler each hit singles to account for Tam's three hits. The Indians open the Marin Athletic League slate Friday against Terra Linda.

ROUNDUP OF PREP SPORTS

Tamalpais Netters Whip Napa, 6-2

Tamalpais High School's tennis squad thumped Napa High 6-2 yesterday in Napa.

Singles winners for Tam were Barry Brink, 6-3, 6-4; Ray Harper, 6-2, 6-2; Bill Clark, 4-6, 6-4, 6-4, and Davie Griffeath, 6-3, 6-4. Doubles winners for the Indians were Brian Kerss-Bruce Christianson, 6-1, 3-6, 6-4, and Bob Mayer-Howie Ortman, 6-2, 4-6, 6-3.

San Rafael Drops Close Tennis Match

San Rafael High School's tennis team yesterday lost a tough practice match to Lick Wilmerding on the San Rafael courts, 3-2.

The match was finally decided in the third set of singles—which lasted three hours—with Lick's Doug Whitner prevailing over Tony Logo, 11-9, 3-6, 9-7.

Dan Matin-Rich Miller, 9-7, 6-2, and Jim Chapman-Jim Newi, 6-3, 6-0, won in doubles competition for the Bulldogs.

Tam Golfers Nip Novato Prepsters

Tamalpais High's golf team edged Novato's linkers in a practice meet at the Mill Valley golf course yesterday, 3½-2½.

Hornets Ray Leach and Dean Edwards tied for medalist honors, each shooting an even-par 33.

Results: Ray Leach (N) b. Brian Telford (T), 2 and 1; Dutch Stuurmans (T) b. Jim Kidder (N), 4 and 3; Nick Blonder (T) b. Randy Hutchinson (N), 2-up; Dean Edwards (N) b. Gray Ruttledge (T), 3 and 2; Fred Yates (T) b. Mike Shultz (N), 2 and 1; Bob Paterson (T) tied Glenn Townsend (N).

Terra Linda Beats San Rafael Golfers

Terra Linda High School's golf team downed San Rafael in practice action at the Marin Country Club, 4½-1½, yesterday.

Bryent Mitchell won medalist honrs with an even-par 36.

Results: Rick Timmer (TL) b. Doug Francisco (SR); Don Hawkin (SR) b. Terry Duree (TL); Bryent Mitchell (TL) b. Craig Pagelow (SR); John Duree (TL) b. Cris Cardinal (SR); Jim Jaccard (TL) b. Mike Wisniewski (SR); Tom McDaniel (TL) tied John Wisniewski (SR).

Terra Linda now has a 4-0-1 practice record.

Redwood Golfers Drub Santa Rosa

Redwood's golf team whipped Santa Rosa High School 14½ to ½ yesterday on the Oakmont course in Santa Rosa.

Tim McMurray, a freshman, was Redwood High School's medalist with a one-over-par 73. Other Redwood winners were Buzz Beattie, Mike Kelly, Don Anderson and Dave Cardy.

Drake Cager Is 'Alternate'

Will Curley, Drake High School's captain-guard, has been named as an alternate for the Northern California East-West High School All-Star basketball game.

The game will be held June 25 at Foothill College, 8 p.m., and is being sponsored by the Sunnyvale Exchange Club.

Curley, 5-11, who averaged 13.3 points in helping the Pirates win the Marin Athletic League championship this year and the consolation prize at the Berkeley Tournament of Champions, is one of two alternates for the East roster. If any of the 10 East players are not able to play, Curley would have a chance to be added to the regular roster.

Marin Netters Dump Yuba 6-1

College of Marin's tennis team whipped Yuba College 6-1 yesterday in Kentfield to remain undefeated in Golden Valley Conference action. Greg Parkerson, number one singles man for Marin, remained undefeated.

Singles winners for Marin were Greg Parkerson, 6-0, 4-6, 6-4; Jeff Herr, 6-0, 6-1; Ron Theisen, 6-0, 6-3; Bill Theircof, 7-5, 6-4. Doubles winners were Parkerson-Herr, 6-3, 6-3; Theisen-Theircof, 6-3, 6-2.

Golf Winners

Mesdames Kenneth Lax, Robert Moran, Claude Cornu, Louis Nave, Vern La Counte and Robert Joses were winners yesterday at a Niners tournament at Marin Golf and Country Club.

Clay Punches Chuvalo For 15 Rounds

his left hand. In the 11th, when he apparently made his final all-out effort to make good on his ambition to floor Chuvalo, he scored with more than 200 blows.

Chuvalo absorbed them all and kept coming. It looked like he was being paid piece work for the number of shots he could take.

The Gardens said the gross gate was $165,000 and the net $150,000. The ancillary rights, including closed-circuit television, radio broadcats and television tape shows may bring in another $200,000 into the promotion.

It appears to be a financial flop for Main Bout, Inc., which had the ancillary rights.

Thus Clay, on his 50 per cent probably will gross $175,000 and net about $50,000 — after paying his backers and his taxes — for a bout that was called a mismatch by most experts and by various boxing organizations.

Chuvalo, on his 20 per cent, may be in for a $70,000 purse, about $45,000 more than he's ever earned for a fight before.

"I thought it was close," said Chuvalo. "I took the fight on short notice. If I get another chance at him I'll knock him out. He's fast and sharp but he's not a good puncher. Sure, I hit him low a few times but it couldn't be helped. He wore his protective equipment high and he kept turning."

"He hit me low but I'm not complaining," said Clay, who came out of his dressing room wearing a tuxedo. "I was always moving."

HIS STYLE

"That's Chuvalo's style," said referee Silvers. "If I broke them up when Chuvalo was hitting him against the ropes, the fans would have booed us out of the place. Chuvalo hit low some times but Clay was turning his back on him."

Clay, weighing the heaviest of his career at 214½ pounds, now has 23-0 record, including 18 knockouts. Chuvalo's record is 34-12-2. He weighed a hefty 216, about seven more than he's scaled for most of his recent fights. In his last fight before Clay, he weighed 206 when he was outpointed in 10 rounds by Argentine Eduardo Corletti in London.

Bookies Pick Giants To Win National League

RENO (AP)—Oddsmakers are quoting the San Francisco Giants as the 5-2 favorite in the National League baseball pennant race.

"We've dropped Los Angeles down to second place" at 3-1, a Reno bookie said yesterday. "But we still believe that Koufax and Drysdale may sign."

The world champion Dodgers were 5-2 favorites to repeat as National League pennant winners. But the betting price fluctuated because ace pitchers Sandy Koufax and Don Drysdale remain holdouts.

Minnesota and Baltimore are 3-1 cofavorites in the American League.

The season opens April 11.

Odds in the National League: San Francisco 5-2, Los Angeles 3-1, Cincinnati 3-1, Atlanta 5-1, Philadelphia 10-1, Pittsburgh 10-1, St. Louis 20-1, Chicago 40-1, and Houston and New York 100-1.

American League: Minnesota 3-1, Baltimore 3-1, Chicago 7-2, New York 4-1, Detroit 6-1, Cleveland 6-1, California 30-1, and Boston, Washington and Kansas City each 100-1.

Fights Last Night

TORONTO — Cassius Clay, 214½, Louisville, Ky., outpointed George Chuvalo, 216, Toronto, 15. Clay retained his share of world heavyweight title.

MARIN TRACK AND FIELD

Tam, Terra Linda, Drake Triumph

Tamalpais, Terra Linda and Drake high schools won their Marin Athletic League track and field meets yesterday, leaving Drake and Terra Linda varsity teams the only undefeated squads after the first week of action.

Terra Linda Cindermen Top Giants

Terra Linda High School's varsity and Class B track teams whipped Redwood High yesterday on the T.L. oval, and the "C" teams battled to a tie.

Terra Linda 2-miler Bob Bunnell knocked more than 17 seconds from his best time when he won in 10 minutes even, and teammate Lowell Harris won both hurdles, the 120 highs in 15.8 and the 180 lows in 20.3. Both Bunnel and Harris are sophomores.

DARBY AUERBACH, 13, ONE OF MARIN'S TOP TENNIS STARS

Four years ago Darby Auerach started playing tennis by anging a ball against a garage oor, and today she is one of ie top junior tennis stars in arin County.

Darby, 13, is in her second ear of competition in the 14 and nder age group, winning a anking of No. 6 in Northern alifornia her first year of that ge division.

She was nine when her father, harles E. Auerbach, an executive with Standard Oil Co.'s ichmond office, put a tennis acket in her hands and told her hit the ball against their arage door at the family home, Lagoon Road, Belvedere.

TENNIS DIRECTOR

Charles Auerbach, quite a tenis player himself, is on the oard of directors for the Northrn California Tennis Assn., and the organizer of the Belvedere ennis Tournament, one of the rgest tourneys in the state, nd the recently concluded Calirnia Family Doubles Tournaent held at the Belvedere Club.

At 11, Darby started taking ssons from Paul Wilkins, the ro at the Belvedere Tennis lub, and also began playing ournament tennis, in the Girls and under division. She romptly made it all the way the finals of the state tournaent in San Jose and later won ie San Rafael Tournament.

Competing in the 14 and uner division last year, Darby on the San Francisco City ournament by beating highly-regarded Candy Douglas of Santa Rosa in the finals. But in the San Rafael Tournament later in the year, Candy avenged the loss by beating Darby.

This year the petite Darby, who stands five feet and barely reaches 100 pounds, will be competing in 15 or 16 tournaments trying to up her Northern California rankings. Next in line is the Orinda Junior Tournament, April 2 through 7.

It seems Darby will always be playing against older youngsters in age-group tennis. "I've got a bad birthday," says Darby in explaining the reason. Her birthday is Dec. 27, five days before the Jan. 1 cutoff date for age group classification. Since she'll be 14 in 1966 (at least for five days of 1966), this is her last year of competition in the 14 and under group.

Darby, a seventh grader at Del Mar School in Tiburon, is playing a lot better this year, says Belvedere pro Wilkins. "She's stronger and she's improved quite a bit through this past winter," he added.

INBORN ABILITY

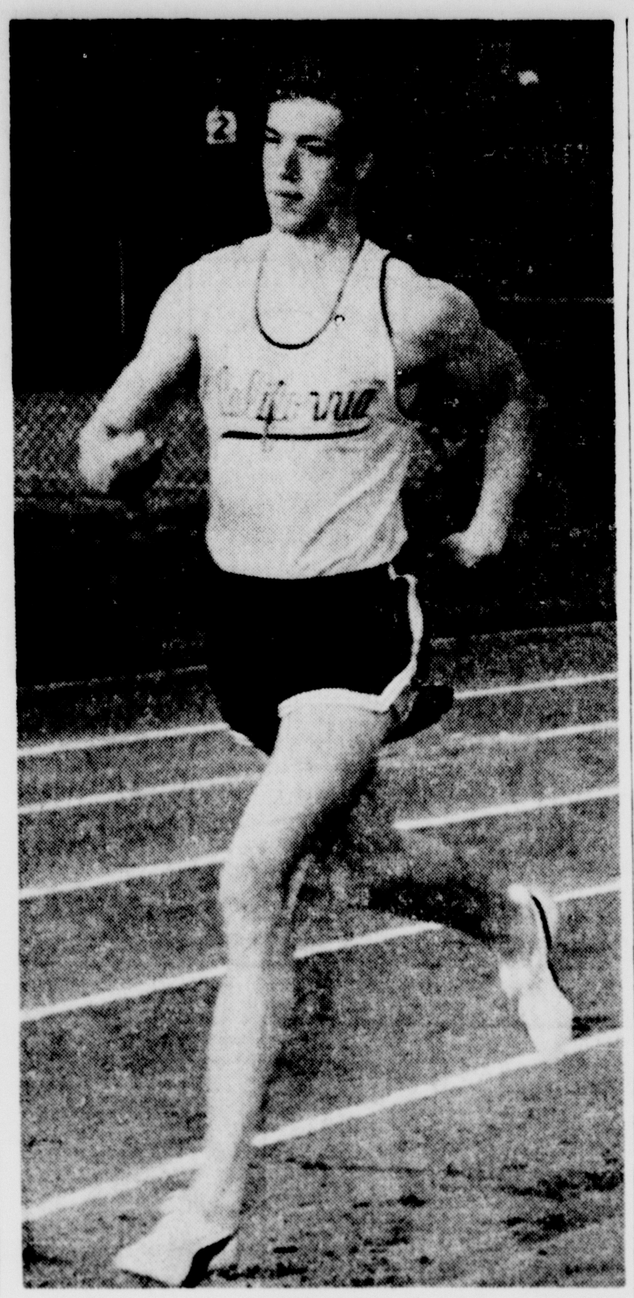

"She's got an inborn ability to see the ball sooner than most other players, and that's a really strong point. In addition she's a natural competitor," said Wilkins.

He also points out that she won the sportsmanship award for the Belvedere club last year because of her "extremely good temperment."

Last year Darby won only her first match in the state tourney 14 and under division, and then lost in the quarter-finals. Back for her second try this year, she'll be out to win all the marbles.

SIXTH RANKED — Darby Auerbach of Belvedere is sixth ranked in Northern California tennis for girls 14 and under age division. (Independent-Journal photo)

SAD ANNIVERSARY

Ara Begins Third Year With Irish

SOUTH BEND, Ind. (AP) — Preparations for Coach Ara Parseghian's third Notre Dame football season begin tomorrow on the 35th anniversary of the death in a plane crash of Irish coaching immportal Knute Rockne.

The Irish squad, including 22 returning letterman, will suit up for picture taking Thursday before starting spring practice Friday.

Parseghian, who has a two-season Notre Dame record of 16-3-1, earlier this month was given a new six-year contract.

It was the second time in two years that Parseghian's Irish contract was extended, and Athletic Director Moose Krause commented at the time:

"We realize Ara's services have been avidly sought by professional teams."

Reportedly, Parseghian had feelers over the winter from the Washington Redskins, Pittsburgh Steelers and Atlanta Falcons of the National Football League and the Miami Dolphins of the American League.

Former coach for eight seasons at Northwestern of the Big Ten, Parseghian made a 1964 Irish debut with a sparkling 9-1 record, losing the finale at Southern California.

Last season, the Irish — lacking a formidable passing attack — fashioned a 7-2-1 record.

Among 20 letter winners lost from last season are the entire defensive secondary of Nick Rassas, Tony Carey and Tom Longo, plus quarterback Bill Zloch, who was strictly a runner.

Top quarterback candidates are junior Tom Schoen and freshman Terry Hanratty, Coley O'Brien, Bob Belden and Mike Franger.

The legendary Rockne died March 31, 1931, when a small passenger plane plummeted into a muddy wheatfield near Emporia, Kan.

Under Rockne's leadership, the Irish lost only 12 games in 13 seasons and were undefeated in five seasons.

The Rockne era, from 1918 through 1930, produced classic, precisioned teams, best typified by the Four Horsemen squad, which rolled up an amazing career record of 105-12-5.

McLean Had Premonition Of Death

VANCOUVER, B.C. (UPI) — Mrs. Bob McLean, widow of the Canadian driver killed in a fiery crash last Saturday in the Sebring, Fla., endurance race, believes her husband had a premonition of his death.

"I'm sure that within himself, although he may not have been conscious of it, he knew what was going to happen and planned ahead," she said Monday.

"Last week he made a will. He had never insisted on this before," said Mrs. McLean. "He left me money, and told me to buy the children clothing for a year."

She added, "He called me from the track every day, even though he had been told not to because of the cost. He had never called like that before."

McLean, who will be buried tomorrow, was not especially superstitious, but he never wanted to have his car painted green. His car at Sebring was a Ford GT-40, painted white and green.

Mrs. Jonas Wins At Indian Valley

Mrs. William Jonas defeated Mrs. Rowe Waller, 4 and 3, to win the Indian Valley Golf Club spring handicap golf tournament yesterday.

Mrs. Frank Flaherty defeated Mrs. Harold Burnell 2 up to win the consolation title. Medal winner was Mrs. William May with a 79-12—67.

Three Marin Men Win At Drag Strip

Three Marin County men were among the winners last Sunday at the Fremont Drag Strip.

Jules DeBeaubien of Corte Madera drove his Pontiac 103.99 miles per hour in 13.15 seconds to win in Formula 2; Neil Anderson of San Rafael drove his Corvette 105.40 miles per hour in 13.40 seconds to win in Stock Production Sports class, and Hector Davalos of San Anselmo drove his Porsche 74.44 m.p.h. in 17.82 seconds to win in Foreign-Sports class.

Action Gets Started In Greensboro Open

GREENSBORO, N.C. (AP) — Today's pro-am preliminary to the $100,000 Greater Greensboro Open Golf Tournament featured such top pros as Sam Snead, Doug Sanders and Arnold Palmer.

Prize money for the pro-am totaled $5,000 while the 150 amateurs competed for $2,500 in merchandise.

The professionals teamed with the amateurs at Sedgefield County Club, site of the 29th GGO starting tomorrow.

Snead is defending champion and will be shooting for his ninth Greensboro title in this year's tournament.

Palmer, who skipped the Jacksonville Open won by Sanders, will be getting his game in shape for the Augusta Masters beginning a week from tomorrow.

Among other top entries in the GGO who planned to play in the pro-am were Phil Rodgers, Bobby Nichols, Tony Lema, Dave Marr, Randy Glover, Mike Souchak, Julius Boros and Ray Floyd.

Larry Bianco, Steve Oppermann, Ken Towns, Paul Bondeson, Sonny Rhodes, Jay Sigel, Bob Galloway and Bill Kittleman won the final eight spots available to qualifiers by eliminating seven other golfesr in a playoff round that lasted four holes.

Car, Boat Show In San Anselmo

The Marin Car and Boat Show, sponsored by the Drake Scholarship Foundation and the Quick Changers of Marin, will be held on the Drake High School athletic field in San Anselmo Sunday, May 22.

Entries from all of Northern California are being accepted, said Mike Convis, president of the Drake Scholarship Foundation. Convis said he hoped the show would turn into an annual affair, with proceeds to assist worthy students in continuing their education.

The show is scheduled to start at 11 a.m. and run until 6 p.m. Deadline for application is May 8. No entry fee is required, said Convis.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Easterner Provokes Thought With Insight On Whole Hand

The right way to play a suit doesn't depend merely on what you hold in that suit.

You must also consider the hand as a whole.

Opening lead — ♠ 4

Today's hand, illustrating the point, is used by Mrs. Evelyn Levitt, well-known Wilmington, Del., expert, in her lectures at the Dupont Country Club.

The principle is worth knowing even if you're nowhere near Wilmington.

UP TO SOUTH

East takes the ace of spades and returns a club. Now South must decide how to play the trumps.

It would be correct to lead the ace of trumps first if you separated the hearts from the rest of the hand.

In this case, it would cost you the contract.

Still, it would be necessary to play the trumps optimistically if you were going to lose a diamond trick.

KEY QUESTION

This is where Mrs. Levitt asks the key question: "Why not test the diamonds first?"

Actually, the diamond finesse works.

As a result, you can afford to lose two trump tricks. Therefore you get to your hand with a spade and lead a low trump.

West steps up with the queen of hearts and returns a spade. You ruff in your hand, lead a diamond to dummy's ace and return the ten of hearts.

West can take the king of hearts, but any return puts you in your hand, where you can safely lead out the ace and jack of trumps.

The safety play of leading the low trump first would work just as well if East had all four trumps.

The important point is to find out first how many trump tricks you can afford to lose.

DAILY QUESTION

Partner opens with one club, and the next player passes.

You hold:

♠ J 9
♥ 10 6
♦ A Q J 7
♣ J 6 4 3 2

What do you say?

ANSWER: Bid one diamond. You plan to show your clubs later, thus giving a better description of your hand than if you raised the clubs at once without saying anything about the diamonds.

Ice Melting Early, Seaway Date Moved

DETROIT (AP) — The absence of heavy ice formations in the St. Lawrence Seaway has enabled the Seaway Administration to move up the opening date of the shipping channel to April 4.

It would be the earliest opening date in the eight-year history of the Seaway. The original opening date was April 15.

ALMANAC

Today is Wednesday, March 30, the 89th day of 1966 with 276 to follow.

The moon is between its first quarter and full phase; the morning star is Venus; the evening star is Jupiter.

Dutch painter Vincent Van Gogh was born on this day in 1853.

On this day in history:

In 1867, the United States agreed to purchase Alaska from Russia for $7,200,000.

In 1870, the 15th Amendment to the Constitution was adopted. It said: "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race, color, or previous condition of servitude."

Also in 1870, Texas was readmitted to the Union.

In 1945, Russian troops invaded Austria, forcing the retreat of Nazi soldiers on all fronts.

A Thought for the Day — President Abraham Lincoln said: "As I would not be a slave, so I would not be a master. This expresses my idea of democracy. Whatever differs from this, to the extent of the difference is no democracy."

Charity Deductions Need Some Watching

By PETER JAMES WIKEL, C.P.A.

Have you had some of your contribution deductions questioned? According to an announcement of June 30, 1965, the Revenue Service is concerned that sponsors of fund raising events for charity might, because of a lack of understanding of the law, be misleading taxpayers as to the extent that their payments as patrons of such affairs are deductible as charitable contributions for Federal income tax purposes.

P. J. Wikel

An increasing number of instances are being reported in which the public has been erroneously advised in advertisements or other solicitations of sponsors that the entire amount paid for tickets or other privileges in connection with affairs such as charity balls, theater performances, athletic contests, lotteries and similar fund-raising events conducted for charity are deductible.

The Revenue Service emphasized that to be deductible as a charitable contribution, a payment to or for the use of a qualified charitable organization must clearly be a gift, and that donative intent and absence of consideration are essential requisites of a gift. The receipt of consideration in the form of tickets of admission or other privileges in connection with payment of the kind here in question, raises a presumption that the payment is not a gift.

The Revenue Service suggests that charitable organizations can assist taxpayers in establishing their deductions. To do this, the amount properly attributable to the purchase of admission or other privileges and the amount being solicited as a gift should be determined and announced in advance of solicitation. The respective amounts should be clearly indicated on the ticket or other evidence of payment.

The Revenue Service emphasized, also, that the mere fact that the tickets or other privileges are not used does not entitle the patron to any greater charitable contribution deduction. The test of deductibility is not whether the right to admission is exercised, but whether the right was available. If a patron desires to support an affair, but he does not intend to use the tickets or exercise the other privileges being offered with the event, the patron can make an outright gift of the amount he wishes to contribute, and not accept any of the privileges related to the event connected with the solicitation.

Plumber's License

SACRAMENTO (CNS) — Unless written protest is filed, the contractors state license board announced today it will issue a license April 18 to George E. Oliver, 5 Sorrento Way, San Rafael, for plumbing.

The sea supplies only three minerals in large quantities—common salt, magnesium and bromine.

Early Losses Trimmed Near Close Of Trading

NEW YORK (AP) — The stock market remained lower in slack trading late this afternoon but it cut some of its worst early losses.

Here was the picture near the close:

Volume for the day was estimated at 8 million shares compared with 8.3 million yesterday.

Prices were battered at the start in reaction to President Johnson's statement about the possibility of a tax increase. Many of the glamor stocks in electronics, airlines, aerospace and office equipments were clipped back.

Although many recovered, there were still some sharp declined. Boeing was off 5, Xerox 3, IBM 6, Zenith 2, Northwest Airlines and Litton Industries more than a point.

point loss to a fraction. Among point loss to a fraction. Amont other market wheelhorse, Anaconda, International Nickel, Lorillard and Radio Corp. were about a point lower.

United Aircraft was off nearly 2, Schering about 2½.

Resiliency was shown by many others. Motorola was up nearly 3. Up more than 2 were Fairchild Camera, Commercial Solvents, National Airlines, Texas Instruments and U.S. Smelting.

Ahead a point or so were Texas Gulf Sulphur, Admiral and Polaroid.

Gains of about a point were shown by Sperry Rand —which was leading the list on volume —Merck and Phelps Dodge.

Union Carbide dipped ¼ to 61½ on a block of 53,600 shares. Servomation was off ¼ at 29 on 50,000 shares.

International Flavors and Fragrances was off 3 at 47½ on a block of 71,900 shares.

Prices recovered from an early slide on the American Stock Exchange and showed a mixed pattern.

Corporate and U.S. Treasury bonds rose.

New Plant Will Make Fungicide

SAN FRANCISCO (AP) — Ortho Division of the Chevron Chemical Co., a subsidiary of Standard Oil of California, says it will build a multi-million dollar plant in Richmond.

The plant will produce a new fungicide, called Difolatan, for the control of plant diseases on vegetables and fruits.

The facility should be completed by the summer of 1967, a company spokesman said.

Indebtedness Linked To Inflation

By THOMAS S. STIMMEL
Advance News Service

WASHINGTON — If America really is concerned about inflation, maybe what it needs is pressure on consumers to limit their spending, especially their credit buying.

This suggestion comes from Rep. Al Ullman, D-Ore., a member of the tax-writing House Ways and Means Committee, who does not believe inflation is a serious threat to the nation's economy in the immediate future.

He says excessive consumer indebtedness is the threat, instead.

As for classic inflation, Ullman said it certainly bears watching, "but the indicators do not yet point to any clear threat."

"Inflation is too many dollars chasing too few goods," Ullman said, "and we don't have that. There is no shortage of goods."

Ullman says we have "administered inflation," which he defines as "people trying to get a fast buck while they can."

The veteran congressman says if administered inflation continues, steps should be taken to control it, and the first of these, he suggests, is a curb on consumer credit.

"It's not popular," Ullman concedes, "but the average consumer is overextending himself. If the credit rate continues to go up, we'll have to curb it."

But better than government control over consumer credit is consumer control over himself, Ullman says.

Ullman says increased interest rates are not the answer because they raise the price of money and curb spending in the wrong places.

Interest Rate Increased By Another Bank

Payment of the legal limit of 5 and one-half per cent interest on time certificates of deposit has been announced by Redwood National Bank.

Byron W. Leydecker, president, said the rate will apply to certificates of $10,000 to $20,000 maturing in 12 to 18 months. On certificates issued for $2,000 to $10,000 maturing in six months, 5 and one-quarter per cent will be paid, he said.

The legal maximum interest rate was first reached in Marin last December by Tiburon National Bank.

Within the last week three savings and loan companies have announced increases to 5 per cent on prepaid savings certificates of $2,500 or more maturing in six month: San Rafael Federal Savings and Loan Assn., American Savings and Loan Assn. and Security Savings and Loan Assn.

Last December, Ross Valley Savings and Loan offered two types of prepaid investment certificates yielding in excess of 5 per cent on an interest accrual basis.

OTHER PEOPLE'S BUSINESS

Motorsports New Showrooms Set; Two Law Firms Sign Up For Space

New showrooms for **Marin Motorsports, Inc.** at 1560 Fourth Street, San Rafael give this firm about twice the space it previously had a few doors east at 1542. The new location was formerly occupied by Hobby Track Raceways, which has sold its equipment and gone out of business.

Greenblat

Marin Motorsports was bought out last October from Peter Adams by **Merle (Sandy) and Marilyn Greenblat** who have lived in San Rafael about a year. Greenblat was previously in the business of importing sporting goods in San Francisco for 15 years, and in 1964 was designated "sporting goods importer of the year." Both are active in their new enterprise.

The Greenblats' entry into selling motorcycles seems to be appropriately timed to the tremendous growth in this field in the United States over the last few years. In Marin County alone, motorcycle and motor scooter registrations have increased from something like 600 five years ago to more than 2,000 at the end of 1965. This was a jump of 233 per cent — higest percentage increase in all vehicle registrations.

While Harley-Davidson cycles are still made and sold, generally the field has been preempted by Japan, England and Italy. Marin Motorsports itself carries representative models from all three — Honda, Triumph and Ducati. Two other foreign makes are also sold in the county — Yamaha and Suzuki, along with several models of motor scooters.

Sales, it appears, are not confined to young people alone. Some adults buy cycles in place of second cars and find two-wheeling to work is exhilarating as well as economical.

TWO TENANTS have already signed leases for all available rental space in **Bank of Marin's** new headquarters under construction at Fifth Avenue and B Street, San Rafael — so when the building is completed this summer there will be no vacancies.

Both tenants are legal firms. **Nelson, Boyd, Menary and MacDonald** has rented 2,300 square feet on the second floor at the front of the building. The firm is now located at 1010 B Street.

Myers, Praetzel and Pierce, now at 404 San Anselmo Avenue, San Anselmo will also occupy 2,300 square feet on the second floor, but at the southwest corner.

Bank of Marin offices will take up the entire ground floor, part of the second floor and the penthouse on the third level.

RICHARD AND MOLLIE MARCUS of the **Polynesian House** in Strawberry Town and Country Village and at the Black Market in San Anselmo, are back from a three-week buying trip in Hawaii. New styles in leisure wear for men, women and children, along with gift merchandise and household items will go on sale during April.

REAL ESTATE. David Fauvre of Mill Valley has joined **Dohemann Realty**, San Rafael, following the example of his brother **Charles**, who did the same thing several weeks ago. Both were formerly with International Business Machines Corp. . . . **Mrs. Betty Kavanagh**, formerly of Top Properties, is now with the recently opened office of **J. Christensen Realtors** at 834 Fifth Avenue, San Rafael. Before going into real estate she was with Kimball Manufacturing Co. . . . **Home and Land Co.** in Strawberry has become Marin representative for Realty Prospect Exchange, a referral service for families moving to other parts of the country.

California Firms Plan To Merge

HAWTHORNE—Agreement in principal has been reached for Teledyne, Inc., Hawthorne, to acquire Kinetics Corp. of San Diego, according to presidents of the two companies, Henry E. Singleton of Teledyne and K. C. Stone of Kinetics.

Kinetics primary products are motor driven switches for electrical switching in airborne, space and industrial applications. The company also develops and produces other products including equipment for undersea communications.

Teledyne offers technologically based products and services to the aviation, industrial control, earth and ocean sciences markets.

Teledyne has five Bay Area facilities — Berkeley, Oakland, Palo Alto, San Jose/Hollister and Mountain View.

THE I-J WHICHA WAY?

San Rafael's first revolving door was too great a temptation for little Darryl Eanglebright of San Rafael, who saw it on a visit to the Independent-Journal's new classified advertising office at Fifth and B streets. Easily caught up in something new, Darryl went around and around as no one explained you're supposed to step out the other side. Suddenly it turned into a wonderful new carrousel until he was rescued by his grandfather, Peter Kacharos.

Three Marijuana Suspects Appear In Marin Courts

Jury trials were scheduled in Marin Superior Court yesterday for a Fairfax man and a woman from San Rafael charged with possession of marijauna.

Bernard Guzo Gonzales, 32, of 107 Live Oak Avenue, Fairfax, was scheduled to appear for jury trial July 5. He was arrested by Fairfax police Feb. 15.

Fern Chrisine Liggatt, 18, of 1533A Fourth Street, San Rafael, was scheduled for jury trial July 18. She allegedly had a small quantity of the weed at home when arrested by San Rafael police and state narcotics agents Feb. 19.

An 18-year-old Novato youth, John Rundle of 1363 Cambridge Street, was arraigned in Marin Municipal Court on a charge of selling marijuana.

He was one of 10 young people arrested by Novato police in weekend raids arising from possession and sale of the drug by Novato High School students. His plea entry was scheduled for April 12 and he was released on $550 bail.

Rundle was the only one of those arrested who had passed his 18th birthday. The others were turned over to juvenile authorities.

Shrubs Torn

FLIES LIKE A KITE

Soldier Lives To Tell Of Tangled 'Chute

FT. CAMPBELL, Ky. (AP) — After flying like a kite behind an airplane traveling 135 miles an hour, a young paratrooper freed himself and landed safely.

"It was like getting a second chance," said Pfc. Michael A. McDonald, 17, of Missoula, Mont.

McDonald, a member of the 101st Airborne Division here, landed in a pine tree after freeing himself from tangled parachute lines during a training exercise over North Carolina Tuesday.

The static line connecting the soldier's parachute to a C-119 transport failed to disconnect during the practice assault, the Army said, and McDonald flew behind the plane for nearly seven minutes.

One of 224 Ft. Campbell troopers taking part in the exercise, he had leaped from the aircraft at 1,500 feet.

Crewmen on the plane were unable to haul McDonald aboard because his arms had become entangled in lines connecting his shoulder harness with the parachute canopy.

After clearing his arms, he signaled the crewmen he was conscious, the Army said, and the static line snapped, enabling him to fall free of the plane.

His reserve parachute opened at 300 feet, McDonald said.

Quorum Lack Stalls Mill Valley Meeting

But three out of seven commissioners attended the Mill Valley parks and recreation commission meeting Monday night, with result that a two-hour discussion ensued but no action was taken.

Eldon Beck, landscape architect, showed slides and a diagram relating to proposed improvements for Boyle Park, and the commission discussed proposed improvements to the Optimist Club baseball field, Julie Butler, commission secretary reported.

Famed Draft Dodger's Estate Listed

RICHMOND, Va. (AP)—Grover Cleveland Bergdoll, World War I's most notorious draft dodger, has left an estate valued at $283,000, according to documents filed Monday in Chancery Court.

A son, Alfred Bergdoll of Dutton, Va., and David M. White Jr., of Richmond were named executors of the estate.

Bergdoll died Jan. 27 at Westbrook Psychiatric Hospital here at age 72.

Bergdoll first hit the headlines in 1917 when he disappeared the day before he was due to report for military duty. He eluded federal agents for two-and-one-half years before he was captured and sentenced to five years in prison.

Within two months he escaped and fled to Germany where he stayed until 1939 when he returned to the United States. A court-martial sentenced him to seven years in prison. He was released on good behavior after serving five of them.

Mother Given Divorce From 'Dead' Spouse

SAN DIEGO (UPI) — Mrs. Naomi J. Klatt, a mother of four, was granted a divorce Monday after she disclosed that her husband, who was believed to have drowned three years ago, is alive and working as manager of a hunting lodge at Marble, Colo.

Klatt, 40, a real estate broker and contractor, disappeared May 19, 1963, while swimming at a beach at La Jolla. His car was found nearby but a search by the Coast Guard and lifeguards failed to reveal any trace of the body.

Robert Kronemyer, attorney for Mrs. Klatt, told the court she had her husband declared legally dead several months later on the presumption he had drowned. An insurance company investigation revealed two years later that he was alive and working as manager of the Beaver Lake Hunting Lodge in Colorado under the name of John Ruppert.

Superior Court Judge Verne Warner granted the divorce, awarded Mrs. Klatt custody of the four children and ordered Klatt to pay $250 a month for their support.

Klatt did not attend the hearing but was represented by an attorney.

Coins Stolen

Frederick Griffith of 5 Hillcrest Avenue, San Anselmo, complained to police Monday that someone broke into his home through a bathroom window and stole eight Kennedy half dollars from his son's bedroom during the day.

New York Newspapers Pick Post-Merger Management

NEW YORK (UPI) —The new president of three merged New York City newspapers will be Matt Meyer, current president and business manager of the New York World-Telegram, it was announced yesterday.

The executives of the new corporation, named World Journal Tribune, Inc., and formed by the merger of the World-Telegram, New York Journal-American and the New York Herald Tribune, were announced by William Randolph Hearst, Jr. Jack R. Howard and John Hay Whitney, editorial committee of the new publishing firm.

James G. Bellows, present editor of the morning Herald Tribune, will continue in that post.

Frank Conniff, present national editor of Hearst newspapers and Hearst Headline Service, will be editor of the afternoon World Journal.

Herbert Kamm, present managing editor of the afternoon World-Telegram, will be editor of the Sunday World Journal and Tribune.

Meanwhile, representatives of the 10 newspaper craft unions met for three hours to discuss the proposed merger, currently in the hands of the Justice Department in Washington.

Following the conference, the unions said they would send a delegation to Washington today to confer with Justice Department officials on the proposed consolidation.

Thomas Laura, president of the Mailers Union, said leaders of six unions, himself included, would make up the delegation.

"We don't hope we can change anything now," Laura said. "But we do hope they just don't rush into it and say 'this is it'."

Overhead Crosswalk Asked Of Supervisors

Twenty-two Strawberry residents have petitioned the Marin County Board of Supervisors for installation of an overhead crosswalk over Tiburon Boulevard at Strawberry Drive.

The petitions point to the traffic death there March 21 of Robert Carl Scholz, 8, son of Mr. and Mrs. Carl Scholz of Strawberry. He was struck by a car while crossing the street.
